Transportation has been telegraphed, the Oregon mentor notified of the selections and all is in readiness for the biggest meet of the year.

Nine men were first selected, and this number was cut down to six by John Stroud, athletic manager of the University of California. As the expenses all Spring trying to get his arm into of only those men chosen are paid by the Californiana, Oregon is compelled to accede to the reduction, as Manager Tiffany feels that the student body fund will stand no further drain.

Four years ago Hayward led eight men to California and landed in second place at the conclusion of the games.

The work of "Moose" Payne and Chet Huggins has aroused great interest in athletic circles and they are booked to figure in the winning next Saturday. Loucks and Captain Cook are other reliables, as well as Nelson, who seems to be in real condition now.

WILD WEST STUNTS TO BE PART OF PHILOMATH AFFAIR.

Public Sale, Parade, Barbecue, Roping

Frank Elliott, with his mechanician. Owan G. Walker, and the Gordon special, arrived from Los Angeles Sunday night on the belated Beaver. There has been much speculation as to what the Gordon special could do in next Sunday's auto racing at the Rose City Speedway. The Gordon special was formerly known as the "Mercer Monk" when Hughle Hughes drove it, and has wen some notable races.

De Palina won second place in the big Monte Marca event at Tacoma, and first place in the light car event at Santa Monica with the car in 1912. The noted aportsman, Huntley Gordon, of Los Angeles, later purchased it and Elliott secured it only last March. Next Sunday he will drive it for the first time against Parsons' Special, Romano, Schneider's Special and Jack Curtis' Mercedes.

OLYMPIA, Wash., May 3 .- (Special.) -William Chatten, president and gen eral manager of the Union Lumber Company, was shot while leaving the residence of A. I. Miller, sales man ager of the same company, at the Union Mills, six miles from Olympia, late last night and died at a local hospital this atternoon. Miller admitted the shoot-ing to officers last night, but declined to talk today. Formal charges of murder or manslaughter will be filed against him tomorrow, depending upon the result of an investigation being nade by Prosecuting Attorney Yantis, Miller told officers after the shooting that Chatten's presence at the Miller home caused the shooting. Mrs. Miller, an unusually handsome woman, was hysterical today and would add nothing to the story. A short and partly incoherent dying statement was ob-

tained from Chatten, throwing little, if any, light on the tragedy, Prosecutor Yantis said. Miller, after leaving on the train for Tacoma last night, left at the first station and walked back to his home, accosting Chatten as he left the resi-

dence and emptying his automatic re-volver at close range, he told the offi-cers. Two shots took effect. Chatten was 50 years old. He had a wife and grown children in Wichita. Miller is 42. The Millers have three
