**M**ANY sides of social service work were considered and many practical suggestions for the improving of conditions and the unifying of efforts were made yesterday by Arthur Evans Wood, who spoke interestingly before the members of the Council of Jewish Women. The occasion was the regular monthly meeting in the B'nai B'rith Hall, Mrs. Julius Louison was chairman of the programme, Mrs. Isaac Sweet, president, presided and Mrs. S. M. Blumauer headed the social committee. Solos were contributed by Mrs. Charles Sears, accompanied by Miss Wood.

Mr. Wood traced the history of social service work and the awakening of the people to an appreciation of the importance of brotherhood. The growth of cities and the rise of modern industrialism he gave as causes for many existing conditions and that the vast amount of unemployment. "There are many definite problems here on which the social workers should be agreed and work together," said Dr. Wood. "We have passed the police clubbing age of unemployment and are just now in the soup kitchen age. The less agencies and co-operate for a state employment bureau. The housing problem, too, is one that needs our attention. The segregation of the feeble-minded is another problem that should be considered. The social workers are the people who realize that the problems of the face are problems that must be considered and in their consideration a great lever is found. No class of humanity can suffer without all men being affected."

Dr. Wood congratulated the council upon the excellent part it has taken in humanitarian work and asked its agencies to co-operate in efforts that are being taken up by the social workers of the city. John E. Yeon spoke in favor of good roads and his address was received with appreciation. Mrs. Louison reported that \$800 profit had been made after all expenses had been paid in the Cotton Ball for the benefit of Scadding House, but also making them. They will be of the simplest style and material in the newest shades, and will later do duty for wear during the Summer at home or at the beaches. Younger maids are vying with the matrons to make the affair a huge success and of interest to the general public. The patronesses include: Mesdames Charles Scadding, W. J. Burns, A. L. Mills, George Good, W. B. Ayer, Paul A. Trullinger, A. C. Newell, Leonora F. Whip, Julius Louison, C. H. Martin, Alma Katz, Everett Ames, C. S. Jackson, H. C. Bowers, E. L. Thompson, E. E. Coover, Andrew Porter, E. L. Devereaux, J. P. O'Brien, Gordon Forbes, Sanford Lowengart, D. Farrell, Roscoe Pawcett, Charles E. Erna Hart, Miss Grace Marie Blumauer and Miss Minette Shub. The college women of the city are expressing varying opinions on the formation of a "Woman's College Club." "Can this club be formed as an adjunct to the Association of Collegiate Alumnae?" "Can the Association of Collegiate Alumnae sink its identity and become a part of a college club that is made up of women who have not graduated or attended the institutions designated by the association?" "Is it constitutional and in accordance with the National Association of Collegiate Alumnae that a club which is organized along less exclusive lines?" These are some of the questions that are agitating the college women. At a meeting yesterday in the Library, the following resolution was adopted: "Resolved, that an organization called the Women's College Club would fulfill the object of a separate college club, and the Association of Collegiate Alumnae be requested to arrange for such a local section, and all women eligible be urged to join." Mrs. George Gerlinger, a member of the board of regents of the University of Oregon, presided. Miss Emma Wood, of the Association of Collegiate Alumnae, acted as secretary. Among the speakers were Mrs. Robert Lewis, Mrs. Vincent Cook, Mrs. James B. Kerr, Mrs. Robinson, Miss Louise Brace, Mrs. Moody, Miss Helen Bates and Mrs. E. P. Geary. Definite organization will be attempted at the next meeting of the Association of Collegiate Alumnae, which will be held on May 1. At the meeting of the Association of Collegiate Alumnae last Saturday the members voted to affiliate with a college club. It was the plan of those interested that the local officers already in charge should be asked to affiliate with the National Association of Collegiate Alumnae members and that the club members who were Association of Collegiate Alumnae women should be asked to affiliate with the local officers. Some of those opposed to the plan to affiliate in any way with the National Association of Collegiate Alumnae felt that it would only result in hard feeling and that all who were not of the Association of Collegiate Alumnae would feel themselves outsiders. "I am not in favor of joining the two groups under one head," said a prominent member of the association, "and I will have nothing to do with it. It is in the spirit of those who plan the college club to admit women who meet the requirements found in the following resolution: "Any woman who is eligible to the College Club who shall have satisfactorily completed at least one year toward the bachelor's degree in any of the colleges and universities appearing in classes I or II of the classification prepared by the United States Bureau of Education, or in the accepted list of institutions of the Carnegie Foundation for the Advancement of Teaching, or who holds a degree or certificate of graduation from a professional school of law, medicine or pedagogy, which prescribes a course of at least three years. She must have been a resident of Portland for at least six months." A clubhouse for college women also is being planned.

The Current Literature department of the Portland Woman's Club will meet promptly at 1 o'clock today in the home of Mrs. M. Baruh, with Mrs. G. J. Frankel and Mrs. Baruh as hostesses.

### The Home Beauty Parlor

**Teacher:** You ask for a good wrinkle-eraser. I use this simple vegetable cream-jelly, the most effective thing I know for eradicating wrinkles and fine lines. It is easily made at home. Dissolve 1 ounce almonin in 1/2 pint cold water, then add 2 teaspoonfuls glycerine. Apply generally to skin before retiring, and after a very few applications you will find the lines are rapidly disappearing and the skin quickly becoming smooth and youthful in appearance. This treatment energizes the stunted tissue so they assume their regular functions and when this is done the wrinkles naturally vanish. The almonin massage is very effective in cleansing the skin of pimples, blackheads and other blemishes.

**Winifred:** This is that recipe for my valuable face lotion which your friend says is so wonderful. In 1/2 pint hot water or witch hazel dissolve 4 ounces surfax, which you can get at any drug store, then add 2 teaspoonfuls glycerine. Apply to face, neck and arms and rub lightly until dry. This clears the skin of pimples, blackheads, and discolorations and restores the rosy tint of healthy maidenhood. This lotion is invisible when on and gives an added touch of loveliness to the faintest complexion. It is particularly fine for banishing the oily, sallow, "muddy" appearance. ### Why Do French Women Always Look Young?

In France mothers and daughters look like sisters. How are the women there able to retain their youthful looks until long past middle age? It is because they are much given to the use of mercurized wax. This wax possesses a remarkable absorbent property which quickly removes the fine particles of cuticle which are constantly dying and which are the immediate cause of an old-looking complexion. Thus the livelier, healthier, younger skin is revealed. It gives a chance to breathe and show itself. Try this treatment yourself. Just one ounce of mercurized wax, two weeks to make your complexion as clear, soft and beautiful as a young girl's. Just one ounce of mercurized wax (all American druggists have it) usually does the work. The wax is put on night with cold cream and washed off mornings.

### HOW FRENCH PEOPLE CURE STOMACH TROUBLE

A household remedy of the French peninsula, consisting of pure vegetable oil, and said to possess wonderful merit in the treatment of stomach, liver and intestinal troubles, has been introduced in this country by George H. Mayr, who for twenty years has been one of the leading down-town druggists of Chicago and who himself was cured by its use. So quick and effective is its action that a single dose is usually enough to bring pronounced relief in the most stubborn cases, and many people who have tried it declare they never heard of anything to produce such remarkable results in so short a time. It is known as Mayr's Wonderful Remedy and can now be had at all leading drug stores. It is sold with the positive understanding that your money will be refunded without question or quibble if ONE bottle fails to give you absolute satisfaction.

### SOAP IS BAD FOR THE HAIR

Soap should be used very sparingly, if at all, if you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle and ruins it. The best thing for steady use is just ordinary mulsified coconut oil (which is pure and greaseless), is cheaper and better than soap or anything else you can use. One or two teaspoonfuls will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft and the hair fine and silky, bright, lustrous, fluffy and easy to manage. You can get mulsified coconut oil at any pharmacy, and a few ounces will supply every member of the family for months.
