

VETERANS PREPARE FOR PORT AT CELILO

Grand Army Men to Present Flag Donated for Staff at Navigation's Head.

5000 TO SING "AMERICA"

Three Governors to Attend Fete and Representatives of Federal Government Expected.

Girls to Wed Waters.

A patriotic touch will be given the dedication of the Celilo canal and locks at Big Eddy Wednesday of next week by the presence of a company of Grand Army veterans who will formally present the flag which the citizens of Lewiston, Idaho, have purchased to grace the tall staff erected at the head of the waterway.

General H. S. Fargo, department commander for Oregon, has appointed the following veterans to participate in this ceremony: H. S. Fargo, department commander; T. H. Stevens, H. V. Gates, Portland; T. E. Hillis, Garden Home; J. E. Hall, M. L. Pratt, W. M. Hendershott, J. G. Chambers, W. H. Murphy, A. E. Borthwick, T. B. McDevitt, J. E. Shaw, J. B. Gardner, Thomas A. Jordan, L. C. Shorno, C. E. Other patriotic incidents in connection with the dedication will be singing of "America" by the entire crowd of people. It is expected that more than 5000 will be assembled there.

The principal addresses on behalf of the Federal Government will be delivered by Key Pittman, United States Senator from Nevada, The Governors of the three Pacific Northwest states, James Withycombe of Oregon, Ernest Lister of Washington, and Moses Alexander of Idaho, will preside.

The formal presentation will be made by Colonel C. H. McKinstry and Colonel Jay J. Morrow, of the United States Army engineers. William E. Humphrey, representative in Congress from the Seattle district will respond for the people of the Pacific Northwest.

The most spectacular feature, however, will be provided by a group of a dozen or more young women, each representing a stream flowing into the Columbia. Each will break a bottle containing water from the stream in that she represents, and pour it into the canal, typifying the union of the Columbia and its tributaries.

CANNED MILK DESTROYED

Marshal Montag Gets Rid of Adulterated Goods Shipped Here.

Three barrels of adulterated canned milk were located at a local bakery yesterday by United States Marshal Montag upon an order of condemnation by the Federal Court, and destroyed at the garbage incinerator. The stuff was shipped here by the German-American Specialty Company of New York City.

Seven barrels were in the original shipment, but the bakery, after making tests to determine if the milk was suitable for bread making, found it unfit for use and sold four barrels for hog food. This is the second seizure here of milk of this character within a few weeks.

FIRST FILE FOR QUEEN

MISS JULIA HARRISON NOMINATED BY MOUNT SCOTT CLUB.

Miss Lena Bogan is Independent Candidate--East Side Business Men to Take Up Matter.

Miss Lena Bogan, of 446 Miller avenue, Sellwood, was the first candidate for Queen of the Portland Rose Festival whose nomination blank was received at the Rose Festival headquarters.

This nominee was not presented as the candidate of any definite organization. It is expected, however, that the Festival Association will receive a great many individual nominations.

The Mount Scott Improvement Club is the first organization represented in the contest. A nomination blank was received yesterday, submitting the name of Miss Julia Harrison, the daughter of J. Alton Harrison, president of the Mount Scott Improvement Club, who lives at 5423 Thirty-ninth avenue Southeast.

Mr. Harrison said last night that this nomination was not official as the Mount Scott Improvement Club had not held a meeting since the announcement of the contest was published.

The East Side Business Men's Club will have a meeting of its trustees today and at that time the matter of nominating a candidate for queen of the Festival will be considered. The Rotary Club probably will consider the nomination of a candidate at its meeting at the Benson Hotel today at noon, and every other civic club of Portland no doubt will have taken steps to put a candidate in the field before the end of the week.

Many of the large mercantile firms of the city also will have candidates nominated by the employees of the stores.

Sam Krasner Trial June 21.

Sam Krasner, charged with white slavery, was arraigned yesterday in Federal Court and pleaded not guilty.

ALL STATE BACKS CLEANUP

Ministers Pledge Aid to Campaign Initiated by Chamber.

The preparations for the Clean-up and Paint-up Week, May 4-11, already are under way and the committee from the Chamber of Commerce finds the organization of the statewide movement being worked upon as zealously as is the Portland campaign.

The Methodist ministers in their conference yesterday decided to assist in every way possible. George D. Lee, of the Lee Advertising Agency, chairman of the committee, received announcements also from W. B. Hinson, pastor of the First Baptist Church, and from J. H. Boyd, pastor of the First Presbyterian Church, that they would assist.

Dr. E. A. Pierce says that he expects the health departments of the various cities to assist powerfully in carrying the movement to a success. A letter from a painter who has been out of employment for some time and is in need of work, yesterday touched on a new phase. He requested that information be sent him if his services could be used during clean-up week. The employment that will be afforded by the widespread cleaning and painting work will be of considerable importance in tiding many of the unemployed over until the employment of the Summer is opened fully. A number of the large public service corporations indicate an intention of doing extensive cleanup work during the week.

STREET WORK IS STARTED

Grading and Paving Contracts Involve Thousands of Dollars.

Work on street grading and street paving contracts involving several hundred thousand dollars was started yesterday by contractors in various parts of the city. The clear weather that has prevailed for some time just has made conditions perfect for paving and other municipal improvements.

While some work has been done prior to this time, yesterday marked the real opening of the paving season. Portland expects to expend close to \$1,000,000 for paving during the year. Many large contracts already have been awarded and others will be awarded within a short time.

Baby's Happiness Depends on Health

Cross, fretful babies usually need a laxative to make them comfortable and comfort begets happiness. Constipation is the cause of much discomfort. Mothers should watch closely the condition of their children's bowels and see that they are regular.

A mild, pleasant-tasting laxative such as Dr. Caldwell's Syrup Pepsin is ideal for children because of its natural composition and gentle action, and because it contains no opiate, narcotic or other harmful habit-forming drug. Dr. Caldwell's Syrup Pepsin is sold by druggists everywhere. A teaspoonful at bedtime will bring easy, certain relief.

A free trial bottle can be obtained by writing to Dr. W. B. Caldwell, 452 Washington St., Monticello, Ill.
