WAGE RISE SOUGHT

Concerted Effort of Labor Reported Under New Law.

CITY PAYROLL AFFECTED

Movement Expected to Open Within Near Puture-Preference Said

to Be Given to Allens Under Ordinance.

Simultaneously with the taking effect yesterday of the city's new ordi-nance requiring contractors on municiwork to maintain an eight-hour day, to pay the city's scale of wages to all workmen and to give preference to local labor, reports were received City Engineer Dater to the effect that a concerted effort is being made by labor interests to have the city's wage scales for skilled workmen increased. It is expected the movement will make its appearance in the open

within a short time, The new ordinance requires every contractor on municipal contracts to pay all his laborers, workmen and mechanics the wages paid by the City of Portland for similar work. This means, it is said, that if the city increases its wage scale for carpenters, mechanical engineers, cement finishers or other workmen the same increases must be given by all contractors who handle street paving, grading, eidewalk con-structon, sewer construction, bridge building or other work done by the

A number of complications have arisen regarding the operation of the ordinance which may require considerable time to straighten out. The measure provides no method of checking up on the books of contractors to see that they actually pay the wiges required. It does not specify exactly at what stage of the proceedings for the letting of contracts the scale of wages existing shall apply and, it is said, it provides no means of enforcing its provisions against allen contractors of complications have its provisions against alien contractors who do their own labor in executing their contracts.

who do their own labor in executing their contracts.

The measure, it is argued by some contractors, will make it easier for the organizations of allens to get contracts and complete them at a profit. The regular contractor, it is said, is forced to pay the maximum wages for workmen. The allens band together, submit bids for work and then perform the work themselves. They are all partners in the contract and they employ no labor, therefore they do not have to pay \$2 a day wages. It is said the ordinance, if enforced, will have the effect of making it ensier for these people to get contracts. They are Greeks, Italians, Syrians and Austrians, many of them musble to speak English.

CLUB PUTS O. K. ON BONDS

Albina Business Men Unanimons in Indorsement of Road Issue.

The Albina Business Men's Club at its meeting yesterday in the Albina Branch Library unanimously indorsed the proposed \$1,250,000 road bond issue. It was set forth that the main portion of the issue will go for labor and that the money will be expended at home.

S. A. Mathieu, A. R. Zeller, T. L. Adams and others spoke briefly. It was decided to invite Roadmaster John B. Vecon to speak to Albina folk at the Branch Library Wednesday

illuminated arch at the intersection of Williams avenue and Russell street. N. C. Merges, L. G. Schroeder, A. R. Zeller and S. A. Mathieu were appointed ok after the improvement of streets iams avenue. H. A. Calef and J. D. Sherman, of the East Side Business Men's Club, addressed the meeting on the publicity programme.

POLICE SERGEANT TO FARM

Filetus E. Wanless Tenders Resignation to Take Effect April 1.

With the intention of retiring to dairy and hog ranch near Newberg, Filetus E. Wanless, police sergeant, for a number of years one of the most pop-ular and best-known members of the pelice department, has handed in his resignation to Chief of Police Clark. The resignation takes effect April 1.

The question of sergeancy appointments is again brought up by the resignation. One of the older night sergenits probably will take Mr. Waniers' place on the day relief, which will leave a night vacancy. M. E. Lillis heads the list for premotion under the recent ex-aminations, but he says he will not ac-cept an appointment that means night Patrolmen Wade and Ennis are tied for zecond place.

STREETS WILL BE OILED City Orders Advertising for 10,000

Barrels of Crude Oil. Preparatory to starting the ciling of unpaxed streets throughout the city to prevent dust during the Summer months the City Council yesterday in-

structed the municipal purchasing bu-reau to advertise for 10,000 barrels of crude oil for delivery as needed. The oiling of the roads will be started as soon as possible. The new sprink ling system designed a year ago by the numicipal shops will be used again this year. The oiling will be done by the street cleaning and sprinkling

SECRETARY IS EXEMPT Washington 30.0.0012 NW Clear Winnipes 360.0016 W Cloudy

Movie Position Ruled Out of Civil Service Jurisdiction.

The position of secretary to the Mo-tion Picture Censorship Board, now held by Mrs. E. B. Colwell, is not to be under civil service jurisdiction. City Attor-ney LaRoche ruled yesterday that under provisions of the charter the pocolvell without the necessity of her taking a civil service examination.

Under the charter, the Council may create boards and these may have em-ployes Mr. LaRoche says that such em-ployes do not have to be under civil

YOUTH FACES NEW CHARGE

Forgery Pollows Larceny Plaint

in the case against Earl Kisby, age

in the case against Earl Kisby, aged 18, in Municipal Court yesterday, Deputy District Attorney Richard Delekswore out a warrant charging the youth with forgery, and it is to that charge he will answer today.

Four months ago Kisby was in similar trouble in Portland, but said he had work offered him on a farm near Goldendale, Wash. He was told by Judge Stevenson to go to Goldendale and not to come back. He was arrested Thursday in Portland by City Detectives Hellyer and Tackaberry.

It is now alleged that Kisby stole a letter written to J. A. Hamilton, of this city, by Dr. C. S. Terpening, of Fendleton. In this letter was a check for \$3, made out to Hamilton. By forging

made out to Hamilton. By forging Hamilton's name, Kisby is alleged to have collected the \$2. It is then asserted that Kisby later forged a check to Hamilton, signing Dr. Terpening's signature, and collected \$28 on this.

DISTRIBUTIVE BUSINESS EXPANDS DURING WEEK.

Speeding Up of Manufacturing Indus try Favorably Affects Sentiment. War Order Trade Large.

NEW YORK, March 26.-Bradstreet's to NEW YORK, March 20.—Bradstreet's 10-morrow will say:
Distributive trade has expanded in the northern half of the country this week, the stimulating features being better weather and the nearer approach of Easter. In ad-dition, sentiment as to the outlook has been benefited by a slight speeding up of manu-facturing industry and the enlarged specu-lation at higher prices in cotton and securi-ties. Wer order business, however, still re-mains the strong point of the entire situa-tion.

on. The great basic facts of sail and crop con-tions favor the growing of large crops in its country the coming yesr. Prices of all gricultural products except cotton are still

GOODS MARKET IMPROVING SLOWL

BOSTON, March 26.—The Commercia Bulletin will say of the wool market, tomor

Bulletin will say of the wool market temosrows:

"Except for a fair turn-over in foreign wools again this week, the market has been wory sluggish. What business has been done in foreign wools has been at recent rates. Some of the trading in domestic secured wool is reported, but at slightly lower prices, The goods market appears to improve, but slowly. Foreign markets have been fairly steady."

Australia Is Making Bids for North Pacific Wheat.

Limited Transfers at Merchants Exchange Are at Declines of Three to Four Cents-Interest in Coarse Grains Subsides.

Buyers in Australia are making bids for North Pacific wheat, but no new busin on this account is known to have been booked. Grain dealers are looking for trade with that quarter, as Australia's needs during the remainder of the year are consid-

Crop conditions in that country have been poor and it is estimated that the wheat har-vest for the entire commonwealth did not exceed 20,000,000 bushels. There were rainexceed 20,000,000 bushels. There were rain-falls in the latter part of the season, but these arrived too late to benefit the crop, New South Weles has been the most fa-vored as regards the wheat crop, and the authorities, in order to prevent prices from becoming excessive, commandeered the en-tire yield and sold it at practically cost to millers and others. Victoria, South Aus-tralia and West Australia all experienced

this country the coming year. Frices of all agricultural products except cotton are still faitering.

It might be pointed out that the reports as to employment are rather better than of late. Building shows more signs of life, though gradual improvement only is reported and lumber remains depressed.

There is more life visible in the cotton goods industry, a reflection partly of the sharp advances in raw material. Wash fabrics have sold quite freely for Summer wear; wool and wedens seem quieter and there is a better feeling twiced by official observers in the silk trade.

Bank clearings for the week aggregate \$2.882.272.000, a decrease of 6.4 per cent from less tweek and of 8.6 from the corresponding week last year.

Market Is Little Affected by Foreign Selling.

DAY'S DEALINGS LIGHTER

Southern Pacific and Other Important Shares Touch Highest Prices of Year-Important Developments Are Expected.

NEW YORK, March 26.—Increased profitaking and more foreign selling of our stocks combined to hold today's market in check, but the movement, save in a few feels, and a few other important shares soid at highest prices of the year, but some of the leaders, particularly United States Steel, were under moderate pressure. Maximum gains ran from 1 to 2 points, the cotton-carrying reads scoring most substantial advances.

Speculative interests appeared to be on the decrease, as the day's sales were slightly under those of the preceding session and considerably less than earlier in the week. Prices wavered toward the close, with especial weakness in Bethlehem Steel, which declined 1½ points to 66%, over 6 points from its recent high quotation.

London was sarah a seller of the international list, offerings from that center consisting mainly of the Paelifics, Steel and the less conspicuous coppers. Private cables from London hinted strongly at peace heavelfations in the near interes.

The feature of the foreign exchange market was a demand for remittances on the Scandinavian countries, particularly Demand. This was accepted at evidence that German and Austrian interests were using these centers as mediums for the further liquidation of our stocks, Exchange on London reacted before the close of the market, but held well above the low rates of the early week. Important developments respecting exchange conditions between New York and London and Paris are expected in the course of the coming week.

Surface movements of money point to a very heavy gain in eash by local banks tomorrow, the increase being estimated at as high as \$17,000,000. Long time loans are tably unchanged, but actually lower on high-class collaterai.

Total sales of stocks amounted to 5,766,800

shares.

Bonds were firm with a broader demand.

Total sales, par value, were \$2,471,000.
United States bonds were unchanged on call. CLOSING STOCK QUOTATIONS. CLOSING STOCK COSING COSING Sales. High. Low. Bid. Alaska Gold ... 3,000 34% 34% 34% Amai Copper 15,000 62% 61% 61% 61%

Added Wenkness Due to News From Roumania and Bulgaria-Russin May Export Grain.

CHICAGO, March 20.—Assertions that the Turks had disagreed with the Germans and that Rumania and Bulgaria were about to take a hand in the war put the wheat market today under a good deal of selling pressure. As a result prices closed weak, at 14; cents to 25 cents nor decline, Other the day were: Carn, \$4.55 to \$1 cent, and oats, \$5. to \$5. cent. Provisions

cent and oats, % to % cent. Provisions gained 10 to 20 cents.

Hearish foreign advices ruled the wheat market from the start. Lower juotations from Liverpool, said to be largely the consequence of expected hig shipments from Argentina, gave the hears an advantage right at the outset. Not long afterward came the rumors that Turkey had broken with Germany. Hallies followed when it was found such reports were unvertied, if not entirely false, but selling was quickly renewed, owling to word of hostilities imminent on the part of Rumania and of Bulgaria as well, with prospects even more threatening as to the attitude of Italy.

Auspicious conditions for the domestic-crop were influential as a means of heeping sontiment advarue to the bulls. Bosious, cash and export demand was slow, both here and at the scaboard. A further source of discouragement to holders was a report that Russia was preparing to ship 300,000 tons of wheat from Vindivestels.

Aggressive selling by pit speculators forced down corn. Wheat weakness formed he chief insentive, but in addition Eastern demand was poor and Argentine prices were at a sharp decline.

Onto sagged with corn and whoat. The best buying was attributed to shorts.

Despite some wavering at the outset, provisions finally took the upgrade, Packers and other recent sellers were conspicuous in the purcossing that carried the market higher.

Ceffee Futures.

NEW YORK, March 26.—The market for coffee futures was higher today on trade buying and a scattering demand from Wall street sources, which may have been encouraged by the decreasing stocks at Santos, reports of a somewhat improved spot demand and the more optimistic view of European peace prospects. The market spened at an advance of 1 to 5 points and closed at an et advance of 5 to 10 points. Sales, 24,750. March 5,99c; April, 5,99c; May, 6,85c; June, 6,15c; July, 7,27c; August, 7,35c;
