## USE COCOANUT OIL FOR WASHING HAIR

If you want to keep your hair in good condition, the less some you use the better.

Most soaps and prepared shampoos contain too much alkall. This dries the scalp, makes the hair brittle, and is very harmful. Just plain mulsified eocoanut oil (which is pure and entirely greaseless) is much better than soap or anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get mulsifled cocoanut oil at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for

# Why Suffer From Migraine or Sick Headache?

Dr. J. Caldwell anys that this exceedingly distressing disease does not shorten life, but does not appear to be curable. Sufferers from this affliction are condemned to undergo the periodical attacks every few weeks until they are forty years of age, after which the attacks are less frequent and finally disappear entirely. Palliative measures during the attack are all that it is possible to suggest, while care in the diet is the best preventive measure. An attack may often be prevented by taking two Anti-kamnia Tablets when the first symptoms appear, and one Anti-kamnia Tablet every two hours during the attack shortens it, eases the pain and brings rest and quiet. Apti-kamnia Tablets may be obtained at all druggists. Ask for A-K Tablets. They enickly renews all Pain.
