

WILHELM PROPOSES TO CONTINUE RAIDS

Naval Officers, However, Think German Vessel Will Finally Interne.

REPAIRS TO BE EXTENSIVE

Escape of Commerce Destroyer From Allied Warship Regarded as Wonderful—Many Sailors Ill With Beriberi.

NEWPORT NEWS, Va., April 11.—The German merchant raider Kronprinz Wilhelm will not be permitted to go into drydock at the shipyard here until Lieutenant Commander Thierfelder, her commander, makes formal request for time to complete such repairs as he deems necessary to make his vessel seaworthy.

Experts from Newport News who examined the ship yesterday found her leaking slightly and her boilers in bad condition. Unofficially it was learned that the vessel would require extensive repairs. That was taken to indicate the ship eventually might be forced to intern.

Captain Thierfelder, however, is insistent that he must hasten to repair his ship and return to his work as a merchant raider. He discharged officers and men of the British ships Tamar and Coleby, whom he brought here, and they were transferred to the British ship Cassandra, which sailed tonight for England.

Escape Regarded as Wonderful. That the escape of the Wilhelm from the allied warships off the cape was a wonderful one was attested last night by Captain Thierfelder, in describing his experiences after destroying the Coleby March 27 last.

"We started north from the equator short of coal and provisions," he said. "We also had sick sailors aboard, afflicted because of too much rice diet and lack of fresh vegetables."

"When we started north we hoped to meet German supply ships. Unfortunately for us none turned up. In this situation it was necessary for us to get to port and make a drydock."

"As we drew near the coast we heard continually the enemy warships talking to each other by wireless, but we kept on running due north as rapidly as we could with our ship darkened at night. One night we heard the exchange of news about the Prinz Eitel Friedrich being at Newport News. Thereafter we heard information about the Eitel every night, and a few days ago we got the news from the British wireless that she had been interned."

Wireless Messages Cease. Immediately thereafter all talking between the British warships ceased. We presumed that the fleet was breaking up, and on Saturday night we decided to bolt in for the Virginia capes.

"With all lights out we started at top speed, but had not gone far when we again picked up the wireless of the allied warships. However, we kept on. One ship seemed dangerously near as we approached the cape."

Captain Thierfelder denied statements made by British prisoners aboard his vessel that the Kronprinz ever was in wireless communication with the Prinz Eitel while the latter was in port here or before the Virginia capes. Official inquiry was made concerning these reports.

Inquiry Is Made. Investigation also is being made into the departure of the Wilhelm from the port of New York for Bremen. Officers of the ship declared she was ordered to Bremen with reserves, but that they subsequently learned she was to be sent to the Karlsruher and the orders changed after they had been en route for Bremen for three days.

Ten more cases of beriberi were reported aboard the Wilhelm, making a total of 110, according to latest advices. None of the men will be removed.

Evidence that the allied warships were on the Wilhelm's trail was given tonight by Captain Lucas, of the British ship Berwickshire, who followed the German raider into the capes. He said that when the Wilhelm passed within the three-mile limit he saw her stern reflected by a searchlight and that he later discovered the light had been thrown from afar by a French cruiser.

NONSUIT GRANTED DENTIST Dr. Parker Obtains Dismissal of Woman's Plea for \$10,000.

"Well, I made \$18,000 yesterday," remarked Dr. E. R. (Fatless) Parker after Judge Morrow had granted him a nonsuit in a damage case that had been brought against him by Alma Francis, a former patient, who alleged that one of the dentists employed by Dr. Parker had administered to her in treatment of her teeth.

The court's decision was based, apparently, upon the testimony of Dr. C. Smith Long, who treated the woman's teeth after she had had treatment at Dr. Parker's office. Although Dr. Long, on direct examination, said that the woman's gums were badly infected when she came to his office, he admitted on cross-examination that she was suffering from a bad case of pyorrhea, which probably was present before her treatment by Dr. Parker's office.

"It was only another effort of the dental trust to drive me out. Now that this \$10,000 suit is disposed of, I have only \$20,000 in damage suits hanging over me," Dr. Parker said.

ILL DRESSMAKER ROBBED Thief Takes Valuable Silk When Victim Is in Hospital.

Miss Emma Leslie, a dressmaker who lives at the Hotel Ramapo, returned from St. Vincent's Hospital a few days ago to find that during her illness some one had entered her room and had stolen a handsome piece of black silk crepe, which was the property of one of her customers.

"This is a severe loss to me," said Miss Leslie, "and I am sure that the person who took it cannot realize how hard a time I had been having, with doctor bills and hospital fees to pay, and then to think that I must make good this loss."

MR. DAY CORROBORATED

ALL ON COMMITTEE AGREE CONCERNING MR. BOWLEY'S CASE. Statement Made That Both Sides Had Equal Chance at Hearing Substantiated by Fellow Senators.

Every member of the Senate ways and means committee, which heard complaints from Columbia County contractors and also gave Major Bowley, then State Highway Engineer, opportunity to present his side of the controversy during the latter part of the last session of the Legislature, Monday corroborated State Senator I. N. Day's statements regarding the hearing.

Mr. Day, on April 11, sent the following telegram to each member of the committee:

"The following statement in accordance with your recollection: 'A written petition for relief was regularly submitted to the Senate by the Columbia County contractors and the ways and means committee for consideration, to whom it was regularly referred.'

"The committee called a meeting to consider Mr. Bowley's case and was given the same opportunity that was given the contractors to be heard, and he was heard."

"In response to Mr. Bowley's request for a further hearing he was informed that if he desired to go on public record he could do so by a written explanation and justification of the action of the Senate ways and means committee."

In response to the foregoing telegram Mr. Day received the following replies:

"Amity, Or., April 12.—I wish to confirm your statement concerning the attitude of the ways and means committee relative to Bowley matter.—C. L. Hawley."

"Grants Pass, Or., April 12.—Your statement is correct as I understood it. See letter.—J. C. Smith."

Mr. Day received a letter from Mr. Smith yesterday, in which the telegram referred to was further explained:

"Your presentation of facts in regard to what transpired before the Senate ways and means committee has been drawn much stronger."

"Hillsboro, Or., April 12.—Your statement is correct. Bowley requires aid in preparing answer and representation by attorney to charges. Was told he could file brief.—W. D. Wood."

"Pendleton, Or., April 12.—The Bowley incident, according to my recollection, is substantially the same as stated in your message.—J. N. Burgess."

"Ithra, Or., April 12.—Your telegram of the 11th is approximately according to my recollection.—W. H. Ragsdale."

"Salem, Or., April 12.—Your statements in regard to Columbia County people and Mr. Bowley's appearance before the ways and means committee are correct, and they all had a show to be heard.—A. M. McEllett."

Mr. Day's statement, which has been substantiated by these replies, was originally made in a letter to the Journal, in which he stated that he had been given a fair hearing by the committee.

POLICE SUPPRESS I. W. W. Threatened Demonstration Against Italian Laborers Not Made.

Threatened I. W. W. disorders at Third and Davis streets Monday did not materialize, and the mobilization of mounted police and detectives and regular police in readiness to break up any demonstration against Italian laborers employed by the Northwestern Electric Company in its new main on Third street was found to be unnecessary.

Agitators numbering a dozen appeared at Third and Burnside at 10 o'clock and made loud threats against the workers, at which Patrolmen Bewley and Stewart broke up the gang. They threatened to come back with 1000 men and make sure that the 50 laborers stopped work, and many congregated at the I. W. W. headquarters.

"COP" AWAY, HOME LOOTED Patrolman Weber Loses Goods and Sailor Is Arrested.

When Edward B. Weber, a patrolman living at 223 East Forty-second street South, returned to his home Monday night with his wife, after having enjoyed a night off, he discovered that his home had been entered and robbed.

Early in the night Herman Kuehl, aged 24 years, a sailor, was arrested at Third and Alder streets, by Detectives Leonard and Hill because he carried an overcoat, mandolin, two clocks, gloves and manure scooters.

About midnight Patrolman Weber reported the loss of goods similar to those taken from Kuehl on his arrest.

RECIPE TO DARKEN GRAY HAIR

By a Specialist. A very satisfactory preparation which darkens gray hair and acts as a corrective agent for dandruff and other diseases of the scalp can be made at small expense and in your own home by dissolving a small box of Barbo Compound in 7 ounces of water and then adding an ounce of bay rum and a quarter ounce of glycerine.

WOMAN SUES FOR \$10,000

Servant in Family 34 Years Says Dead Man Promised to Wed Her.

FREELAND, Pa., April 6.—Miss Sarah Campbell, of this town, has commenced action in assumpsit in the Luzerne County Court to recover \$10,000 from the executors of James Williamson, who died here 18 months ago.

Miss Campbell alleges that she acted as servant in the Williamson home for 34 years, that she cared for both him and his mother as their servant and nursed them in their illness. She makes further claim that Williamson, who was a bachelor and prominent estate agent, had promised to make her his wife as soon as his mother passed away.

The mother lived to be 100 and Williamson died suddenly of pneumonia without paying Miss Campbell for her services or fulfilling his promise to make her his wife.

The plaintiff, who entered the employ of the Williamson family when she was 16, is now 52. She is represented by Thomas F. Farrell, of Wilkes-Barre.

POLITICIAN'S TENANT DIES

Kentuckians Fight Over Ownership of Ax and Barrel of Coal.

FULTON, Ky., April 6.—In a pistol duel the other afternoon Will Thomas, a prominent Democratic politician, and Boyd Lovier, a tenant of Thomas, killed each other with pistols in the eastern suburbs of Fulton.

Lovier was moving from Thomas' farm. The men quarreled over ownership of an ax and a barrel of coal. Lovier had a bed slat and Thomas began shooting, when Lovier drew a revolver.

Thomas fired six shots, striking Lovier in the left side and leg. Lovier fired four times, one shot piercing Thomas' head. Both fell dead in 20 feet of each other.

Thomas was 39 years old and unmarried. Lovier was 19 and leaves a wife and babe, who are visiting at Sikeston, Mo.

DRIVER HELD; VICTIM LOW Karl Keller Arrested for Running Down Mrs. Ella Erickson.

Charged with reckless driving, Karl Keller, who drove the automobile that knocked down and possibly fatally injured Mrs. Ella Erickson Sunday night, was held in jail by a street policeman at Williams avenue and Fremont street, was arrested on the complaint of Harry P. Coffin, chairman of the city safety commission.

Mrs. Erickson is still unconscious at St. Vincent's hospital, with only a slight chance of recovery.

Keller, who gave his name to the police first as Ernest H. Truitt, lives at Williams, lives at 682 Rodney avenue. Mrs. Erickson resides at 651 East Sixty-second street North.

BOMB MEN GUILTY

Clemency Recommended for 2 New York Anarchists.

POLICE FIRED FUSE, SAYS 1

Prisoner Testifies Horror of Killing People in Cathedral Led to Refusal to Explode Shot, Despite Sleuth's Threats.

NEW YORK, April 11.—Frank Abarno and Carmine Carbone were found guilty by a jury last night on a charge of having made and placed a bomb in St. Patrick's Cathedral here on March 2. The jury recommended clemency for both men.

Justice Mott announced that he would impose sentence on the two men and hear any motion regarding the case on April 19. The prisoners were then remanded to the Tombs.

Counsel for the defendants had characterized the case as a "frame-up" by the police, stating that Polignani had admitted purchasing some of the explosives used in the bombs.

Justice Mott told the jury that the law does not regard as guilty a police officer, who in the performance of his duty, aids in the commission of a crime, because he does not have the guilty conscience necessary to make a crime.

Abarno, testifying today at the trial of himself and Carbone, denied that he had lighted the bomb. In the midst of cross-examination, Abarno sprang from his seat and shouted:

"I did not light that fuse; if I should be shot like a dog, I say I did not light it. The fuse they had at police headquarters they pulled out of the bomb and lighted down there."

Abarno testified that, after he had entered the cathedral, he changed his mind about lighting the bomb. Amedeo Polignani, the detective who posed as an anarchist and won Abarno's confidence, sat beside him in the cathedral, the witness said.

Abarno said he did not see Polignani, the detective who posed as an anarchist and won Abarno's confidence, until after he had entered the cathedral, the witness said.

"I told Polignani," Abarno said, "that there were too many people there and we might hurt human beings. Polignani said: 'Go on and light it or you'll be a traitor. Light it, so that if we are arrested, we will have done something good.'"

The defense rested its case and the state offered no witnesses in rebuttal.

SCHOOL "TRUST" PLAINT University Heads Accused of Pact to Govern Institutions.

CHICAGO, April 11.—The university still is the center of the political contest in Wisconsin. Seemingly nothing was settled by the election of last November. If its critics tell the truth, one must believe that that institution has its political ramifications all over the commonwealth.

So eminent a person as Judge Levi H. Baneroff, of Richland Centre, formerly Attorney-General of the state, declares that there is a trust of university presidents which governs the universities and that the regents do not amount to "any more than a rubber stamp."

He emphasizes the University of Wisconsin as particularly a stinger in this respect and says it maintains a lobby surpassing in efficiency anything of the sort in the state.

President Van Hise denies this, declaring that he never goes to the Capitol except for committee hearings or to meet the Governor and that the professors of the university are forbidden to do any lobbying. Critics of the university say the regents are political appointees, that they pass under control of the president and that the president himself is one of a coterie running the educational institutions of the West.

HOME BUILT OF WRECK TIES Manzanita Beach House Made Only of Material From Leggett's.

NEHALEM, Or., April 17.—A cottage built entirely of railroad ties gathered following the wreck of the Francis R. Leggett is the latest novelty for Manzanita Beach. At the time of the wreck many thousands of ties and bundles of laths drifted in. Residents of the beaches and some from far up in the Nehalem Valley gathered the wreckage.

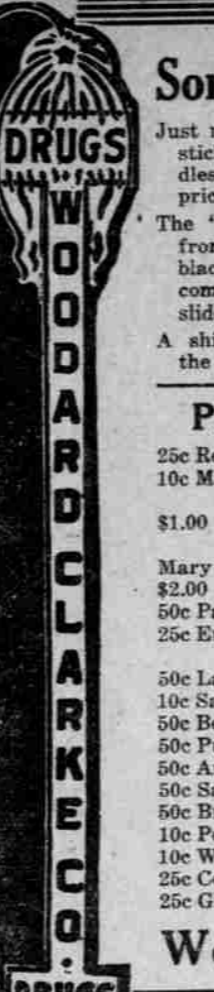

J. W. Parker, formerly of Gresham, decided to build a four-room cottage out of a part of those he secured. The rooms are finished in a style and show the ties on the ceiling. The boards used on the roof were saved from some of the ties, and everything about the building except the shingles and the laths are a part of the wreckage of the vessel.

Vancouver Knights Hold Dance. VANCOUVER, Wash., April 12.—(Special.)—The second annual ball given by Columbia Council, Knights of Columbia of this city, was attended last night in Columbia Hall by 150 couples. The grand march was led by Walter Reed, grand knight, and Mrs. Reed, and 2 o'clock. The hall was decorated elaborately in the colors of the order.

DON'T WASH YOUR HAIR WITH SOAP When you wash your hair don't use soap. Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is just plain unperfumed coconut oil, for this is pure and entirely greaseless. It's very cheap, and beats soap or anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to manage. Besides, it loosens and takes out every particle of dust, dirt and dandruff.
