

BIDS ON 8 TYPES OF PAVING DESIRED

Commissioners Decide Long-Discussed Point for Improving of County Roads.

HERBERT NUNN ENGINEER

Specifications Being Prepared and It is Hoped to Have Work Under Way Within 30 Days. Bond Election Questioned.

The important question of what types of pavement on which bids will be asked for the hard-surfacing of 70 miles of highway in Multnomah County was settled by the County Commissioners yesterday at a conference with Roadmaster Yeon.

The Commissioners decided to have specifications prepared for the following eight types of pavement: Brick on a concrete base. Belgian blocks on a concrete base. One course concrete. Warrenite. Sheet asphalt. Hassam. Asphaltic concrete. Wood blocks on a concrete base.

Mr. Nunn is now preparing the specifications for the eight types of pavement. With the exception of those for concrete pavement, they will be practically identical with the standard city specifications, though there will be a few changes to meet different conditions.

FRAUD DEMURRER UPHELD

Issue Won Over Charge of Undervaluing Timber Claims.

A demurrer to the indictment against Carlos Byron, a Seattle timber dealer, and Frank E. Alley, well-known Roseburg attorney, in which they were charged with having attempted to defraud the Government by undervaluing timber and stone claims in applications filed with the register of the Roseburg land office, was sustained yesterday by Judge Byron in the Federal Court.
