Give the Boy a Chance

You can hardly expect your child to take a lively interest in his or her studies if handicapped by poor eyesight. 'Backward students' are often unjustly accused of laziness or inattention. Statistics show that 25 per cent of the so-called 'backward' or 'stupid' children suffer from defective vision. Properly fitted glasses often make a model student out of the worst back-sacker. Write for a free booklet on nothing for a consultation.

GET RID OF HUMORS

Hood's Sarsaparilla is the Medicine to Take—Makes Pure Blood. Dry, moist, scaly tetter, pimples, boils, and other eruptions come from humors, which may be either inherited, or acquired through defective digestion and assimilation. To treat these eruptions with drying medicines is dangerous. Hood's Sarsaparilla, the old reliable medicine, helps the system to discharge the humors, and improves the digestion and assimilation. Get Hood's Sarsaparilla from your druggist. It may be confidently relied upon to do its work. It purifies the blood, tones the stomach, and builds up the whole system. It goes to the roots of diseases, and its beneficial results are permanent. It sets things to rights in the system. Remember to ask for Hood's Sarsaparilla, because nothing else acts like it and nothing else can take its place.—Adv.
