

CAVALRY RENEWS VIGIL ON BORDER

'Plenty of Troops' Are at Funston's Order; Americans Told to Leave Naco, Mex.

GUNS GUARD BROWNSVILLE

Nuevo Laredo Threatened by Advancing Army, and Movement by Gutierrez Menaces Villa's Line at Torreon.

WASHINGTON, March 30.—Nine troops of United States cavalry, besides minor detachments, were snatched back into active service along the troubled Arizona border today.

Despite recent agreements made by warring Mexican factions with Brigadier-General Hugh L. Scott, fighting today between Villa troops and a Carranza detachment trying to reach Agua Prieta, opposite Douglas, Ariz., from the interior, brought the troops out. At Naco, Sonora, where the Scott agreement was entered into, the Villa General Jose Madero, has ordered the Americans out of town, and a squadron of American cavalry was placed in Naco, Ariz., directly across the border.

Artillery Supports Funston.

Twelve guns of the Third Field Artillery on duty at Brownsville, Tex., watched over the only other immediate crisis—the effort of Villa troops to take Matamoros, Mexico, which lies directly across the Rio Grande from Brownsville. Major-General Frederick Funston, who commanded at the recent occupation of Vera Cruz, is handling the situation there, with plenty of troops at his disposal.

Officials here said his instructions were "simply to hold on to the commanders at Naco last December, regarding protection of Americans from shots fired across the line. The exact text of his instructions was not given out.

Villa Troops on Way to Attack. Some 250 miles up the river is Nuevo Laredo, Mexico, defended by Carranzista forces, and opposite the American town of Laredo, Tex. Villa troops on the way to attack it was reported as far as Lampason, which is 70 miles southwest on the National Railroad of Mexico, and a battle is expected there.

Finally the troops of General Gutierrez, who apparently is playing a free hand but is opposing Villa while not attacking Carranza, were reported so close to Torreon, the great railroad and industrial center, half way from El Paso to Mexico City, that Villa had returned there from Monterrey, 200 miles to the east, relinquishing for the moment his campaign against the east coast in order to maintain his back fences.

FUNERAL SERVICES SET

BOOK ACCESS TO BE ASKED

Council to Request Registration After Special Election Is Held.

That all persons may have a chance to register for the city election on June 7, City Auditor Barbur will ask the City Council this morning to request County Clerk Coffey to open the registration books after the special county road bond issue election on April 14. The books will have to close for the road election on April 2. The city will seek to have them opened again the day after the election.

Unless this is done the law will not have been complied with, according to City Attorney LaRoche. The law requires the registration books to be kept open for 30 days before a city election.

4 DROWN AT SEATTLE

AUTO RUNS IN RIVER WITH PARTY OF PROMINENT PERSONS.

Two Men and Four Women Carried Into Duwamish When Car Skids From Slippery Approach of Bridge.

SEATTLE, Wash., March 30.—Four persons, members of prominent Seattle families, were drowned in the Duwamish River late today when an automobile belonging to Mrs. Morgan J. Carkeek ran off the bridge at Allentown, on the Tacoma road, 10 miles south of Seattle.

All in the car except Mrs. Carkeek and her Japanese chauffeur lost their lives. Mr. and Mrs. Thomas W. Prosch, Miss Margaret Lenora Denny and Mrs. Harriet Foster Beecher, an artist, were killed. All were members of prominent pioneer families in handling the situation there, with plenty of troops at his disposal.

The chauffeur jumped clear as the automobile fell and swam safely to shore. Mrs. Carkeek also succeeded in getting clear of the wreckage and took refuge on top of the car, where she stood waist deep in the water until rescued.

Naval Militia Commended.

Adjutant-General White commended highly the Oregon Naval Militia for the showing made at the inspection held on the cruiser Boston Monday night. He said that more than 100 men were present and that they showed particularly good form. The general commended the men on their personal appearance and the condition of the equipment and supplies.

The proceeds of these affairs are to be used for the benefit of the church.

AMERICAN REPLY IS CABLED TO LONDON

Right to Trade With Neutrals Reasserted, but Details Are Guarded.

BASIS OF CLAIMS IS LAID

Neighbor Nations Desire to Move Along Lines Set by United States. Prize Court Decision as to Antilla Is Awaited.

WASHINGTON, March 30.—The reply of the United States Government to the British order-in-council decreeing a virtual blockade against commerce to and from Germany was cabled to American Ambassador Page at London tonight for presentation to the British Foreign Office.

As soon as the communication has been delivered it will be made public here and in London under an agreement between the two governments. In the meantime officials decline to give any intimation as to its contents.

Beyond the fact that the United States stands firmly for its right to carry on legitimate trade with neutral countries, even though they be contiguous to belligerents, little is known of the Administration's position in view of developments since the last note was dispatched inquiring how Great Britain and her allies intended to enforce their prohibition against trade of "enemy origin, ownership or destination."

Officials have pointed out, however, that the American Government wanted more definite information as to the radius of action of the allies' blockading fleets, and that the question whether the order in council was to be enforced under international law governing blockades or under the rules of contraband, had not been answered.

Diplomats of other neutral countries, particularly those of South and Central American governments, have displayed the greatest interest in the note. Several of them were among Secretary Bryan's callers today, though so far as could be learned none gained any positive information as to the character of the document.

Since efforts to bring about joint representations regarding the rights of neutrals on the high seas failed it is understood that the South and Central American republics desire strongly to move along lines set by the United States to establish their record which will form the basis of claims for damages suffered by their citizens through the activities of the allied fleets.

It was said at the State Department today that the usual practice of awaiting judgment by the prize court was being followed in the case of the cargo of the American steamer Antilla, which was seized last month. The records show that the steamer carried a quantity of machinery, both of which have been declared contraband by Great Britain. As to the ship herself, no reason for her detention now that her cargo has been discharged is known, and Department officials expect her to be released soon.
