After two bunds, in which Coffey had a slight lead, his aggressiveness caused Reich to break ground in the third round. A left hook and a right smash to the law and a hard left to the stomach as Reich was falling were the blows that decided the fight.

Both fighters appeared nervous before the bout started. Coffey forced the pace in the first round, landing half a dozen jabs before Reich sent in a blow.

WHATS THE MATTER

Now it is here.

AFTER all your years of chewing-here is the Real Tobacco Chew, "Right-Cut"!

It's a new blend—richer, more sappy and twice as satisfying as the old kind. Seasoned and sweetened just enough to give you all the pure tobacco taste.

Cut a new way-so a small chew gives you comfort without grinding. And it lasts longer.

Take a very small chew-less than one-quarter the old size. It will be more satisfying than a mouthful of ordinary tobacco. Just nibble on it until you find the strength chew that suits you. Tuck it away. Then let it rest. See how easily and evenly the real tobacco taste comes, how it satisfies without grinding, how much less you have to spit, how few chews you take to be tobacco satisfied. That's why it is The Real Tobacco Chew. That's why it costs less in the end.

It is a ready chew, cut fine and short shred so that you won't have to grind on it with your teeth. Grinding on ordinary candied tobacco makes you spit too much.

The taste of pure, rich tobacco does not need to be covered up with molasses and licerice. Notice how the salt brings out the rich tobacco taste in "Right-Cut." One small chew takes the place of two big

chews of the old kind. WEYMAN-BRUTON COMPANY 50 Union Square, New York
