Although President Wilson is unable to attend the ceremonies in connection with the opening of the Celilo-Cello canal next week, no apparently is fully appreciative of the importance of the new waterway and the use to which it is to be put.

In a letter received yesterday by Joseph N. Teal, general chairman of the celebration committee, the President points out the possibilities for developing the rich Columbia basin by use of the canal, and expresses the hope that he soon may be able to inspect the work in person.

The President said in part:

The completion of the Government work on this important river is an event well worthy of celebration. The Columbia and its tributaries are rich in natural resources, and the territory they drain is widely known for the variety and wealth of its natural resources and products.

With the growth and development of this country, the waterways are destined to increasing use. The Northwest has seen liberal and progressive in co-operating with the National Government in the improvement of its rivers and harbors. This co-operation in itself furnishes excellent evidence of the sincerity and faith of the people here for improvement, and has much to do with impressing others as to the importance of the improvement.

The steamer Inland Empire, Archie Riggs, captain, will be the first to pass through, the trip to be today.

The J. N. Teal, which left Portland last night with merchandise for Lewiston and way points, will pass the Inland Empire in the basin provided for that purpose.

A party of United States engineers and interested citizens will leave Portland at 10 o'clock today for Celilo to witness the operation of the two locks. Among those in the party will be Colonel J. J. Morrow, engineer in charge of the work; F. C. Schubert, assistant engineer; W. E. Gray, Gray, Gray, admiral of the celebration fleet; Wallace R. Struble, general secretary of the committee; F. E. Jones, principal engineer of the Inland Empire; J. N. Teal; Drake C. O'Reilly, of the Port of Portland; and others.

It is probable that more than 20 young women will participate in the ceremony. Miss Mary Dolan has been chosen to break a bottle of Columbia River water and Miss June Brock will break a bottle of Washougal River water.

YOUNG WOMEN WHO WILL TAKE PART IN "WEDDING OF THE WATERS" AT CELILO CANAL OPENING.

The proclamation of clean-up and paint-up week for May 4-11 was originally due to the activities of the Federation of Women's Clubs, and for this reason it is expected that the women's organizations will assist vigorously.

A man out of work applied to George D. Lee, of the Lee Advertising Agency, who is chairman of the committee, yesterday asking if there was work that he could secure in the movement.

Mr. Lee pointed out to him that, while the committee could not employ him, the movement it was working on ought to furnish some kind of employment if he would solicit among the householders in the residence districts.

Shortly after the man called up and told Mr. Lee that he had secured clean-up contracts in one neighborhood to keep him busy for more than a week.

As the clean-up movement progresses the municipal employment agency is going to endeavor to arrange some way of putting the unemployed men in touch with the property owners who are planning to assist in the movement by cleaning up their property.

Probably the largest step that has been taken by any single organization is that of the First-Street Business Men's Club. Through its efforts every building between Madison and Stark streets is to be painted white within the next 30 days to make the street truly worthy of the nickname, "The Great White Way."

Following is a list of the firms and property owners who in response to the action of the club have signified every other civic and commercial body in the city will be asked at its first regular meeting to participate in the work.

BOLD BURGLAR CAUGHT

ROBBER WHO ENTERED HOMES IN DAYLIGHT ARRESTED.

Diamond Ring Recovered and Camera and Money Taken From Baby's Bank Are Found in His Possession.

Confessing to the burglary of four Portland homes, Fred E. Anderson was arrested by Motorcycle Patrolman Bales yesterday afternoon, within an hour after being frightened away from the home of Mrs. Alan Todd, of 1202 East Oak street, which he had entered through a front window in broad daylight. Anderson was turned over to the detective bureau, and, through his confessions, one diamond ring valued at \$150 has been recovered, and the recovery of all other property that he had taken is expected.

The police were notified by Mrs. C. H. Olson, of 384 East Fifty-fifth street North, last week that she had seen a man entering the home of W. J. Vincent at 383 East Fifty-fifth street North. Motorcycle Patrolman Bales investigated the robbery and secured a good description of the man. The same man was described by Mrs. Todd yesterday and a confession was secured by the patrolman after he had arrested Anderson on description.

Mrs. Todd and her daughter were sitting inside their home on East Oak street yesterday afternoon when Anderson came to the door and rang the bell.

Penalty Rate Allowed for Phones.

SALEM, Or., April 27.—(Special.)—The State Railroad Commission in an order issued today permits the Oregon-Washington Telephone Company to increase its rates about 25 cents a month in Hood River and Hood River Valley. The increase is in the nature of a penalty which is deducted from bills that are paid promptly.

ALBANY, Or., April 27.—(Special.)—Dr. George Reber, of the faculty of the University of Oregon, will deliver the commencement address to the graduates of the Albany High School this year. He will speak on "Education and the Higher Life Values."

COUNTY TO PAY ROAD LOAN

Commissioners Order 10 Who Advanced Money to Be Reimbursed.

Ten Portland men who lent \$50,000 to the Multnomah County road fund last year that work on the Columbia River Highway need not stop before the season was ended will be reimbursed immediately. An order to this effect was ratified by the County Commissioners yesterday.

The loan to the county was made by the Corbett estate, the Falling estate, S. Benson, Julius L. Meier, W. M. Ladd, H. L. Pitcock, J. C. Ainsworth, T. B. Wilcox, C. S. Jackson and J. B. Yeon. Each contributed \$5,000. No interest was charged and the county was saved \$1500 on interest alone. Mr. Yeon, in his report to the Commissioners, said the county was probably saved \$10,000 by being able to complete the work

AN OLD RECIPE TO DARKEN HAIR

Sage Tea and Sulphur Turns Gray Faded Hair Dark and Glossy.

Almost everyone knows that Sage Tea and Sulphur properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also ends dandruff, itching scalp and stops falling hair. Sage tea the only way to get this mixture was to make it at home, which was mussy and troublesome.

Nowadays we simply ask at all drug stores for "Wey's" Sage and Sulphur Compound." You will get large bottle for about 50 cents. Every body uses this old, famous recipe, because no one can possibly tell that you darkened your hair, as it does so naturally and evenly. You dampen sponge or soft brush with it and draw this through your hair, taking only small strands at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger.

Girls to Come to Portland.

Miss Anita Close will represent the Kalama River, and Miss Thelma Thompson, of Pendleton, jointly will represent the Umatilla.

The party of girls will come to Portland from Big Eddy for the ceremony here Thursday, May 6. Miss P. S. Bates will have charge of the party. Mrs. C. Coit and Mrs. E. Gray will be chaperones. They will be at the Portland Hotel while in Portland.

The girls will be dressed in white and wear no decorations other than the National colors. Each will wear a hat with red and white ribbons indicating the river she represents.

Some additional entertainment will be provided on the morning of May 6 previous to the formal dedication at Goldendale. J. D. Adkins, of that city, was in Portland yesterday completing arrangements. Goldendale people have chartered a steamer to take them through the canal.

TEACHERS HAVE SESSION

Masters of Clackamas County Hear Discussion of School Topics.

CLACKAMAS, Or., April 27.—(Special.)—The regular session of the Clackamas Schoolmasters' Club was held at the Clackamas schoolhouse on Saturday. A picked club of the schoolmasters went down to defeat in the morning in a game of baseball with the Clackamas school by a score of 22 to 7. A banquet was served by the school at 1 o'clock. The business session followed. A discussion was led by Supervisor Vedder on the topic, "Industrial Follow-up Work," and an address on "Standard Schools" by Assistant State Superintendent Wells made this session one of the best of the year. The next session will be held at Molai-la May 22.

BIGGER APPLE PRICE SEEN

Mr. Paulhamus Predicts Result of Rally of Northwest Growers.

SPOKANE, April 27.—(Special.)—By rallying to the support of the board of control of the Northwest Growers' League, the apple-growers of the Pacific Northwest should receive 25 cents a box more for their fruit this season than during the last two years, declared W. H. Paulhamus, chairman of the executive committee of the growers' board, today.

Mr. Paulhamus came here to meet tomorrow in a Northwest grading congress, the board of control of the growers, conferring with the shippers and the state department of agriculture.

At the present we have not secured 25 per cent. of the tonnage of the Northwest in our league, but before we are through with the organization work we hope to have 80 per cent," declared Mr. Paulhamus.

BALLS AND BATS LACKING

Boys at Frazer Home Could Use Old Baseball Material.

Good baseball material is going to waste at the Frazer Detention Home because the boys have no balls and bats. Chief Probation Officer McIntosh, of the Juvenile Court, declares that at least 25 boys are raveling old stockings to make balls and leaving them nearby underbrush for bats. Stocks, they have none, and some of the smaller boys complain when the big fellows "burr" them in.

All this, coming from Mr. McIntosh himself, was leading up to the request for donations. The Frazer Home will be glad to get all the old baseball material anybody has to spare. Mr. McIntosh, in the Courthouse, will take care of it and see that it gets to the boys.

MADE-IN-OREGON DAY SET

Progressive Business Men's Clubs to Have Programme Tomorrow.

"Made-in-Oregon" day is tomorrow with the Progressive Business Men's Club, when F. G. Young, professor of economics and sociology at the University of Oregon, and secretary of the Oregon Conservation Commission, will speak on "The Significance of Made in Oregon."

William J. Shoehy, special representative of three hundred departments in the Aberdeen High School, tendered their resignations last week, one to take a year's rest and the other two to accept of dandruff for it will starve your hair and ruin it if you don't.

It doesn't do much good to try to brush or wash it out with only sawdust to get rid of dandruff; it will starve your hair and ruin it if you don't. To do this, get about four ounces of ordinary liquid arvon apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it.

You will find, too, that all itching and digging of the scalp will stop, and your hair will look and feel a hundred times better. You can get liquid arvon at any drugstore. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.
