

\$1,500,000 IS SET ASIDE FOR JETTY

Garrison Makes Allotment for Work.

OTHER PROJECTS DESIGNATED

Finishing Touches on Celilo Canal Are Deferred.

NORTHWEST FARES WELL

Oregon and Washington to Receive \$2,926,175, or Within \$645,000 of Amount Carried by Bill When it Failed.

OREGONIAN NEWS BUREAU, Washington, April 5.—One million five hundred thousand dollars has been allotted by the Secretary of War to continue work on the north jetties at the mouth of the Columbia River during the 14 months ending June 30, 1916.

This is within \$250,000 of the amount that would have been appropriated had the rivers and harbors bill been passed as it was reported to the Senate and \$250,000 greater than the amount proposed to be appropriated by the House. Furthermore, this allotment is the largest made out of the \$30,000,000 lump appropriation, except the allotments for the Mississippi and Ohio rivers.

Celilo Canal Omitted.

The total amount allotted by Secretary Garrison for Oregon and Washington is \$2,926,175, or within \$645,000 of the amount carried by the rivers and harbors bill when it failed. Some Oregon projects will receive the same amount provided by the bill, and in all instances the amount allotted to these projects is higher proportionately than the average for the entire country.

The only important project for which no allotment was made and for which an appropriation was proposed is the Celilo Canal, and this was left out because the \$30,000,000 lump appropriation was for finishing touches, which can be put on later.

Northwest Allotments Made.

Other allotments for Northwest waterways are as follows: Columbia River, \$1,500,000; Coos Bay, \$75,000; Coos River, \$75,000; Siuslaw River, \$117,500; Yaquina River, \$30,000; Nehalem Bay, \$116,175; Snake River, \$20,000; Upper Columbia River, Celilo Falls to mouth of Snake River, \$27,000; Willamette and Yamhill rivers above Portland, \$25,000; Cowitts and Lewis rivers, \$15,000; Clatskanie River, \$1,000; Grays Harbor and Bar, \$460,000; waterway connecting Port Townsend Bay and Oak Bay, \$15,000; waterway connecting Puget Sound and Lake Union and Washington, \$17,500.

For other work on the Pacific Coast, allotments were made as follows: Los Angeles, \$75,000; San Francisco, \$12,000; Oakland, Cal., \$80,000; San Pablo Bay, \$15,000; Humboldt Bay and Bay, \$200,000; Petaluma Creek and Napa River, \$150,000.

Mississippi Well Provided for.

The Mississippi River and its tributaries receive the largest allotment of all. The Hudson receives \$1,500,000 in all. General allotments for the country at large include:

Hudson River, \$877,750, in addition to which there was appropriated by separate acts \$622,250, making the total for the Hudson \$1,500,000; Delaware River from Philadelphia to the sea, \$1,000,000; Savannah, Ga., \$222,000; Jacksonville, Fla., to the ocean, \$250,000; Southwest Pass, Mississippi River, \$400,000; channel work at Lake Charles, Louisiana, \$100,000; Texas City, \$150,000; Houston ship channel, \$200,000; inland waterway on coast of Texas, \$625,000; Mississippi River, between mouths of Ohio and Missouri rivers, \$300,000; mouth of Missouri to Minneapolis, \$1,965,000; Missouri River, Kansas City to mouth, \$1,000,000; Ohio River, open channel work, \$310,000; locks and dams, \$3,000,000; Chicago harbor and rivers, \$550,000; St. Mary's River, Mich., \$1,006,000.

In addition to this the Mississippi River Commission has an allowance of \$4,000,000 for its regular work, \$500,000 has been reserved for examinations, surveys and similar work, and \$3,241,325 has been set aside for contingencies.

IMPROVEMENTS TO GO AHEAD

"Oregon Fares Splendidly," Says Senator Chamberlain to Mr. Teal.

Oregon will share well in Government appropriations for rivers and harbors improvements, according to a telegram received yesterday by J. N. Teal from Senator Chamberlain. The message advised that more than \$2,000,000 will be Oregon's portion of the total of \$50,000,000 embraced in the bill. The telegram received by Mr. Teal follows:

"Oregon fares splendidly in the distribution of rivers and harbors appropriations, receiving a little over \$2,000,000 for all projects."

"Under the circumstances this is a mighty good showing," declared Mr. Teal. "It means, apparently, that Oregon work will be well taken care of and our improvements will go ahead."

"I think we are really to be congratulated on the outcome of this appropriation. It shows an increase as it stands over the House bill and little decrease from the Senate estimate. It appears that the needs of this district are being recognized as worthy of importance."

(Concluded on Page 2.)

EITEL'S CREW HAS LIBERTY ASHORE

IMMEDIATE DEPARTURE IS NOT OUTWARDLY INDICATED.

Next Open Period During Which German Raider May Depart Will Begin at Noon Today.

NEWPORT NEWS, Va., April 4.—The German converted cruiser Prinz Eitel Friedrich still was in this port late today with members of her crew on shore liberty. There were no outward signs of preparations for immediate departure.

After the failure of the commerce raider to take advantage of the 24-hour period which ended at 5:45 o'clock tonight in which no enemy merchant ship was permitted to leave the port of Norfolk-Newport News, the United States naval patrol was resumed. It was reported that another 24-hour period during which no commerce carrier of the allies might leave would begin at noon Monday. This would permit the Eitel to make a dash for sea before noon Tuesday.

Clear weather prevailed today and three British warships were reported off Cape Henry.

GERMAN SUNK IN BALTIC

Vessel in Swedish Trade Strikes Mine; 25 of Crew Drown.

LONDON, April 5.—A Reuter dispatch from Stockholm says the German steamer Greta Heimsoth has struck a mine in the Baltic and sunk and that 25 members of her crew were drowned.

The Greta Heimsoth was a vessel of 1554 tons. She was engaged in traffic between Sweden and Germany.

LONDON, April 5.—A dispatch from Berlin, Sweden, says Reuter's Copenhagen correspondent, "asserts that two German coasting steamers during the last few days have struck floating mines and sunk in the Baltic Sea, in immediate proximity to the route between Trelleborg and Sassnitz, with which points traffic has been temporarily suspended. The crews of the steamers were saved."

SOLDIERS PAID WEEKLY

Money Sent to British Fighters Even When in Trenches.

LONDON, March 21.—(Correspondence of the Associated Press.)—The pay department of the British Army now employs nearly 700 officers and about 7000 clerks on the so-called "accountancy rolls." Every soldier carries his pay-book right through the war.

As far as possible he is paid weekly. Misses Helen Hulbert, Gladys McKnight, Vesta Lamb and Nelson McDonald as her maids for the celebration. Irvin Custer has been named master of ceremonies.

QUEEN NAMES HER MAIDS

Miss Lora Warrington at Albany College Prepare for May Day.

ALBANY, Or., April 4.—(Special.)—Miss Lora Warrington, who has been chosen Queen of the May for the annual May day festivities at Albany College, has appointed Misses Helen Hulbert, Gladys McKnight, Vesta Lamb and Nelson McDonald as her maids for the celebration. Irvin Custer has been named master of ceremonies.

Miss Warrington, who will preside as queen, and Miss Hulbert, who will be the maid of honor, were schoolmates together at Wadsworth, Wis., ten years ago. Miss Warrington came to Oregon with her parents five years ago and located at Yamhill. Miss Hulbert has resided in Albany the past four years. Both are members of the junior class of the college.

GUARDS CHEERED BY IRISH

50,000 of Two Forces Recruited to Fight Each Other Are Comrades.

DUBLIN, April 4.—A band of the Irish guards, which even a few months ago were recruited in Ireland, arrived here today on a recruiting tour and was enthusiastically cheered as it marched past the National House, playing "St. Patrick's Day."

The men were received and welcomed by the Lord Mayor and Sheriffs. There was a most remarkable scene here today when John E. Redmond, the Irish National leader, received 25,000 Irish National volunteers, and in a speech said that of the Nationalists and Ulster volunteers, who had organized to fight one another, more than 50,000 were now fighting side by side on the Continent or in training to go there.

ATTACK ON STRAITS NEAR

Berlin Hears Allies Are Prepared to Renew Action.

BERLIN, April 4, by wireless to Sayville, N. Y.—Reports from Rome say that a great new attack on the Dardanelles and Smyrna by the Anglo-French fleet is imminent.

LONDON, April 5.—A dispatch to the Times from the Island of Mitylene, dated Saturday, says:

"The allied flotilla has been cruising off Mitylene since Thursday. Some firing was heard yesterday and today, which points to the continuance of the offensive in that quarter."

Girl Hikers Reach Roseburg.

ROSEBURG, Or., April 4.—(Special.)—After a walk of 15 miles, June and Faye Shea and Kattie Berberich, the girl hikers who left Portland a few weeks ago en route to San Francisco, arrived here late this afternoon. They were joined here by Mrs. Shea, who will accompany them on the remainder of their journey.

GIRLS AID BOY SCOUTS

Scores of Committees Striving in Scores of Ways to Do Their Part in Hour of Need—Efficiency Everywhere Is Noted.

BY CAROLYN WILSON. (Copyright, 1915, by the Chicago Tribune. Published by Arrangement.)

LONDON, March 18.—In the simplicity of my soul I communed thusly with myself one sunny morning about 9:30: "Today, getting a fine early start. I am going to look into women's activities during the war. I'll cover all the important branches of this morning, and this afternoon I'll put in looking at workrooms and soup kitchens and recreation halls, and then if I'm not too dead I'll do the article this evening."

And I opened up a paper and took down as many addresses of charitable institutions, committees for relief houses for enlistment of women volunteers, and of a thousand other good and worthy causes as I could get on a generous piece of hotel stationery.

List a Formidable One.

It looked a little formidable, but at 5:30 in the morning the wounded optimism of yesterday is convalescent if not entirely whole.

However, I had made a miscalculation. I should have given myself a week to investigate and I should have covered ten pages of that hotel stationery with addresses. There are more committees in England than there are saloons. And some way, by God's grace, these thousands of unaffiliated, decentralized bodies of women manage to get something done. It is a miracle—all the more marvelous to me, coming, as I have, directly from Germany, where there is a head to everything—a small body governing the centipede endeavors of scores and scores of committees.

Of the larger, more widely advertised of these English women's societies you already know. You know of the general work of the British Red Cross, of the ambulance associations. You have read of the splendid work that is being done by the American hospital at Paignton and have heard of the scores of old manor houses and castles which have been given up as homes for wounded and convalescent soldiers.

Girls Learn Military Ways.

But there are so many hundred other things which have not been as much spoken of—Independent organizations or subcommittees under the larger organizations (Concluded on Page 5.)

INDEX OF TODAY'S NEWS

The Weather.

YESTERDAY'S—Maximum temperature, 55 degrees; minimum, 42 degrees. TODAY'S—Fair; northerly winds.

War.

REGARD FOR SHIP OPPOSED

German Press Cites Suggestion of Arming Merchant Vessels.

BERLIN, April 4, by wireless to Sayville, N. Y.—The Overseas News Agency says: "Replying to the suggestion in London that all British merchant vessels passing through the English Channel be armed with machine guns, the German press declares that this merely proves that German submarines must not give any regard to these naval franc tireurs."

PUTNAM W. TAFT, 93, DIES

Oldest New England Schoolmaster Is Relative of ex-President.

BOSTON, April 4.—(Special.)—Putnam W. Taft, 93 years old, the oldest schoolmaster in New England, died at Mendon yesterday.

He was a descendant of Robert Taft, an immigrant who settled at Mendon in 1658. He entertained three years ago his relative, President Taft, when the latter made a visit to that town.

IRISH STEAMER TORPEDOED

German Submarine Sinks Vessel in English Channel.

LONDON, April 4.—The steamer City of Bremen, of Bremen, has been sunk by a German submarine off Wolf Rock, in the English Channel, about 15 miles south of Land's End, Cornwall.

Four members of the crew of the steamer were drowned. Twelve survivors arrived in Penzance.

LINER IS BELIEVED LOST OFF HATTERAS

"Sinking Fast" Is Last Word By Wireless.

3 WOMEN AMONG PASSENGERS

Prins Maurits Not Found by Steamer Going to Rescue.

CALL FOR HELP IS HEARD

Message Asking for Prompt Help Is Relayed by British Cruiser—All Hands Believed to Have Perished in Late Storm.

NEW YORK, April 4.—Fears that the steamer Prins Maurits, of the Royal Dutch West Indies Company line, had gone down, possibly with all on board, were expressed tonight in a wireless message received from the steamer Algonquin, which yesterday went to the aid of the Prins Maurits, reported in distress off Cape Hatteras.

The message from the Algonquin said the last heard from the Prins Maurits were the words: "Sinking fast." The Algonquin's message added: "No later news was received from her, but all hands are supposed to have perished."

Three Passengers Are Women.

The Algonquin, of the Clyde Steamship Company, which is on her way to New York from West Indian ports, having left Turks Island on March 30, sent word that she expected to reach here Monday morning.

The Prins Maurits, which left New York Thursday for West Indian ports, carried only four passengers. She was commanded by Captain H. J. Vandergoot. The steamer is of 3225 net tonnage, 285 feet long, 28 feet beam and about 20 feet depth. She was built in Hamburg in 1900.

The passengers who sailed on the Prins Maurits were Mrs. F. T. Wallace, of Philadelphia; Mr. and Mrs. C. Miot, of Haiti; and Mrs. L. Roche, of Wilmington, Del.

British Cruiser Relays Message.

Word that the Prins Maurits was in distress came in a wireless message yesterday, supposed to have been relayed by a British cruiser. She reported her latitude and longitude and asked for prompt help. Several vessels, including the Algonquin and the City of Macon, went to her assistance. No further word came from her or from the steamer that had gone to the rescue until tonight's message from the Algonquin.

Tonight's message came from A. A. Boom, traveling inspector of the Royal Dutch West Indies Company, who was on board the Algonquin, in response to a message of inquiry sent from the company's offices here today.

The Prins Maurits, it was said by officers of the line, carried a crew of from 40 to 45 men.

EASTER FASHION IS OLD CLOTHES

EVANSVILLE, IND., CONGREGATION SETS EXAMPLE.

Simplicity Also Is Keynote of Services and Music; Pastor's Request Is Granted.

EVANSVILLE, Ind., April 4.—(Special.)—Not a single new Easter hat, gown or suit was seen during the Easter services at the First Pentecostal Church of Naarene in this city this morning. A few days ago the pastor of the church, Rev. Ira R. Akers, asked the members of the congregation to wear their old clothes at the Easter services and he especially dwelt on the admonition that the women should not wear any new bonnets.

"If the members wear new clothes it will embarrass the poor people who might come to the church and who are not able to buy new garments," declared the minister.

The members of the church faithfully kept the pledge they made. The services were marked by simplicity and the songs were old-fashioned and the sermon of the minister was "old-fashioned," to use his own words. He stuck to the Bible story of the resurrection and after the regular sermon the members of the church, clothed in the simplest of garments, gathered around the altar, where communion was taken.

Rev. Mr. Akers said he believed that the people of his congregation by their sacrifice today set a worthy example to other churches.

THREAT STIRS BRITISH

London Paper Says Allies May Hang German Minister of Marine.

LONDON, April 4.—In an editorial on Germany's threat of reprisal against British officers held prisoners in Germany if the prisoners of submarine boats held in England receive treatment different from that of other prisoners, the Daily Chronicle says: "It is time to realize the pass to which things are leading. At the end of the war, the allies will have two alternatives: They can allow the practice of submarines sinking recognized by international law, or they can, after trial, hang the German officers responsible for initiating it, including, if his responsibility is shown, Admiral von Tirpitz (the German Minister of Marine). We do not at present see any third alternative."

LARGE SPOT FOUND ON SUN

Disturbance Can Be Seen With Opera Glass, With Smoke Accessory.

WASHINGTON, April 4.—A large sun spot has been discovered by the naval observatory. The disturbance showed on a photograph taken at noon, March 29, and probably will be visible until about April 10.

It may be observed by using one side of an ordinary opera glass with a piece of smoked glass.

Sunday's War Moves

STUBBORN battles are still being fought for the passes in the Carpathian mountains, but elsewhere comparative calm appears to prevail. The Austrians, in their official message yesterday, admitted that they had been forced to retreat in the Rofid Mountains, which last night they asserted that they had repulsed many Russian attacks and had taken more than 2000 prisoners.

Nevertheless, it is the opinion of British military experts that the Austro-German forces will have to retire to the mountains south of the Carpathian range and there make another effort to prevent the Russian armies, and particularly the Cossacks, from swarming over the plains of Hungary.

The Germans have made an advance on the Yser front, where they have taken a village from the Belgians, but it is believed that no big attempts will be made in this region, as floods, which can be brought about at any time by opening sluices, offer an impenetrable barrier to a general advance.

Fighting also continues in the forest of Le Pretre, which has been the scene of a long and sanguinary battle.

Nothing official has been received from the Dardanelles or the other Turkish fronts, although a Russian semi-official report says that the Turkish-protected cruiser Medjidieh struck a mine and sank.

So far as the Balkans are concerned, interest centers in the raid by Bulgarian irregulars into Serbia, which has been successfully countered. As usual, recriminations are being indulged in, the Serbians charging that the raiders were led by Bulgarian, Austrian or German officers, while the Bulgarians reply that the outbreak was the result of the Serbian administration of that portion of Macedonia, which largely is inhabited by Bulgarians.

It is expected here that the case will be settled by Bulgaria's promising to punish those responsible for the raid, if it is proved that they actually organized the operation on Bulgarian soil.

Archbishop Celebrates Mass.

Special services, consisting of solemn pontifical mass and a sermon, were celebrated in St. Mary's Cathedral yesterday at 11 o'clock. Archbishop Christie pontificated, assisted by five priests.

The high altar was magnificently adorned with Easter lilies, while the altars of the Virgin Mary and of St. Joseph were decorated with calla lilies, carnations and Oregon grapes.

Rev. J. A. Chapoton delivered the sermon, emphasizing the resurrection of Christ.

PORTLAND'S EASTER GLADDENED BY SUN

Holy Day Observed By Thousands.

FAIR SKY PERMITS GAY GARB

Glorious Music and Flowers Enhance Inspiring Sermons.

CHURCHES ALL CROWDED

Numerous Additions Made to Membership and Offerings Are Generous; Choirs Produce Elaborate Programmes at Services.

The Easter rabbit lifted its muzzle from a clump of feather-topped carrots and cast an anxious eye to heavens—heavens destined, in spite of flitting clouds, to pour down on Portland, not rain, but a bright and sunny Easter.

Mildly Portland, wrestling with the new combination of buttons and hooks on her short-waisted jacket and flaring skirt, followed this with birdlike poses before a mirror to see that the sabbar bow of ribbon that hung itself from the chin trimmings of her hat was adjusted to the proper and sufficiently rakish angle.

Chimes and Bells Sound.

The church bells answered to the steady tolling hand of a score or more of solemn sextons, and chimes from more pretentious bellfries made sweet Easter-morn music in response to the skilled bell-ringers.

Then, as Milday stepped out bravely into the morning that tried its levellest best for a little while to be dull, Old Sol peered through a chink in the water-gate sky.

What he saw, and what he heard, no doubt awoke him to a realization that he was about to miss something and the screen of clouds melted away before the burning radiance of his gaze, as a flood of soft, warm sunshine heralded the fashionable hour of Easter day—11 o'clock.

Easter Parade Is Triumph.

Thereupon the Easter parade in Portland was a fashion success and a weather triumph; and the religious devotion paid to the day was auspicious, fervent and widespread.

It was a brilliant procession that led to the church doors yesterday morning. Inside the doors the services took on the festive note of the day in all its religious significance. Glorious Easter music, inspiring sermons, congregations that crowded the auditoriums and Sunday school rooms to the portals; numerous additions to memberships and generous offerings—these were some of the features that marked the day as a day of worship.

Floral Decorations Abound.

Easter and calla lilies, zebra and palms in abundance adorned the auditoriums where services were held. In small as well as large churches the same attention was given to details of decoration, music and the story of the resurrection of Christ.

While in the Roman Catholic and Episcopal churches the day had special significance, it was observed to a large extent in the churches of every other Christian denomination.

The Knights Templars attended church in the morning at Rose City Park Methodist Church and at the First Presbyterian Church in the evening. The First Methodist Church welcomed a large number of new members. The White Temple was observed with communitants and the sermon was of an Easter type. The day marked the fifth anniversary of Rev. W. B. Hinson's pastorate and he announced that in those five years 1600 members had been added. A baptism service was held in the evening.

Church Music Excellent.

In Calvary Presbyterian Church the Rev. Oliver S. Baum preached an eloquent sermon and the choir, under George Hotter's direction, sang excellent music. "Unfold the Portals" (Gounod) being one of the best selections. The anthem, "Easter Song," which was part of the service at the Unitarian Church, was one of the finest features of the programme there. The Rev. W. G. Elliot, Jr., is the pastor and John Clara Montell, director of music.

United Presbyterians who attended the services at the Third Church heard some fine organ, trio, quartet and choir music. In the Universalist Church Dr. J. D. Corby spoke briefly and the choir gave an elaborate vesper service at 5 o'clock.

Rev. A. L. Crim, the new pastor of the Central Christian Church, preached to his people yesterday. The Rev. George Darcey, the new pastor of the First Christian Church, will occupy the First Church pulpit next Sunday. Yesterday the Rev. S. M. Connor preached and the choir, directed by W. H. Boyer, gave a fine musical service.

Archbishop Celebrates Mass.

Special services, consisting of solemn pontifical mass and a sermon, were celebrated in St. Mary's Cathedral yesterday at 11 o'clock. Archbishop Christie pontificated, assisted by five priests.

The high altar was magnificently adorned with Easter lilies, while the altars of the Virgin Mary and of St. Joseph were decorated with calla lilies, carnations and Oregon grapes.

Rev. J. A. Chapoton delivered the sermon, emphasizing the resurrection of Christ.

(Concluded on Page 11.)

SOME FOLKS DO NOT NEED GOOD ROADS; OTHERS DO.
