"DAMAGED GOODS" WILL RUN UNTIL WEDNESDAY

Matinee Tomorrow to Be for Women Only—Stock Company Presents Bold Play Excellently—Comment Continues to Defend Production.

ONE OF STRIKING SCENES FROM "DAMAGED GOODS."

FOR the first time in several years the season to Portland friends in tremendous acting roles. "There is no one of adult years who should be too squeamish to permit himself or herself the privilege of seeing this play," says one letter that has been received at the box office. "Modern thinkers, social reform workers and physicians have long ago come to the conclusion that there is too much secrecy drawn about the evils that undermine society and human health. And of this particular evil, so uncompromisingly dealt with in 'Damaged Goods,' too much warning cannot be given. The consequences that are visited not only upon the individual himself, but upon everyone he comes closely in contact with, are shown in a manner so brutally terrible that its lesson is one that will be carried through life, and may be the means of saving untold suffering for some one who witnesses it." The play has called forth many voluntary comments of like nature, which have been delivered in person or by post at the theater.

MUSIC FEST IS PLAN

Three-Day Jubilee to Aid Police Band Fund Proposed.

MUTS TAKING INITIATIVE

All Civic Organizations Are Being Urged to Take Part in Big Entertainment to Insure Advertising Trip to East.

In order to raise the balance of funds to finance the proposed Eastern tour of the Portland Police Band, it has been decided to stage a Springtime jubilee entertainment and musical festival at the Armory Thursday, Friday and Saturday evenings, April 29, 30 and May 1. The Armory has been reserved for this purpose and a meeting for the purpose of arranging preliminary plans will be held in the Rosarian room of the Commercial Club Wednesday at 8 P. M.

The program will be different each night. The Police Band, Firemen's Band and other musical organizations will be featured, and talent of local amateurs will be given place on the program. The various details will be discussed Wednesday night. The entertainment, as now planned, will be given at popular prices, and the proceeds will be different each night. The Police Band, Firemen's Band and other musical organizations will be featured, and talent of local amateurs will be given place on the program. The various details will be discussed Wednesday night.

The various committees appointed from the different clubs probably will be formed into a "Flying Squadron," to have executive direction of the entertainment. In acting as a call for volunteers that have volunteered their services, in addition to the Muts, are the Young Men's Christian Association, the Fire Department, the Automobile Dealers' Association, the Realty Board, the East Side Business Men's Club, the Elks and Ad Club.

One of the most important features of the trip of the band boys will be the publicity the next Rose Festival will receive. The only interest the Muts have in the enterprise is that of good citizenship and to help start the ball rolling," said Mr. Strandberg yesterday.

The whole city and state are vitally concerned in getting educators to route their journeys this way next Summer, and every business, civic and fraternal organization in the city should join in helping to finance the trip of the Police Band. As soon as the different organizations that are taking the initiative in the movement held the meeting, a call for volunteers from every public-spirited body in the city will be sent out. The idea is to make this show a call for everybody's jubilee, not merely a Police Band entertainment.

All organizations desiring to offer their assistance should notify the Publicity committee at police headquarters or W. P. Strandberg.

Prisoners of Habit

America is the most extravagant country on the globe. It is filled with men who make big salaries—and spend them. What do they profit? They accustom themselves to luxury; shackle themselves in the chains of extravagance. And with appalling regularity they spend old age in want.

An account at this bank begets economy. Economy assures independence. Begin today. It is easier to forego a luxury now than to lack a necessity later.

DO YOU NEED GLASSES?

If You Do Here's Something to Remember

- The right kind of lenses will help your eyes. The wrong kind will hurt your eyes. The right kind will stop headaches. The wrong kind will give you more headaches. A careful, thorough examination is important and often shows that many who think they need glasses are better off without them. Such people need our advice—not our glasses. Our work, you see, is not to sell glasses as glasses, but to give you the benefit of our knowledge to supply glasses only when glasses are needed. "A thing is worth precisely what it can do for you, not what you pay for it," says Ruskin. The cost of our glasses is based on the value they are to you in helping you to see better. In this day of trained men, it is economy to engage the services of trained men. After engaging the services of trained men, it is a waste of money to buy cheap glasses fitted by untrained men in the hope that you will save money. Cheap glasses are made to make money for those who sell them. Good glasses are made to make good for those who wear them. You will safeguard your eyes and pocketbook by having Thompson attend to your eye wants. Our electric automatic lens-grinding machinery is the most modern on the Coast, and our facilities enable us to replace broken lenses in quicker time and at lower cost than any other optical house in Portland.
