COUNTIES TO HAVE VOICE

HIGHWAY ENGINEER PLANS TO GET BEST RESULTS BY CO-OPERATION.

O. Laurgaard Proposed for Supervision of Work Which Major Bowley Declines to Finish.

SALEM, Or., April 2.—(Special).—That he will work in connection with the various County Courts in road construction, and will follow their advice when possible, is the plan of Major Bowley, highway engineer.

Mr. Cantine said that he believed by close co-operation with the County Courts friction could be reduced to a minimum and road-building accelerated.

Major Bowley having declined an offer of the Board to complete the work in Hood River County and make settlements for work started by him in Jackson, Columbia and Clatsop counties, State Treasurer Kay suggested that O. Laurgaard, project engineer of the Tumalo irrigation section, which has been completed, be employed.

Dean Ramsey, whom Mr. Pfahler accused of casting reflection on the integrity of the late Bishop Scadding, says he believes that Mr. Pfahler's action in San Diego is for the deliberate purpose of being convenient to the Mexican.

BAKER ATTORNEY ELOPES

L. S. Finch and Miss June Dodson Steal to Spokane for Wedding.

BAKER, Or., April 2.—(Special).—Stealing a marriage license, Miss June Dodson, a daughter of Dr. and Mrs. O. M. Dodson, and Leland S. Finch, one of Baker's best-known attorneys, quietly fled to Spokane a week ago yesterday and were married by Rev. William Hicks, at the Episcopal rectory in that city.

Mr. Finch kept the secret until some element discovered the wedding license in a Spokane newspaper. The bride is expected to return to Baker next week. The young people are among the most popular in Baker society. The bride is an accomplished singer and her father is a member of the Baker School Board.

RABBIT ADOPTED BY CAT

Bunny Substituted for Killed Kitten and Mother Is Attentive.

VANCOUVER, Wash., April 2.—(Special).—Losing one of her kittens several days ago, a cat has adopted a young rabbit, two weeks old, and seems to perform her duties with as much devotion as to her natural offspring.

The cat is owned by C. W. Palmer, who lives at Twenty-ninth street and St. Johns road. A couple of weeks ago the litter of nine kittens was born and the kittens arrived later. When one of the kittens was killed the substitution was made as an experiment and both seem happy and contented. When the mother gives her family its morning washing she does not slight her foster child but smoothes out the fur with her tongue the same as the rest.

Charles B. Pfahler

REPORT IS DOUBTED

Many Believe Mr. Pfahler Did Not Destroy Books.

BISHOP SUMNER QUESTIONS

Episcopalians Yet Undecided on Bringing Criminal Proceedings on Basis of Statement Church Records Were Destroyed.

Did Charles B. Pfahler really destroy the books of the Episcopal bishop's fund, as he says he did? This question has arisen in the minds of persons closely connected with the developments arising over the alleged discovery that the books in question were missing.

\$900 MARE GOVERNOR'S

Registered Saddle Animal Enables State's Head to View Schools and Farms Frequently.

SALEM, Or., April 2.—(Special).—Hereafter when Governor Withycombe makes his trips of inspection to the state institutions and over the state lands he will be astride of one of the finest saddle animals in the West.

"Loretta" is the mare's name and she arrived in Salem today, the Governor purchasing her Wednesday in Portland. "Loretta" is a registered American saddle horse who for the last five years has been the property of Miss Mary L. Hinton, of Shaniko. Her original purchase price when she came from the East was \$900. She is the granddaughter of the famous Chester Mare, one of America's greatest progenitors of saddle horses, and has been a prizewinner in Kentucky and Indiana.

The Governor's saddler not only has the five proper galls, but also does the Spanish walk perfectly. The Governor says she will prove extremely useful not only for recreation, but especially in getting him in close contact with the work at the state institutions and the farms, in whose conduct he is much interested. He also plans to devote leisure hours to familiarizing himself with general farming conditions in the vicinity of Salem, believing that his experience may prove of assistance in developing certain phases of local agriculture, and particularly he wants to watch the development of the flax-growing which is being started with state aid this Spring.

Governor Withycombe bought a bridle from John Clark, of Portland, from whom he purchased his harness on Front street 40 years ago. He will order a saddle for his friend Henry L. Kuck, of The Dalles.

SIXTY-FIFTH WEDDING ANNIVERSARY TO BE CELEBRATED.

To have lived 65 years together, sharing each other's sorrows and joys, has been the experience of Mr. and Mrs. Nelson F. Ross, who will celebrate their 65th wedding anniversary tomorrow.

Mr. and Mrs. Ross were married in Michigan, April 4, 1850. Mrs. Ross was born in Vermont. Mr. Ross was born in Vermont. They were married in 1845. Mr. Ross served in General Sherman's army in the Civil War with the Tenth Michigan Infantry.

In 1874 they came with their children to Oregon and settled at Rooster Rock. Five years ago they moved to St. Johns, where they have been living with their son-in-law and daughter, Mayor and Mrs. Vincent. They were the parents of 11 children, seven of whom are living.

Although past 64 years of age, both Mr. and Mrs. Ross are hale and cheerful and say they hope to be together many years more.

MERGER PLAN UP TO VOTE MONDAY

Heated Campaign Draws to Close in St. Johns Over Proposal to Join Cities.

TWO TICKETS IN FIELD

Lower Taxes and Water Rate and Increase in Revenues Are Predicted by Forces in Favor of Union-Bond Issue Up.

Lower Taxes Expected.

The merger supporters argue that the taxation rate will be materially reduced if the proposal is carried. They also predict that the Portland property owners are paying lower taxes than those in St. Johns.

Water rates, too, will be reduced, they argue, and at the same time point out that the water will be supplied by Bull Run water if it becomes a part of Portland.

The merger club, of St. Johns, will close its campaign tonight for annexation to Portland with a big meeting in the assembly hall of the James High School.

Water Rate Reduced.

The merger club has advanced many reasons for the annexation. It emphasizes the fact that the present water rate in St. Johns is the highest in the city.

BAKER, Or., April 2.—(Special).—Urging that the Portland wool market be encouraged, protesting against the abolishment of the ten-carload rate and favoring an equal valuation of livestock in all counties, 50 Eastern Oregon wool men held a meeting here today.

Attention being directed to the fact that various wool concerns have been established in Portland, it was resolved that the woolgrowers of Eastern Oregon indorse the movement, and it was decided to urge every woolgrower to extend all encouragement and assistance consistent to the upbuilding of the Coast wool market.

It was pointed out that several counties have an unequal valuation of livestock, grazing and farm lands, for the purpose of taxation, and it was resolved that cattlemen's associations, farmers and farmers' unions be asked to join the woolgrowers in equalizing the taxation.

Among the speakers were Monte B. Gwin, of Boise; J. W. Creath, of Portland, and H. C. Rooper, of Antelope.

When Glands Swell Blood Needs Attention

Even a Sweat Gland May Result in Severe Consequence.

In our intricate body the use of S. S. S. for the blood has a most remarkable influence. We little realize our glandular system. It may be a tiny bulb no bigger than a pin point, and yet if a disease germ gets into it, there is a tremendous swelling. It becomes a boil, a carbuncle, it may be a "blood-riding," and it is often a source of continuous misery if not checked.

It contains one ingredient the active purpose of which is to stimulate the exchange of new flesh for dead or waste matter.
