Maxamas Hike Up Mount Talbot.—For their afternoon trip Sunday 115 Mazamas travelled by the Bull Run train to kendall station, tramped southerly over the Gray's Crossing and other roads and finally by trails through the dense woods hiked to the summit of Mount Talbot. The descent was made on the southern side, after which the roads were taken to reach the electric line at Gladstone, for the return to the city. The Spring weather made the hikers seek the shade at every epportunity.

## Mistakes Are Serious!

Many an excellent opportunity to secure a home has been given up and lost because the men behind it did not understand how to finance it-tried the wrong method and were disappointed.

These failures in many cases could just as well have been avoided if the parties handling the proposition had thoroughly understood their business. Just think-your rent money would have nearly paid for your home by this time.

### <u>aurelhurst</u>

The addition of beautiful homes, which is now enjoying a regular oldtime building boom, thirty homes now being under construction, maintains at great expense a home-building department second to none. "Here you will find skilled men who thoroughly understand the building game, who will enter into your building proposition heart and soul-just like it was their own; who will see that you get just what you want, will relieve you of many little details which you have been dreading and incidentally will save you several hundred dollars on the cost of your home.

The men owning LAURELHURST are among the most responsible financial men in the Pacific Northwest and in transacting business with them you are assured of being dealt with justly.

It's a W-O-N-D-E-R-F-U-L time to build right now. We still have some sightly lots for sale at extremely low prices, ten per cent down and two per cent per month, with second mortgage privilege. MAY WE NOT SERVE YOU?
