

**JITNEY INSPECTION
IS DECIDED UPON**

Mayor Urges Issues and Proposed Ordinance Goes Back Again for Redrafting.

DRIVERS TO BE EXAMINED

Eighteen-Year Age Limit Fixed and \$3 to Be License Fee—Cars of More Than 5500 Pounds to Stop at Train Tracks.

NEW POINTS DEFINITELY DECIDED UPON BY COUNCIL IN PROPOSED JITNEY ORDINANCE.

Examination of all drivers to be required.
Inspection of brakes on all jitneys to be provided at least monthly.
Age limit of 18 years to be fixed for drivers.
Cars weighing more than 5500 pounds to be required to stop before crossing train tracks.
License to be \$3 a month for all cars, with 25 cents a month additional for each seat over seven.
Number of passengers to be limited to licensed seating capacity.

Holding that it is important that the jitney business be regulated along reasonable lines without further delay, Mayor Albee yesterday brought about a decision in the City Council on nearly all questions not settled heretofore regarding regulation. The proposed jitney ordinance again was sent back for redrafting. It will be returned to the Council for final consideration and passage possibly tomorrow.
The majority of the members of the Council decided to require every jitney driver to pass an examination to show his ability to operate a machine safely and to appoint one or two automobile experts to make inspections of the machines at least once each month. To raise money to defray the cost of the inspection, the jitneys will be licensed. It is expected the amount of license will be sufficient not only to pay for the inspection, but also to provide a fair-sized fund to add to the standing fund now on hand for the maintenance and repair of streets.

15 Years Age Limit Fixed.
Inspection of the jitneys will be confined at the outset to tests of the brakes to see that they are in proper working order. The inspector who will do the work will inspect each car as often as possible. It is probable that later an effort will be made to inspect other parts of the machines used as jitneys. The method of examination of drivers has not been decided upon. It has been settled, however, that a person to pass the examination will have to be more than 15 years of age, will have to understand the city traffic rules and will have to be an experienced driver.

The license fee decided upon is \$3 a month for all cars, with 25 cents a seat for each seat over seven in a machine. In the operation of the large auto buses a provision will be inserted in the ordinance requiring them to come to a full stop before crossing train tracks. This is required now of streetcars. Cars weighing up to 5500 pounds will not be required to stop. Others will. This weight is considered the dividing point in weight between the touring cars and the large buses.

Protection to Patrons Puzzles.
About the only point that has not been cleared up by the Council yet is the matter of insurance protection to patrons of the jitneys in case of accident. Commissioner Brewster recommended yesterday the creation of a fund from the license fees to be paid by the jitney. City Attorney LaRoche says he has heard that some of the insurance companies are planning a new insurance policy covering accidents of the kind. The question of insurance will be considered later.
H. D. Jones, who heads the Auto Transit Welfare Association, an organization of about 250 of the jitneys, declared to the Council yesterday that the drivers of jitneys should be examined. He said one-fourth of the drivers do not know the traffic laws or rules and many of them know but little about operating a car. For that reason, he said, many jitney accidents occur and the jitney business as a whole receives a set-back.

**PUPILS MUST BE TIDY
IF NOT THEY MUST EAT LUNCHES
INSIDE SCHOOL BUILDING.**

Complaints From Washington High Vicinity That Students Litter Lawns Causes Action by Principal.

Students at the Washington High School are on the verge of losing their noon half-hour.
In fact they have become involved with the residents in the neighborhood of the school, and H. H. Herdman, Jr., principal, has advised the students they must mend matters with the neighbors or be content to stay in their seats during the noon half-hour.
The growing habit of the students to take a "walking lunch" at the noon hour and scatter crumbs and paper sacks and boxes to the four winds and all over the lawns in the neighborhood rolled the neighbors and formal complaints in plenty were lodged with Principal Herdman.
Monday morning Professor Herdman called the students together in assembly and laid down the law to them. He told them he would give them a few days of grace in which to tidy up their lunch habits, and if they didn't he would declare a blockade on eating lunches in the open.
While the students were thinking the problem over, it was finally agreed among all concerned to allow the June 15 class to formulate a set of rules to govern the students. Professor Herdman has agreed to the plan, and this morning the students will gather in assembly again and pass upon the work of the high and mighty near-graduates.
Biddle Combs is president of the class working out the rules. If an acceptable set is presented, Principal Herdman will allow them a few days to put the rules in practice and follow them.
But, if the rules are violated, there will be no further noon hours at the school.

Three Cars of Cattle Shipped.
GATEWAY, Or., March 17.—(Special.)—While W. Brown, of Hay Creek, shipped three cars of cattle Saturday to Portland. Two were loaded here and one at Kaskela.

One Grand Cleanup of Women's \$1.00, \$1.25

OUT-OF-TOWN Mail Orders

Filled From This and All Our Ads
If Received Within Three Days of Date of Publication
We give our out-of-town customers the same privilege of buying from our daily advertisements as those who live in the city. Moreover, our method is not a "mail-order system," it is, rather, a systematized shopping service which gives the personal attention of a trained shopper to the filling of every mail order.
Your order is studied and promptly filled with as much "intelligent interest" as if you were here yourself. Should you come in person we will be glad, upon request, to have one of our experienced shoppers assist and conduct you to as many of the 75 different departments as you choose. There is no charge.

Sale of Solid Gold Hat Pins 75c

Regularly \$1.25
