LEGALITY OF WAGE LAW IS IN DOUBT

Mr. La Roche Advises Repeal of Portion Pending Supreme Court Decision.

STREET WORK IS AFFECTED

Inability of Council to Let Contract Without Minimum Salary Feature in Provisions Is Cited-Test Case Is Considered.

Investigation, which has revealed the fact that there is a question about the legality of certain provisions of the city's new minimum wage ordinance, caused City Attorney La Roche to recommend to the Council yesterday the enforcement of the ordinance until grounds for a test case can be secured, and then the repeal of part of the measure until the question of legality is settled by the State Supreme Court. The Council will consider the proposal at an informal meeting today.

The ordinance which went into effect March 27 provides that all contractors on municipal work shall pay the work men engaged on the contract the same scale of wages as is paid by the City of Portland. This is much higher than the market scale at present, being a minimum of \$3 a day for day laborers.

BE CLEAN INTERNALLY

Over 300,000 People Are Now Doing So.

For many years physicians have agreed that 95 per cent of human ills was caused by accumulated waste in the Lower Intestine; that in our present way of living Nature could not remove all this waste without assistance, no matter how regular we might be; and that the poisons from this waste circulating through the blood pulled us away down below par and were responsible for many diseases of a serious nature. pulled us away down below par and were responsible for many diseases of a serious nature.

During this time the "J. B. L. Cascade" for Internal Bathing has, because of their recommendation and those of its users, been steadily growing in favor.

Recently, however, the startling news which has been covering the country that great surgeons and specialists have been operating on the Lower Intestine in such serious diseases as Tuberculosis, and attribute such conditions of chronic ill health as Nervous Debility and Rheumatism to this cause, also saying that these poisons are favorable to the development of Cancer and Tuberculosis (as stated in a recent article in the New York Times), has caused Americans to become thoroughly awake to the importance of keeping this Lower Intestine free from all poisonous waste matter, and over 300,000 are now using Internal Baths.

If you try the "J. B. L. Cascade" you will find yourself always bright, confident and capable—the poisonous waste makes us bilious, blue, dull and nervous. Internal Baths are Nature's own cure for Constipation—just warm water properly applied. Drugs force Nature—the "J. B. L. Cascade" gently assists her.
