Who buys FISHER'S BLEND FLOUR will find it a perfect all-purpose flour, as good for cakes and pastry as for bread. It is superior to an all-hard wheat flour or an all-soft wheat flour.

FISHER'S BLEND is a combination of flours made from EASTERN HARD WHEAT, GROWN IN MONTANA AND DAKOTA, and CHOICEST BLUESTEM WHEAT, GROWN IN EASTERN OREGON AND EASTERN WASHINGTON.

The slight extra cost of a sack of FISHER'S BLEND is more than absorbed in the increased number and size of the loaves and the better quality of the bread.
