

## RUSSIAN RETREAT SPREADS TO POLAND

South Wing Is Falling Back, Says Vienna, Reporting Successes Elsewhere Also.

## CZAR GAINS ON ONEISTER

Both Sides in Conflict in Eastern War Zone Declare Losses Suffered by Enemy Are Heavy. All Lose Prisoners.

LONDON, May 11.—The following official communication was issued tonight:

"In the last two days our troops have broken through the Russian line near Debica, compelling strong Russian forces which had fought south of the Vistula to retreat quickly behind the lower Wisloka.

"This morning the retreat of the hostile south wing in Russian Poland was announced. The enemy evacuated the strongly fortified Nida front, which had become untenable.

"The successes of the Austrians at Tarnow and Debica exerted influence on the Russian Poland fighting.

"In middle Galicia our forces and the German troops repelled the remainder of the Russian corps toward the San sector and Dynow and Sanok. Russian counter attacks with three divisions from Sanok westward were repelled with heavy losses to the enemy, whom we pursued. The number of prisoners and the quantity of booty taken by us increase daily.

"Strong enemy columns advancing from the wooded mountains have been repulsed near Baligród. Our advance troops have crossed the San near Dornik. Considerable parts of the Russian army fighting between the Lwów and Uznok passes also are suffering defeat.

"In Southeast Galicia the Russians in several sectors have begun an attack. An advance of strong forces north of the Pruth toward Czernowitz was repulsed at the frontier. We captured 520 prisoners.

"North of Hordinka hostile divisions have succeeded in getting a footing on the southern bank of the Dniester. Here the fighting continues."

"The German War Office report follows:

"The Russians attempted to arrest the pursuit of our army under General Mackensen, on the Brzozko-Brzozowa line, on the branch of the Srodnika-Bresnaka, and at Ropcz, northeast of Ebeke, and Sierczyn on the Vistula. Their object failed completely. By night the Russian lines were pierced in many places, especially at Brzozko and between Brzozko and Lutosa, after a desperate attack by several Russian divisions from Sanok in the direction of Beako, had failed in the morning with heavy losses for the enemy. The pursuit continues."

"The official report from Petrograd says:

"In the region of Uznok Pass, the enemy made a fruitless attack Saturday. Serried enemy columns attacked impetuously a position held by two of our companies in a section of the Jaworina mountain chain on the slopes above Lemnizta. The enemy's losses were so heavy—hundreds of bodies interfered with the fire from our trenches. Our troops, in spite of the enemy's machine gun fire, left their trenches and swept the enemy from the whole region.

"The same day, after a desperate fight, the enemy forced a Russian detachment near the village of Zaleski to retire to the left bank of the Dniester.

"Sunday night, our vanguards, having crossed the Dniester, attacked the enemy on the Chaborki front to the south of the Stry. We took 1300 prisoners, one gun and many machine guns."

"Germans Beaten in North.

"After a series of successful advance guard collisions, our troops yesterday approached Shavl in the government in Kovno, which was occupied by the enemy, and a battle ensued. In the same region our cavalry on a wide front is pressing the enemy's cavalry to the borders and has taken several pickets prisoners.

"On the front between the Vistula and the Carpathians the enemy continues his attacks. On the evening of the 9th, in the principal sector of the fighting in the region of Strycheff, the situation created was unfavorable for us. Nevertheless, an impetuous attack by our reserves on the sector of Besko-Jarmoz against the enemy's right wing, which was attempting to pierce our front, stopped the German onset and arrested at its outset the development of a success for the enemy, and enabled our troops in the threatened sector to fall back quietly on positions assigned to them."

from Jennie M. Griswold, owner of the property, who is an inmate of a hospital for the insane in Connecticut, was given as the reason for Judge McGinn's action.

"Jennie Griswold must have her day in court," said Judge McGinn. The proceedings were brought by S. Benson on behalf of the City of Portland. Mr. Benson offered \$5000 for the property to be used as a park, along the Columbia Highway. The case has been decided, appealed and sent back for re-trial. A motion to appoint a guardian ad litem for Miss Griswold, was denied by Judge McGinn.

"I would rather give the property to the city than sell it for what Mr. Benson offers," says the letter. Miss Griswold said she wants the property to be a lasting monument to her father, who homesteaded it, fought for it, and lived in the spray of the falls, so it indirectly had been responsible for his death.

"Miss Griswold declares she is being confined in the hospital 'most unjustly,' but expects to be at liberty soon, and will come to Portland to contest the suit.

## TRAINS RESUME TODAY

OPENING OF TRACKS AT DUNSMUIR HINDERED BY RAINS.

Service to Be Restored on O.-W. R. & N. Line East of Portland After Delay Caused by Blast.

Train service on the O.-W. R. & N. Company's main line east of Portland will be restored today after an interruption of 24 hours on account of the rock slide at Mitchell's Point. Regular traffic will be routed over the road again. The track at Mitchell's Point was covered with rock to a depth of 50 feet when the contractors who are building the Columbia River Highway discharged a heavy blast of dynamite intended to remove a large portion of the rock through which they are driving a tunnel.

The blast was heavier than estimated and a greater quantity of rock was thrown down than intended. The situation was so serious yesterday that J. D. Farrell, president of the company, and M. J. Buckley, general manager, went to the scene to inspect the work of reopening the track.

Meanwhile the O.-W. R. & N. Company's through trains were routed over the North Bank road to Celilo.

The situation was particularly annoying to the railroad officials inasmuch as all the Southern Pacific trains between Portland and California were being handled over the O.-W. R. & N. Company's tracks, following the destruction on the O.-W. R. & N. tracks.

Advices from Dunsmuir yesterday indicated that the tracks there will be reopened late today or early tomorrow. Further rains caused additional damage yesterday, but a large force of men is at the scene, and it is expected that trains leaving here this afternoon, including the Shasta Limited, can be sent over the Southern Pacific tracks. The line through Dunsmuir, opened by the time the Shasta reaches that point.

## HOOD RIVER GETS NO MAIL

Piles of Rock Still Cover O.-W. R. & N. Track at Mitchell's Point.

HOOD RIVER, Or., May 11.—(Special.)—Conditions similar to those during heavy snow storms exist in Hood River as a result of the O.-W. R. & N. blockade at Mitchell's Point, where debris still cover the track as a result of the big blast Monday.

Little mail has been received since yesterday morning. The Oregonians delivered yesterday were the last daily papers received here. Scores of citizens were at the station this afternoon to meet a train that backed down to Mitchell, where passengers, mail and express were transferred from a train just arrived from Portland. Although the papers for The Dalles and other Eastern Oregon stations had been transferred, no papers for Hood River were aboard nor could papers be obtained from the newsboys.

At the time the blast was set off a crew of O.-W. R. & N. men with a steam crane were on hand to assist the road construction crew in removing the debris. It was thought the tracks could be cleared in a few hours. However, huge boulders were loosened and a truck was buried for nearly 400 feet under 20 feet of heavy rock. It was necessary to split the large stones with blasts in order to remove them.

The cliff has been badly shattered and small blasts have been discharged to bring down menacing boulders.

## ANTI-GERMAN ROTS OCCUR IN LONDON

Mobs Wrecking Shops Dispersed by Police and Troops. Repetition Is Feared.

## TEUTONS MAY BE INTERNED

British Cabinet to Consider Suggestions of Trade Exchanges and Common Members; Workmen Draw Line on Alien Foes.

LONDON, May 11.—The East End of London tonight was the scene of serious rioting arising from indignation over the sinking of the Lusitania and the air raid on South End early yesterday morning.

Large bodies of police were called out to suppress the disturbances and eventually order was restored, but there is apprehension that the trouble will be renewed tomorrow, as the feeling is rapidly rising and is being fostered by the demands of the press and many public men that drastic measures be taken against alien enemy subjects.

5000 in Queens Crescent Mob. At Queens Crescent, Camdentown, where an open-air recruiting meeting was being held, the speakers urged the crowd to refrain from attacks on Germans. This advice was unheeded, however, and as soon as the meeting ended a crowd of about 5000 persons made a move on all the German shops in the neighborhood and pelted the windows with bricks.

The police were unable to control the rioters, and a squad of territorials was brought to the scene and together with the mounted police gradually restored order. Things were quiet, however, until a number of bakeries and other shops had been wrecked.

Workmen in the industrial district are refusing to labor alongside men of German birth, whether they are naturalized or not. In many towns the premises occupied by Germans have been stormed and damaged, and even the exchanges in London and provincial towns which hitherto had permitted persons with German blood in their veins to retain their memberships are taking the drastic step of barring the doors to them, regardless of all considerations.

Naturalized Germans to Intern. There have been riots in Liverpool, Manchester, Salford and Birkenhead. In Liverpool the Germans have been interned, and those who are naturalized subjects of Great Britain have been advised to go to interior towns or seek internment. Many of them have decided on the latter course.

A demand is being made by the newspapers that all the 25,000 Germans still at large should be similarly treated. Deputations from the Stock Exchange, the Bank of England, the Corn Exchange, and the House of Commons, marched to the House of Commons and presented a petition to the Attorney-General which called attention to the grave danger that exists by allowing alien enemies to remain at large in the country.

Government Urged to Act. A public meeting will be held at the Mansion House on the subject of alien enemies. It will be the forerunner of meetings of protest which are to be held all over the country.

Before the adjournment of the House of Commons Sir Henry Dalziel urged the government to intern all alien enemies, while Lord Charles Beresford expressed the view that unless some definite policy were adopted "there would be serious delinquencies in this country."

On Wednesday night, May 12, a meeting of the local T. M. A. will be held at their headquarters, 169 Park street, which will be for regular members only. This meeting will not take any political action, but to hear Mr. Baker present his campaign arguments. Mr. Baker is managing his own campaign and will appear personally at the meeting.

## BERLIN ENDS MEAT RULES

Action Proves No Danger of Starvation, Says Newspaper.

BERLIN, via Amsterdam and London, May 11.—The Reichs Anzeiger announced today the withdrawal from May 8 of the Federal Council's decree of January ordering towns and rural communities to provide for their respective populations meat and tinned goods, and to take steps to assure a supply.

The Voessische Zeitung, says that the withdrawal of this decree proves that the Great Britain's plan to starve Germany is a failure.

## RED CHIEFS TO TESTIFY

FISHING RIGHTS NEAR THE DALLES INVOLVED IN SUIT.

Hearing on Injunction Petition Against Cannery Company to Be Held in Federal Court Friday.

Four aged Indian chiefs of the Yakima tribe will be witnesses at a hearing before Federal Judge Wolverton at 10 o'clock Friday in which Frank A. Seufert, canneryman of "The Dalles," is cited to show cause why a temporary injunction should not be issued restraining him from fishing at Three Tree point, site of an old Yakima Indian village a few miles from The Dalles. The suit was filed by Assistant United States Attorney Rankin on order of Attorney-General Gregory, in behalf of Sam Williams, a Yakima Indian, who claims fishing rights at this point under the treaty of June 9, 1855, between the Government and the Yakimas.

The chiefs are Wallatuma, 28 years old, from the Warm Springs reservation, who was a comparatively young man when the treaty was made; George Waters, Charles Dick and Louis Simpson, all more than 50 years old.

They will testify of their own knowledge regarding the tribal custom by which an Indian who selected a fishing point on a stream retained the exclusive right to fish at that point until he publicly gave the right to another Indian or to his descendants.

One section of the treaty with the United States granted the Indians the right to fish at their "usual and accustomed places." The Government alleges that Sam Williams obtained the delusive right to fish at this point under the treaty, and charges that Mr. Seufert and his employees forcibly expelled him and took possession for his company.

Gas-Poisoned British List Given. LONDON, May 11.—For the first time since the war began the phrase "gas poisoned" appears in a casualty list. The phrase appears opposite the names of ten officers and three men, according to the nurses in attendance. Her temperature was high and her general condition was not regarded as favorable, though the paralysis of internal organs was somewhat relieved. Certain knowledge of whether the girl will live or die is expected in the next 24 hours. She is at the Good Samaritan Hospital.

Jefferson Appraiser Is Named. HILLSBORO, Or., May 11.—(Special.)—Assessor Max Crandall today received notice of his appointment as one of the three appraisers to make the valuation of the new County of Jefferson and

## FISH LADDER IS BLAMED

COMMITTEE SAYS FISH KILLED IN OREGON CITY TRAP.

Canadian Expert to Be Invited to Inspect Work and Report on the Changes Necessary.

OREGON CITY, Or., May 11.—(Special.)—The condition of the fish ladder at the falls of the Willamette, which is said to be causing the death of hundreds of fish, formed the principal topic at the meeting of the Live Wires today.

H. Leighton Kelly and C. G. Huntley, members of the fisheries committee, made a comprehensive report, in which it was recommended that a fish and game association be organized to solve the various problems in connection with the fishing industry here.

The report of the committee says: "Inasmuch as the fish ladder at the falls has been visited and in our opinion found to be too small, many of the jumps too high, the resting pools too few and shallow and that there are several places where salmon can kill themselves by either jumping out on to the bare rocks or by getting into pools where they are sure to drown themselves in trying to get out, and knowing the State Fish Commission is likely to try to argue our case out of court by stating that the thousands of salmon annually reaching the spawning grounds of the upper river is sufficient proof that the ladders meet every requirement, we recommend that John P. Babcock, Commissioner of Fisheries of Canada, a man with an international reputation, be invited by the Live Wires to inspect and pass his opinion on the adequacy of the ladder. Your committee stands ready to prosecute the case and the State Fish Board can be invited to defend its ladder."

## MEXICANS KILL AMERICAN

Torture of Ranch Foreman Is Reported to United States.

DOUGLAS, Ariz., May 11.—Frederick Simplic, United States Consul at Nogales, began investigation today of a report that Clarence Fisher, foreman of a ranch near Sario, Sonora, had been tortured to death by raiders serving under Governor Jose Maytorena.

Fisher was first arrested two months ago, but was released. Subsequently one of the raiders was killed, and Fisher was accused of murder. Ten days ago, it is alleged, Fisher was hanged to a tree limb, being jerked up and down until he pleaded to be shot. Then he was killed with a bullet.

## BANISH SCROFULA

Hood's Sarsaparilla Cleanses the Blood, Skin Troubles Vanish.

Scrofula eruptions on the face and body are both annoying and disfiguring. Many a complexion would be perfect if they were not present! This disease shows itself in other ways, as bumps in the nose, inflamed eyelids, sore ears, wasting of the muscles, a form of dyspepsia, and general druggishness for Hood's Sarsaparilla. This great medicine completely eradicates scrofula. It purifies and enriches the blood, removes humors, and builds up the whole system. It has stood the test of 40 years, and has received thousands of testimonials of the entire satisfaction it has given.

Scrofula is either inherited or acquired. Better be sure you are quite free from it. Get Hood's Sarsaparilla and begin taking it today.—Adv.

## SERIOUS CRISIS ASSERTED

Ex-Secretary Dickinson Pleads for Calmness of Consideration.

CHICAGO, May 11.—Jacob M. Dickinson, Secretary of War under President Taft, issued the following statement here today:

I regard the possibilities of the destruction of American lives on the Lusitania as even more momentous to the Nation than those involved in our Civil War. No question of maintaining republican institutions was there involved because, except as to the principle of secession, the constitutions of the two governments were practically the same. I have no doubt that if the South had succeeded, disintegration

## People Expect Much From CASE CARS

Simply because they are made by the J. I. Case T. M. Company, known for 72 years as leaders in the manufacture of machinery, people expect CASE Cars to be a little better in every particular.

So we always have had to live up to this standard. Our customers say their expectations are always exceeded—that the CASE Car surpasses their greatest anticipation.

It is a sturdy car. It stands up through thick and thin. It is a thrifty friend, costing little to operate. But best of all,

it is built so well that the records of its low upkeep costs will surprise you. At the price—\$1350, 5 per cent discount if cash—it's the cheapest car in the long run.

Each car comes complete with regular equipment of Extra Tire and Tube on Rim with Tire Cover, Weed Non-Skid Tire Chains and 8-Day Clock.

Why not ask us more about the CASE? It doesn't obligate you. And we are so enthusiastic that we always like to talk about it and point out its superiorities.

J. I. CASE T. M. COMPANY, Inc., Racine, Wis. Founded 1842

Branch House at 322 E. Clay St., Portland, Or.

The Name Behind the Goods

United States granted the Indians the right to fish at their "usual and accustomed places." The Government alleges that Sam Williams obtained the delusive right to fish at this point under the treaty, and charges that Mr. Seufert and his employees forcibly expelled him and took possession for his company.

## Film Actress' Life Yet in Balance.

The crisis in the condition of pretty Helen Carruthers, the moving-picture actress, who attempted suicide last week by swallowing bi-chloride of mercury, has not yet been passed, and yesterday she passed a somewhat bad day, according to the nurses in attendance. Her temperature was high and her general condition was not regarded as favorable, though the paralysis of internal organs was somewhat relieved. Certain knowledge of whether the girl will live or die is expected in the next 24 hours. She is at the Good Samaritan Hospital.

# For the Benefit of Portland and the State

Our good money is to be expended in the surfacing of seventy miles of highway.

We Want the Best. What Pavement Qualifies

## WOOD BLOCK Is the ANSWER

Should we not consider the experience of the progressive communities not only of the United States but of the world.

The quantity of Wood Block Pavement used is increasing vastly year by year. WHY? BECAUSE OF ITS GREAT DURABILITY, REASONABLE COST, LOW MAINTENANCE, NEATNESS, FREEDOM FROM DUST, EASY RIDING AND EASE OF REPAIR. FINALLY, BECAUSE IT IS THE BEST INVESTMENT IN THE END.

More than 1 1/2 million square yards of WOOD BLOCK PAVEMENT WAS LAID IN THE U. S. IN 1914.

LESS THAN 1 PER CENT OF THIS AMOUNT WAS USED ON THE PACIFIC COAST.

Isn't It Time to Develop Oregon Products?

IF, IN ADDITION TO GETTING THE BEST IN THE WORLD, OREGON'S GREATEST INDUSTRY CAN BE ASSISTED, IS IT NOT WORTH WHILE? OREGON'S CITIZENS can help themselves and a great industry, which needs help, by indorsing Wood Block Pavement.

## West Coast Lumber Manufacturers' Association
