Power Will Come With Unity, Advanced by Christ's Teachings, Says President.

WORK OF CHURCH PRAISED

People Outside Its Active Ministrations Declared to Get Illegitimate Usury, Giving Noth-Getting Benefits.

WASHINGTON, April 21 .- President Wilson in an address at a meeting here tonight of the Potomac Presbytery of the Presbyterian Church pictured a vison of China awakened by the voice of Christ and furnishing a great mo-mentum in the future to the moral forces of the world. He declared that as soon as the unity of China was realized its power would come in the world, Shall we not see that the parts are fructified by the teachings of Christ?"

The President's address was devoted largely to incidents of his boyhood, when he assisted his father, a Presby-terian clergyman, "He had the risky habit of saying exactly what he thought," said the President, "a habit which I in part inherited and of which I have had diligently to cure myself. Father's Teaching Inspiring.

"But he was the best instructor, the most inspiring companion, I venture to say, a youngster ever had, and in facing a Southern Presbytery I cannot think of myself as the President of the United States; I can only think of myself as the son of Joseph R. Wilson, and I only wish I could claim some of the vital connection with the church which he could claim. Because those who stand could claim. Because those who stand outside of the active ministrations of the church, so to say, get an illegitimate usury from it. We do not seem to add a great deal to its capital, but we they would have "Women lead the

world, it seems to me that the heart and nucleus of them is the principle of Christianity," he continued, "and that, therefore, the conservation of that great fountain of all that is just and righteous is one of the most important things conceivable, infinitely more important than the things which those of us do who attempt to take some part in administering the external affairs of the world; and when I hear men like Mr. world; and when I hear men like Mr Stuart pleading for the means to intro-duce this great influence into a part of the world now for the first time feeling

Power Will Come With Unity. "Why, this is the most amazing and inspiring vision that can be offered you, this vision of that great sleeping na-tion suddenly cried awake by the voice of Christ, Could there be anything more tremendous than that, and could there be any greater contribution to the future momentum of the moral forces of the world than could be made by quickening this force which is being set afoot in China? China is at present inchoate, as a nation it is a mass of parts in each of which there is energy, but which are unbound in any essential and active unit, and just as soon as its unity comes, its power will come in the world. School. Miss Anna M. Turiey will should we not see that the parts are fructified by the teachings of Christ?

"But that is quite apart from what I "But that is had come to say, I had not come to speak on foreign missions. I am not competent to speak on foreign missions, I am merely competent to utter my deep allegiance to the things which are represented by bodies of people like this and to express my thanks to God that as a youth and as a man I have been permitted to have some part in them."

Before Mr. Wilson spoke, Warren H. Stuart, a missionary from China, had told of the great importance of the work for Christianity being done there. The President dwelt on this in his address.

"When I think of the great bodies or epinion which sustain the affairs of the world, it seems to me that the heart and nucleus of them is the principle of mincing methods." "Wo made our mistake three years ago when we did not start to put women in the Legislature. Now we mincing methods.

Mr. and Mrs. Hendrick were married 60 years ago at Wheatland, in this county, by Rev. Glenn O. Burnett, whose brother was the first Governor of California. More than 250 friends and many near relatives honored the aged couple dur-ing the day, most of them pioneers and early settlers. Mrs. Hendrick came here in 1847 and Mr. Hendrick in 1852. waste in the Colon (Large Intestine), which, under our present mode of living, Nature cannot entirely remove without a little help.

The rank poisons in this waste get into the blood circulation too, and make us feel depressed, blue, bilious and incompetent-really sick—if allowed to go a little too far. All the help that Nature asks, however, is Internal Bathing with Warm Water, applied by the "J. B. L. Cascade." This, in a perfectly natural and rational way, cleans out all the waste and poisons from the Colon and keeps it as sweet, clean and pure by occasional use as Nature demands for a perfectly healthy condition.

So invariably successful has this new and improved method of internal Bathing proved to be that over 300,000 Americans are now enthusiastically using it to cure Constipation, ward off disease, and keep them bright, vigorous and efficient.

The "J. B. L. Cascade" is now being shown by the Woodard Clark & Co.'s Drug Stores in Portland. Call and let us explain how simply it accomplishes these great results.
