CREW CHARGES ARREST

CAPTAIN OF AMERICAN SHIP RE-PORTS SEIZURE BY BRITISH.

Steamer Antilla Boarded by Captors. Skipper Ordered to Cabin and Men Locked Below Deck.

NEW YORK, March 30.—Captain George Cornell, of the American steamer Antilla, in a letter to Phelps Bros. & Co., who chartered the steamer from the Ward line, gave the details of the recent seizure of the steamer by the British cruiser Digby and the treatment accorded himself and crew.

The Antilla, Captain Cornell writes, was seized February 24, and when a Lieutenant and a squad of British sailors came aboard he and his crew were virtually placed under arrest. The captain was ordered to his cabin and the crew locked below.

The Antilla was taken first to Kirkwall and later to Dundee. There the cargo was discharged and the vessel interned.

Howard Phelps, of the firm which chartered the vessel, announced today his intention of filing a claim against the British government on the ground that the steamer, before leaving this port, had been certified and sealed by British inspectors under the British Consular-General.

The Antilla sailed from this port February 19 with a cargo of provisions for Malmo, Sweden.

FUNERAL DELAYS ARREST

Youth Goes to Father's Burial Just Ahead of Officer's Visit.

BAKER, Or., March 30.—(Special.)—When the hearing of Fred Bull, charged with attacking 80-year-old Mrs. Carrie Simpson, was called, Bull was missing and the hearing was postponed.

On the day the warrant was issued for Bull's arrest the youth received word of the death of his father in La Grande. He at once started from his home in the Buckeye region for the funeral and when the sheriff's deputy arrived to arrest Bull, the youth had gone. Mrs. Simpson charges that Bull recently incorporated part of her property into a homestead and when she went to get water from the well on the land in dispute Bull checked her and threatened to kill her.

POSTAGE RATE REDUCED

Barbadoes and Leeward Islands Enter Into 2-Cent Compact.

WASHINGTON, March 30.—Two cents instead of five cents will be the postage rate on letters beginning April 1 between the United States and the British colonies of Barbadoes and the Leeward Islands in the British West Indies, the Postoffice Department announced today.

The reduction is the outcome of the American Government's invitation to all the nations and dependencies of the Western Hemisphere to enter into an agreement for a two-cent letter rate to foster commerce.

A two-cent rate recently was put into operation between the United States and British Honduras, Bermuda, the Windward Islands and other British dependencies have not agreed to the reduction, nor have the nations of Central or South America, excepting Cuba, Mexico and Panama, which have had the two-cent rate a long time, as have Canada and Newfoundland.

Y. M. C. A. EXPELS YOUTHS

Baker High School Boys Stage Bicycle Race in Lobby.

BAKER, Or., March 30.—(Special.)—As the result of an improvised bicycle race pulled off in the Y. M. C. A. building last Sunday, two high school boys were today expelled from the Y. M. C. A.

About 15 were in Sunday's affair, only a few of them members of the Y. M. C. A. and Secretary Love said today that as soon as their identity could be discovered they would also be deprived of the privilege of membership. When Mr. Love appeared on the scene Sunday, after the disturbance had been quelled by William H. Ellis and Dr. F. T. Nott, he found the tables, torn papers and magazines littered about throughout the room.

The high school boys are said still to entertain a feeling of animosity toward Mr. Love on account of his terminating their proceedings of a "kangaroo court" last Fall.

IDAHO ROAD PROJECT QUIT

Commission Not to Build North-and-South Route for Lack of Funds.

BOISE, Idaho, March 30.—(Special.)—The new State Highway Commission in session here today decided to abandon construction of the North and South Highway connecting Northern and Southern Idaho, owing to the fact Adams County, through which it passes, is unable to realize its proportionate share of cost of construction.

Failure on the part of the recent Legislature to pass a \$100,000 bond issue to assist in construction of the highway also handicapped the commission. The north and south road was to have been built from Weiser, north to Grandville and then on to Lewiston. At the present time there is not a road that can be traveled between these points that is continuous.

REV. MR. GOODE OVERCOME

St. Johns Minister Collapses at Farewell Reception.

While attending a farewell reception given in his honor in the St. Johns United Evangelical Church, Monday night, Rev. J. A. Goode, who had re-

cently resigned the pastorate of the church on account of ill health, collapsed and had to be helped to his home. He was overcome by the strain and excitement of the meeting in his enfeebled condition. He was resting comfortably yesterday, but had not recovered sufficiently to receive friends. He will retire completely from ministerial work for the present, and will not be able to attend the conference which will open at Corvallis tomorrow.

There was a large attendance of members and friends at the farewell reception and all expressed regret that Rev. Mr. Goode had been compelled to leave the St. Johns charge. He had been pastor of the St. Johns Church a year and a half, during which much progress was made.

Rev. W. E. Ingalls, of the St. Johns Methodist Church, with whom Rev. Mr. Goode had been associated in community and reformatory work, paid high tribute to the retiring pastor. The other speakers were: Miss Minnie Plasket, president young people's Sunday school class; Mrs. C. H. Thayer, president of the Women's Foreign Missionary Society; Mrs. T. J. Monahan, of the Ladies' Aid Society; Mrs. George M. Hall, superintendent of the Sunday school; T. J. Monahan, president of the board of trustees. Rev. Mr. Goode and Mrs. Goode responded.

ABOUT HYPOCRITES

Over 150 leaders of club, business, political or social life in Portland have urged the Peoples Amusement Company by letter to show "Hypocrites."

Extracts from some of these letters will be printed in The Oregonian the next few days.

They are from people who have had the privilege of viewing "Hypocrites."

They explain why this matchless picture will create in Portland more discussion than any motion picture production has heretofore provoked.

"Hypocrites," in all its weird and wonderful beauty, has cost the Peoples Amusement Company a tremendous sum of money.

In New York it is being exhibited at the Longacre Theater at \$2 and \$1.50 per seat. Even the gallery costs \$1.

But at the Peoples Theater the cost per seat will be 25 cents, loge and box seats 50 cents.

RELIEF SHIP LONG OVERDUE

Quito, Chartered by Belgian Aiders, and Others Are Late.

NEW YORK, March 30.—The Commission for Relief in Belgium announced tonight that the steamer Quito, under charter to the commission, has been overdue in New York since March 22. She is now 25 days out, having passed the Cape Horn March 5. Her tardiness is believed to be due to bad weather. Several other ships under charter to the commission are late, presumably for the same reason.

The commission is now loading only one steamer, the Strathallen, which is to leave Boston Friday.

THE EXPLOITS OF ELAINE The Retrospect Think back to the first Episode and then answer this question: Was there ever such imagination and wonders exhibited in a newspaper story or a motion picture? But first think back. Recall the death of Mr. Dodge. Then came that masterly "Twilight Sleep" with Elaine forced to do things against her will. Then there was the "Freezing Safe" exploded by evaporating liquid air. Remember the start it gave you? Then came "The Poisoned Room"—and "The Vampire," when Elaine's blood was used to save her enemy. Then, the "Double Trap," and the thrilling fight on the steeple. And now comes the "White Circle." All this you have read in The Sunday Oregonian All this you have seen in PATHE Motion Pictures in your favorite theater.
