AMUSEMENTS
HEILIG (Broadway and Taylor)—Musical comedy, "The Chocolate Soldier." This afternoon, 7:15 and tonight at 8:15 o'clock.

NEW LIBRARY BUILDING TO GO UP
Arrangements have been completed and contracts let for the erection of a new library building on Nehalem avenue between East Thirteenth and East Fifteenth streets in Sellwood. It will be built by Contractor Hamilton and leased to the Library Association, and will be 55x100 feet, in general style similar to the Leites library building. It will be completed and occupied by July 1. Work will start on the structure next Monday. The Sellwood Library was established as a reading room on Umattilla avenue across the street from the Sellwood school, through the efforts of Sellwood citizens, and became the first full-fledged branch library a few years later. At present it occupies quarters on Tenino street, which have become too small. In January the circulation was 4493. Mrs. A. W. Jones is the librarian.

INDIAN RELICS TO BE HOUSED
The collection of Indian relics and minerals, presented to Brooklyn school by Dr. Rafferty, are to be placed in the south end of the assembly hall on shelves and in cases, which are to be built by the students of the manual training department. The relics and minerals are stored in boxes at the home of Dr. Rafferty, and will be transferred to the school as soon as possible. Dr. Rafferty will label each specimen. The collection represents the work of more than 30 years of Dr. Rafferty and his brother, Dr. C. H. and R. M. Rafferty, and in this assembling of the specimens they were assisted by Indian Johnnie, who died near Fairview a few years ago when more than 100 years old.

REV. H. L. PRATT'S CONDITION SERIOUS
Reports received yesterday from Eugene, Ore., were to the effect that the condition of Rev. H. L. Pratt, who was stricken with paralysis last Saturday, is serious. Rev. Mr. Singleton, of Salem, who saw him Tuesday reported that Rev. Mr. Pratt is seriously ill, and that the paralysis with which he was attacked was complicated with other ailments. Mrs. Pratt arrived from Portland at Florence Tuesday, but no direct word has been received from her. Rev. Mr. Pratt's home is in Portland, but he was preparing to erect a new church at Florence and the lumber was on the ground. He is a minister of the United Evangelical Church and is well known in the state.

ANNUALS SUGGESTED FOR PARKING
Annuals may be planted in the parking spaces of the streets in the Brookline district, instead of roses, if the recommendations of Principal J. J. Garry are carried out. Mr. Garry is chairman of the local committee for the City Beautiful and yesterday conferred with the superintendent of the city, who suggested that annuals would be a change from other portions of the city. It was decided to divide up the Brookline district into subdivisions, and appoint subcommittees to take charge, clean up and plant flowers. A mass meeting of the people of the district will be called next week when the chairman of the subdivisions will be chosen.

HYGIENE SOCIETY PROPOSED
More than 200 persons attended the social hygiene meeting held in Gresham Thursday night under the auspices of the State Social Hygiene Society. E. J. Collins, secretary, made arrangements for a meeting. Addresses were made by Mayor Stapleton, who presided, Dr. J. M. Short, William F. Woodward, Principal Stubbs, Theodore Brugger, Dr. H. H. Johnston, of Ore. The local committee composed of J. E. Stubbs, Karl K. Miller and Arthur Dowdette were made permanent at the meeting and will form a hygiene association for permanent hygiene work in Gresham.

SCHOOL PUPILS HONOR CONCERT
Nearly 2000 pupils from different public schools of the city listened with unmistakable pleasure in the Heilig Theater yesterday to the fine rendition by the Gresham High School orchestra, M. Christensen, conductor, of the symphony music to be heard at tomorrow afternoon's concert. The applause was long and enthusiastic. About 1500 of the Gresham High School students from Jefferson High School, and as they marched in a body from the school building to the theater cars, they were photographed by the news photographers. They were given with moving picture apparatus, and it is understood the film will be exhibited here.

MAL FRAUD ALLEGED—Leo J. Gellus, arrested on charge of using the mails to defraud, yesterday waived preliminary examination and was held for the Federal grand jury under \$2000 bonds. Gellus confessed to several aliases that he used several aliases in carrying on operations by mail. One of his alleged schemes was to send East for merchandise, such as watches, jewelry and books. The Eastern houses found it difficult to collect because his orders were signed by fictitious names and it was given whether the man of many aliases lived in Portland, Linton, Oregon City or Camas, Wash.

CHRISTIAN SCIENCE LECTURES SET

JITNEY BILL READY

Measure Is Sent to Council and Comes Up Wednesday.

MANY PARTS UNCHANGED

Provision Barring Machines From Morrison and Washington Streets

Important One—Mayor and Mr. Daly Disagree.

The proposed ordinance to regulate the operation of jitneys, revised to conform to the ideas expressed by the majority of the members of the City Council at a recent hearing, was sent to the Council yesterday by City Attorney LaRoche. It will be introduced formally next Wednesday and the new provisions be considered and an effort made to put the measure up for final passage.

In the measure as revised one of the most important considerations will be the elimination of jitneys from Washington and Morrison streets, in the West Side business center. The Council in this regard faces the question of serious traffic congestion on the one side and the referendum on the other. Commissioner Daly announced at yesterday's Council meeting that such a provision probably would cause the jitney interests to invoke the referendum on the ordinance and he expressed the opinion it would supply a good argument in waging a campaign against the ordinance.

Mayor Takes Opposite View.

Mayor Albee took the opposite view of the proposition. He declared that it is absolutely necessary for the city to do something to relieve traffic congestion on these streets. Municipal Traffic Engineer Kirkpatrick also announced that investigation shows an increase of 236 per cent in traffic on Fifth and Washington streets over the traffic a year ago. This is due to the jitneys, it is said.

HEALTH LAW IS PRAISED

Pure Water Supply Expected to Eliminate Typhoid.

That the law passed by the last Legislature, which requires the approval of the State Board of Health before a municipal water supply or sewage system can be put in, will eliminate typhoid in the state, if properly enforced, is the belief, expressed yesterday, of Dr. Calvin S. White, state health officer. The law goes into effect May 15.

NARCOTIC SOLD TO BOYS

JUVENILE COURT WITH DECAYS GETS EVIDENCE.

Misdemeanors of Youngsters Ranging From 11 to 18 Years of Age Led to Use of "Hashish."

That several drug stores in Portland have been selling packages of hashish, a powerful narcotic, to young boys has just been discovered by Chief Probation Officer McIntosh. Disclosure of this traffic was brought about after several days' investigation into the habits of wards of the Juvenile Court. The boys who had been addicted to the use of hashish at first were firm in their statements that they knew nothing of such a traffic, but when a small supply was found on one of the youths, a complete confession was made and the extent of the traffic disclosed.

What It Means to Be a Christian Today

Every citizen must procure a license. To get this, written application must be made to the City Auditor.

Route Must Be Designated.

The application must give the name of the applicant, the route over which the jitney is to be operated, the seating capacity of the jitney and the schedule of trips to be maintained.

ville Court Defender Robinson, two newspaper men and two wards of the court. The wards were used as decoys and made the purchases under the direction of the officers. Immediate steps will be taken to prevent the sale of hashish to minors, and it is probable that several arrests will be made.

"Smoking hashish has been going on about two months," said Chief Probation Officer McIntosh. "There are about 12 minors, whose ages range from 11 to 18, who have been using the weed. The effect was apparent when these

boys were brought into court first and we began a careful study of the habits of the boys. Since we have discovered that they had been smoking hashish we are convinced that their incorrigible acts were due to the use of the weed."
