JITNEY BILL IS READ

Further Revision Made in Pro-

to let them operate on Morrison and the street on account of traffic congestion.

The iliney people objected to a provision of the ordinance requiring the painting of route signs in oil paints on the wind shields and the sides of their cars. It was decided that under the ordinance as it stands the litneys the ordinance as it stands the litneys are required only to operate in the morring and evening and the rest of morring and evening and the rest of the time they are the same as private the regular quarterly meeting the time they are the same as private the regular quarterly meeting the painting of the painting of the pattern of putting into force the painting of the pattern of putting into force the concerned one would hardly suppose there were a week market here at the morring and evening and the rest of the principal subjects to be one of the principal subjects to principal subjects to principal subjects to principal subjects to principal subj their cars. It was decided that under the ordinance as it stands the litneys are required only to operate in the morning and evening and the rest of the time they are the same as private cars. They contend that they should be permitted to use the cars for private purposes, but if they did so, with the permanent signs, it was said, they would be off their routes and their service would be confusing to the public.

It was contended also that they should be permitted to change their routes as they desire. The Council did not change either the permanent sign feature or the fixed route plan.

Fumigation to Be Required.

Fumigation to Be Required.

A new provision is that all fitneys in addition to being inspected as to safety be cleaned and fumigated once each week. The Council eliminated a section which required use of tires which would not skid.

After considerable controversy Commissioner Daly won his fight for a reduction in license fees. Originally it was planned to make the fee \$2 a month with an additional charge of 25 cents avenue from Fremont street to Beech

cach week. The Council eliminated a section which required use of tires which would not skid.

After considerable controversy Commissioner Daly won his fight for a reduction in license fees. Originally as plant additional charge of 25 cents and increase of the paving of Haight for each next over seven. It was changed to read \$2 a month and 25 cents can next over seven. It was changed to read \$2 a month and 25 cents can next over seven. It was changed to read \$2 a month and 25 cents can next over seven. It was changed to read \$2 a month and 25 cents can next over seven. It was changed to read \$2 a month and 25 cents can next over seven. It was changed to read \$2 a month and 25 cents can next over seven. At the request of the littney interests the measure was changed so that more than 5 cents may be charged. They may not, however, demand miore than 5 cents may be charged. At the meeting yeaterday ex-Representative Lafferty appeared for the different process of the paving of Haight of the measure of the paving of Haight of the paving of the paving of Haight of the paving of the paving of Haight of the paving of Haight of the paving of Haight of the Paving of the Paving of the paving of Haight of the Paving of the paving of Haight of t

Construction of a railroad to the timber belt as well as the erection of a modern sawmill in this city, are under consideration. A committee has been appointed to confer with Mr. Kendall on the project and he will be tendered an elaborate banquet.

July 30, the day the exchange deemed it
expedient to suspend because of the gathering war clouds.

previous day, making a maximum gain of 315 points on the largest individual number of transactions.

United States Steel. Reading and Amalgamated Copper followed in the order named, all at striking advances, while Eris was well to the fore in the minor group. The close was lower but strong.

Coppers were further benefitted by another advance in the metal and steel's strength was accompanied by reports of increased production. American Locomotive preferred rose 8 points on the unexpected declaration of the regular dividend.

Bailtimore & Chlo reported a net increase of \$1,006.000, comparison with the same month of last year being unfair, however, as the road suffered from severe weather conditions throughout the early part of 1914. Northern Pacific earnings increased by \$453,000 and Lehigh Valley \$322,000.

Poreign Exchange markets were less of a factor today than at any time for weeks. Bonds moved more in harmony with the stock list, with a dimunition of sales for future delivery. Total sains, par valle, \$2,575,000. United States bonds were unchanged on call.

war clouds. Inlow Pacific was the leader of today's slop, which had all the breadth of the vious day, making a maximum gain of points on the largest individual number

and Heasian Fly Damage Reports Are Overcome.

CHICAGO, March 24 .- Lively profit-taking by holders of wheat more than wiped out today an advance due to big export sales and to Kansas and Illinois reports of damage by Hessian fly. The market closed weak, to to like not lower. Other declines for the day were: Corn, the to the oute, the to the gay were: Corn, the to the oute, the to the day were: Corn, the to the oute, the to the main, realizing alies by wheat longs took place during the last hour of the resisten. Previous to that time the market had made a rudden bulge, after an early cown turn. Purchasing on orders from the Dutch market appeared to form a large share of the export business in wheat. Great Britain, too, was tredited with being a buyer. Slackness of shipping demand handleapped the buils in corn.

Seabord call minde outs relatively firm the greater part of the day Laic addication, though, were somewhat bearish as to sending progress, which heretofore had been the subject of much complaint.

Liberal receipts of hogs throughout the West had a depressing effect on previaions. On the ensuing break, however, a fair demand sprang up, and the market shower power to raily.

Leading futures ranged as fellows: ind to Kansas and Illinois reports of damag-
