McCredie's Men Score 9 Runs in Sec ond Inning and From Then on Contest Is Farce-Bishop Is Farmed Out to Spokane.

PRESNO. Cal. March 18.—(Special.)
—One inning of baseball was played here today by the Portland Beavers and the Chinese University; the remaining seven and one-half innings were given over to the scoring of 18 runs and the making of 24 hits by the Beavers. When the game had been concluded the score stood 12 to 4 and four pitchers had been used, two by the Chinese and two by McCredie.

The Chineso were in anything but form yesterday afternoon, as the score indicates. Portland hit the ball at all times for doubles, singles and triples. Seven of the regulars got three hits each and the rest of them took at least one.

By personal request Lush pitched the first few innings against the Chinese. Evans was then warmed up and went into the box. This is Lush's first ap-pearance since the opening of the training season.

The first inning was fair and the game would have been acceptable hat play continued as it started. The Chiness secured one run in the opening inning, when Portland came back with one run in its half. In the second in-ning 13 men batted, scoring a total of

ANGELS TROUNCE SOX GOOFS

If Coast Pitchers Aren't Better Than Chicago Shows, Dllonites Have Flag.

LOS ANGELES, Cal., March 18.— (Special.)—The Los Angeles Coast Leaguers defeated the Chicago Ameri-can League No. 2 team at Washington Park here today.

The Angels took unfair advantage of Cheotic by hitting him rather hard in the four frames he worked and practically won the game right there, but if they were unfair to Cheotic they were pirates against Faber. Cheotic had only worked four innings prior to to-day's game, but with Faber it was dif-ferent. All told, Los Angeles got 18 hits, three triples and a double being mixed in, off the pair. The final score was, Los Angeles 16, White Sox 2. In the fifth the Angels stung Faber for five hits, three in the sixth and two

each of the remaining frames and ored in every inning of the game. Jack Ryan went five innings and got away with four hits against him, one a double by Cicotte. Love shot over the slants in the last four and did a pretty good job of it.
The field work of the Angels was

fast and perfect, not the semblance of a bobble looming up. Meusel and Metzer pulled off a neat double play in he eighth from left to third which hoked off a rally. McMullen had the onors with the bat, getting four hits in five times up. Score:

White Sox Regulars Defeat Christians Team, 5 to 0, Easily.

SAN FRANCISCO, March 18.—(Special.)—The Oaks' disappointing preseason record was not improved any this afternoon across the bay by the initial appearance of the White Sox team No. 1 here. "Death Valler Jim" Scatt worked against them for the full nine innings, but even so the Oaks did nothing particularly brilliant. The trouble with the Oaks was their old complaint—weak hitting. Only five hits were gathered off Scatt and none hits were gathered off Scott and none

of these came in the pinch.
On the defensive Lindsay, Manda and
Middleton played spectacular ball. In
the pitching line, however, Lefty Bromley was pounded quite consistently during his four-inning stay on the mound,
and he displayed a weakness in fielding

—Santa Clara University hit Gregory hard in the fifth inning this afternoon and defeated Salt Lake by a score of 4 to 2. Hickey pitched good ball against the Coast Leaguers but almost superhuman fielding saved him from being scored against oftener. Utility outfielder Faye, the recruit who came to Salt Lake from the Union Association, and Honolulu Johnny Williams, the pitcher, are ill with hay fever. Williams thought he had conquered the disease several days ago but is troubled again. It is rumored around the training camp that Blankenship is looking for a place to "farm" Outfielder Gay, who started his baseball career on the sand lots of San Francisco. Gay will grob-

When it comes to novel ideas in train

When it comes to novel ideas in training. Jack Hendricks runs Walter McCredie a close race for first honors. As a last resort, McCredie introduced wrestling in his training camp. Now comes Hendricks with the medicine ball and the indoor baseball and the amount of exercise that his club members get out of those two leather-covered objects is worth observing.

Every day during practice, a certain period is devoted to the handling of the medicine ball and the indoor baseball and the indoor baseball. The medicine ball course is the first form of training for those athletes who come into camp with huge stomath, gained on the fat living during the Winter.

Every day Hondricks lines up the fat ones and for half an hour bounces the ball. Hendricks has this form of training down to such a science that he can bounce the ball back into his own hands from a distance of 15 feet. The old-timers say that it is interesting exercise to say the least and accomplishes the desired result although a little rough at first.
