

FOR JENNY'S IN A BURNING CAR

Two Women Hurt When Auto Tries to Dash Between Approaching Streetcars.

BUS IS WRECKAGE MASS

Babe Escapes When Smashup Comes and Third Woman Leaves at Once to Avoid Any Penalty.

auto in time to throw in the reverse. It was said that to get to the point of collision the automobile must have been traveling at least twice as fast as either of the cars.

Third Woman Avoids Talk. A rumor heard in the crowd gathered about the scene of the accident was that the third woman, who escaped unhurt, had said that her name was Campbell, but that as it was "nothing but a jitney," she knew she couldn't be damaged and didn't desire publicity.

The rear half of the jitney was splintered between the two cars, the back seat being crumpled in the car wheels. The wheels of the auto were broken off. At the time of the accident there was a woman sitting on the front seat with the driver and two women and a man in the rear seat, said Pendergrass, although his memory was not clear on this point. The streetcars were badly damaged. None inside the cars were injured.

FILM CENSOR QUIT POST

MRS. H. L. VORSE NAMED TO SUCCEED MRS. M. R. TRUMBULL.

Resignation Cites Lack of Time to View Movies, but Friction in the Board is Blamed.

Declaring that she could not give her time on Sundays to view motion pictures, Mrs. Millie R. Trumbull yesterday sent her resignation to Mayor Albee as a member of the Motion Picture

Censorship Board. Mrs. Trumbull's resignation was accepted by the board yesterday. Mrs. Harry L. Vorse, who yesterday was appointed to succeed Mrs. M. R. Trumbull on the Motion Picture Censorship Board.

Censorship Board to take effect at once. Mayor Albee accepted the resignation and appointed Mrs. Harry L. Vorse, of 310 East Third street, to succeed Mrs. M. R. Trumbull. It is said that friction between Mrs. Trumbull and Mrs. E. B. Colwell, secretary of the board, had considerable to do with the resignation, although no mention is made of the matter by Mrs. Trumbull in her letter. Several months ago Mrs. Trumbull and Mrs. Colwell had some slight disagreements. Last Sunday the voluntary board members met to view a film and Mrs. Trumbull reported to Mrs. Colwell that she was unable to attend on account of having to attend to her household duties. Mrs. Colwell, it is said, suggested that perhaps Mrs. Trumbull should quit the board if she could not attend the meetings. This is said to have been the direct cause of the resignation.

Mrs. Colwell, it is said, suggested that perhaps Mrs. Trumbull should quit the board if she could not attend the meetings. This is said to have been the direct cause of the resignation.

Mrs. Vorse, the new appointee, is prominent in club affairs. For about three years she has been serving on the board. She is said to be a native of the city and was a member of the board when Mrs. Trumbull was first appointed.

BOISE OFFICIAL MISSING

Building Inspector Leaves Home Sunday and Fails to Return.

BOISE, Idaho, March 9.—(Special)—W. L. Hammond, City Building Inspector for the past four years, is missing and no one has been found who knows where he has gone. He was last seen on Saturday. He left his home Sunday morning about 8 o'clock. Informing his wife that he would be home to dinner. She has not heard from him since.

The fact that he took a suitcase to his office Saturday and that it was gone lends color to the report that he was left Boise. It is said that Mr. Hammond did not turn in his last month's collections, but the city owed him for work thus far this month and he was under bond to the city.

Chief of Police Robinson and the city detectives have been asked to try to locate the missing man.

Roseburg Film Censor Asks.

ROSEBURG, Or., March 9.—(Special)—Acting on a petition presented by the local Municipal Association, the council tonight decided to appoint a moving picture censor in this city. An ordinance authorizing the appointment of such an official was placed on its first and second reading here tonight and probably will be passed by the council next Monday. The members of the Municipal Association say that such an official was placed on the list of the pictures shown here have been detrimental to the welfare of the young people of the city.

Dallas Water Election in Doubt. DALLAS, Or., March 9.—(Special)—So much opposition to the purchase of the water works plant from H. V. Bates has developed in this city during the past week, that it is thought possible that the City Council will repeal the ordinance ordering a special election for May 10 to vote upon the matter, thus saving the city the expense of what now appears would be a useless election. Sentiment in Dallas seems to be overwhelmingly against the purchase of the plant.

Pfunder Case Postponed. Gus Pfunder, held on the charge of forging his father's name to a check on the Ladd & Tilton Bank and who was returned to Portland from San Francisco by Detective Hyde Monday, will have a preliminary hearing in Municipal Court today, his case being postponed yesterday to give the young man an opportunity to secure a lawyer.

Sanity of Offender Questioned. Pending an examination to establish his sanity Jesse Sharkey is being held in the Municipal Court on the tentative charge of trespass. He is accused of having broken through the door of the Ralph Modjeski property in Irvington court down last week.

SALES LEAD PASSED GASTROINTESTINAL DYSPEPSIA OR A SICK STOMACH

Senator Bingham Indorses Washington Legislative Programme to Save.

BETTER METHODS LEARNED

Olympia Sifting Committee, to View Each Bill and Simplification of Work Proposed for Next Session in Oregon.

"The people of Oregon and Washington are to be congratulated for the constructive work done by their legislative assemblies. The Washington Legislative Assembly, like our own, has admitted itself to the business of sifting, eliminating unnecessary commissions and enacting good, common-sense legislation."

Such is the analysis of the work of the legislative bodies of the two states made by State Senator I. Bingham, of Eugene, who returned yesterday from Olympia, after a three days' visit among the members of the Legislature of the Green State. Senator Bingham was over the members of the Oregon Legislature. In his opinion procedure at Olympia is a marked improvement over the procedure in the Oregon Legislature. Senator Bingham also believes that Oregon's road legislation could be greatly improved if the system followed in Washington were adopted.

Washington Road System Liked. "Washington has a much better road system than we have and the Legislature is keenly alive to the importance of good roads and the State of Oregon is not far behind. Nearly \$2,000,000 have been appropriated for road building. This appropriation will be divided for use in various districts and counties. The State Highway Commissioner. The Washington road law is working out satisfactorily. It would be well for the members of the Oregon Legislature to study the workings of the Washington road system."

"An excellent bill was passed that will direct attention to the people of Oregon. This measure prohibits the fraudulent signing of petitions. It provides that petitions must be left at stated places and that the voter shall have registered before signing."

"Another good measure that was passed provides for property qualifications for persons voting on measures relating to bonded indebtedness in connection with public projects. When this measure was discussed it was stated that Washington's indebtedness was approximately \$100,000,000 and that a great proportion of it was voted by non-taxpaying citizens."

The Washington Legislature's methods of procedure are much more simple and representative than our own. The sifting process many bills are members bill book is kept up to date each day, all amendments adopted on the previous day are inserted in their proper place, so that when the day's session begins each member is prepared to proceed with the new day's business. The daily calendar, giving the number and text of bills, also greatly simplifies the work."

Sifting Committee Studies. "Another thing that struck me was the method of introducing bills. The rules committee study all bills submitted. By the time they get through with the sifting process many bills are thrown out because they are duplicates of other bills or are considered as having little or no merit. More bills are thrown out by the committee than by individuals."

"I found considerable interest in the proposed waterways convention which is to be held in Portland. The delegates from Oregon and Washington are expected to be present. This convention is called to decide on a uniform policy of legislation affecting the waterways of the Pacific Northwest."

Representatives at the convention will be from Oregon and Washington, other states to be represented are California, Nevada, Wyoming, Colorado, Idaho, Montana and North and South Dakota."

INJURY CASE REVERSED

SUPREME COURT HOLDS ERROR IN INSTRUCTING JURY.

Case of Phillip Lang Declared Under Workmen's Law in Favor of Camden Iron Works.

SALEM, Or., March 9.—(Special)—Holding that the lower court erred in an instruction to the jury, the Supreme Court today, Justice McReid writing the opinion, reversed a verdict in the plaintiff in the case of Phillip M. Lang against the Camden Iron Works.

The plaintiff, on May 25, 1914, while engaged in the construction of a gate on the Willamette River near Linton was knocked from the tank by a gin pole and severely injured. Declaring that the case comes within the employer's liability act, the court elucidates that statute as follows:

"To make plain our view as to the statute we quote the portion which relates to the construction of the gate as follows: 'Failure to use care in selection and inspection of materials; failure to use care in erection or maintenance of scaffolding or other structure more than 20 feet from the ground; failure to provide a safety rail or other device for the protection of the workmen; failure to guard openings; failure to provide a shaft or opening; failure to use certain enumerated precautions; failure to use every practicable device for the protection of life and limb in all dangerous employments and occupations; failure to use every practicable device for the protection of life and limb.'"

Other opinions today were as follows: Sophia Samuels v. Columbia, Nelson River Railroad, appellant; appealed from Columbia County; action for damages for personal injuries; reversed.

John Thiel, appellant, vs. Tillamook County; appealed from Tillamook County; suit for damages; reversed and remanded.

F. E. Medinini, appellant, vs. the Studebaker Corporation of America; appealed from Multnomah County; suit for services rendered; affirmed.

Cody Lumber Company, appellant, vs. Arthur T. Cook, et al.; suit on promissory note; affirmed.

Sanford Hirsch v. Emanuel May, appellant; appealed from Multnomah County; suit for damages; affirmed.

TOO LATE TO CLASSIFY. FOR RENT—A well established confectionery, restaurant and home bakery; present tenant leaving the city; rental \$15 per month; including gas, water and electric living-rooms in rear of store; very good opportunity for small family; 805 Water court south. Phone Main 1211.

INTEREST IN CANAL HIGH

WALLOWA COUNTY PLANS TO SHIP WOOL BY CELLO ROUTE.

F. D. McCully, of Joseph, Tells Plan to Make Water Journey Down Valley and Grand Ronde Rivers.

F. D. McCully, of Joseph, Wallowa County, Oregon, is in Portland, and says that great interest is manifest in Wallowa County in the forthcoming celebration in honor of the opening of the Dalles-Celilo canal. McCully, a member of the local Chamber of Commerce, says he intends personally to make the journey from Lewiston to the Dalles by steamer.

One of the ideas presented by Mr. McCully was the participation of some sort of craft from Wallowa County, making the journey down the Wallowa and Grand Ronde rivers to Lewiston. This, he thinks, will be profitable. Mr. McCully says that a boat several years ago successfully made the trip from La Grande down the Grand Ronde to its junction with the Snake. The transportation of the 1915 wool clip of the lower Grand Ronde and Snake rivers will also be undertaken in connection with the downriver excursion from Lewiston May 4. Mr. McCully says sheepmen of Wallowa County winter their flocks along the lower Snake and Grand Ronde rivers, and this year will begin to shear early so that the flocks can return to the interior for pasture. It is possible that a shipment of wool will be arranged that some may be routed through to Boston entirely by water via Astoria or Portland.

A new dance is known as the "Cello" dance and is an innovation because it is not a wrestling match.

EVEN CROSS, SICK WILL BE ONE SYRUP OF FIGS

If Feverish, Bilious, Constipated, Give Fruit Laxative at Once.

Don't scold your fretful, peevish child. See if tongue is coated; this is a sure sign its little stomach, liver and bowels are clogged with sour waste. When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach-ache, indigestion, diarrhoea, give a spoonful of "California Syrup of Figs," and in a few hours all the foul waste, the sour bile and fermenting food passes out of the bowels and you have a well and playful child. Children love this harmless "fruit laxative," and mothers can rest easy knowing their little "insides" clean and sweet.

Keep it handy! Mother! A little given today saves a sick child tomorrow. Buy the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Remember there are counterfeits sold here, so surely look and see that yours is made by the "California Fig Syrup Company." Hand back with contempt any other fig syrup—Adv.

PROJECT HEADS ORGANIZE

Oregon City Commission Elects Aides in Pipeline Construction.

OREGON CITY, Or., March 9.—(Special)—The South Fork Water Commission, which will have charge of the construction of the \$75,000 steel pipeline from the Clackamas forks to Oregon City and West Linn, met today and was formally organized. The Commission is composed of William Anderson, M. D. Latourette, W. A. Long, L. L. Porter and B. T. McBain. Captain Phillips was elected treasurer.

DON'T TAKE CALOMEL

Instead of dangerous, salivating Calomel to liven your liver when bilious, headachy or constipated get a 10-cent box of Cascarets. They start the liver and bowels and straighten you up better than nasty Calomel, without griping or making you sick—Adv.

Are You Doing Your Part, Mr. Dealer?

Are you stocking up on home products? No doubt you have been the first to see the increased demand resulting from this campaign. When a customer asks for it, carry it in stock. That's ONE sure way of helping home industries along, and incidentally, yourself.
