Call on Hyphenated Americans for Loyalty Move World Court Congress Members.

FEARS ACCOMPANY WORDS

All Who Fail to Support Flag in Present Situation Declared Unworthy of Citizenship by Dr. John Westley Hill.

CLEVELAND, May 13.—Delegates to the World Court Congress burst into wild applause today when Dr. John Westley Hill, of New York, in an impromptu speech, pointed dramatically to a huge American flag above his head and shouted:

"Any English-American, German-American, French-American or any other hyphenated American who does not support that flag in the present situation is unworthy of the citizenship he owns."

An orchestra in an alcove began the strains of "The Star-Spangled Banner," and the audience rose and joined in singing the song. Many wept aloud. Dr. Hill's declaration was not made at a regular session of the congress, but at a dinner given by the business men of Cleveland to the delegates of the congress. The congress has a bi-annual convention and the war situation during its meetings.

Committee to Draft Court Plans. John Hays Hammond, chairman of the congress, today announced a commission of delegates to draw up a definite plan for a world court of justice. Its members are: James Brown Scott, Washington jurist; Theodore Marburg, Baltimore; Henry Lane Wilson, of Spokane, Wash., ex-Ambassador to Mexico; Bainbridge Colby, New York attorney; Judge D. D. Woodmansee, of Cincinnati; Professor Jeremiah W. Jenks, New York.

Mr. Hammond, by the ruling of the congress, also is a member of the commission. Henry Lane Wilson, Judge D. D. Woodmansee and William Dudley Foulke were the principal speakers at tonight's session. Mr. Wilson gave his attention to the limitations and possibilities of a world court. "The court must be a tribunal of spontaneous appeal," he said, "and behind every decree should live the powers of the united signatory nations in the form of an irresistible police power, or of an international ban which is a more terrible weapon than fleets and armies."

Federation Thought Foreshadowed. "A world court should be international in its attributes. The unhappy consequences following the interference of this Government in Mexico should serve as a warning. It frequently happens that governments, from policy, caution or timidity, turn deaf ears to the just complaints of their nationals abroad. Such such national have no recourse? Here lies an undoubted sphere for a world court."

Mr. Foulke declared the development of our National constitution and judiciary foreshadowed in its general features the development of some coming federation of the United States of Europe or the world. He pointed out the gradual union of mankind, in the small and then large units, through family, clan, tribe, nation and finally the empire, or great federated republic.

Alliance Regarded Significant. "Next," he said, "will come the world empire or federation. At the outbreak of this war that the world found a number of great powers in alliance. It is his conclusion that we hope for a league of the powerful nations which will have for its purpose the maintenance of permanent peace." "If a court such as we propose had existed a year ago," said Judge Woodmansee, "Austria never would have made the demands she did on Serbia. Austria's normal rights would have been quickly determined. Today she and other nations would not be in the throes of war and Austria herself would not be faced with the possibility of extinction as a nation." Tomorrow is the last day of the congress. The final meeting will be held in the evening when Dr. Mitchell will be the principal speaker.

IDAHO LUMBERMAN VICTIM

Robert F. Neitzel Drowns Trying to Ford Swollen Stream.

BOISE, Idaho, May 13.—(Special).—While endeavoring to find a ford in a stream near Murphy last night, Robert F. Neitzel, secretary, treasurer of the Murphy Land & Irrigation Company and a member of the Murphy Lumber Company, was caught in a cloudburst and drowned. The body was recovered three miles below the scene of the accident.

He had just completed an inspection of the Murphy irrigation project, located 25 miles south of Nampa. Accompanied by his wife and his father and mother-in-law, Mr. Neitzel came to the stream at dark. There was a heavy cloudburst and the stream was swollen. Leaving the buggy he said he would find a ford. That was the last seen of him alive. Becoming alarmed, those left behind started a search, but it was four hours before the body was found. Mr. Neitzel was 32 years old and came to Boise four years ago from South Bend, Ind. He has wealthy connections in Milwaukee, where the body will be taken for burial.

MURDERER'S BONES FOUND

Body of Frank Wilson, Who Killed Girl After Quarrel, Discovered.

MOSCOW, Idaho, May 13.—(Special).—The skeleton of Frank Wilson, a laborer, who shot and killed his fiancée, Edna Erickson, after a quarrel last fall, was found today by the murdered girl's father. The finding of the skeleton clears up the mystery that local police officials have been working on all winter. Last October Wilson went to the Erickson home, seven miles from here, to see his sweetheart. During the evening they quarreled, and Miss Erickson gave Wilson back his diamond engagement ring. A few minutes later he called her into another room and shot her twice, killing her instantly. Wilson fled and posess started after him, but as no trace was found it was thought he had escaped. The skeleton was found about 175 yards from the house. Sixty-five dollars, the ring the murdered girl had returned and his watch were found in the clothing. It is believed he committed suicide.

REPRESENTATIVE WOMEN WHO ARE DELEGATES TO NATIONAL CONVENTION OF MOTHERS.

REPORTS ARE HEARD

Meeting of Mothers' Congress Brimful of Interest.

PEACE PLANS STIR HEARTS

Importance of Kindergarten Work and of Parental Co-operation in Religious and Public School Training is Urged.

burdened by sorrow and want and facing conditions more terrible than can be described—the hearts of American mothers are touched with a sympathy that has shown by deeds how heartfelt it is. "And in giving the material help, the mother heart of America has recognized no antagonism of race or nature, but has eagerly, generously, met the needs of mothers and children, without distinction or difference."

Aid Given Belgium.

The National board sent out an appeal for money and clothing in September, 1914. With the money given, flour and condensed milk were purchased. Co-operating with the Belgian relief commission, much help was given to the sufferers in Belgium by the congress. "Scarcely a week has passed that requests have not been received to unite with some movement to bring about peace. The executive board instructed the secretary to write to President Wilson expressing confidence that at the earliest moment possible he will use the influence of the United States to mediate, and aid in adjusting the differences. The board took this course in the belief that it is the function of the Government to do this and that it is the desire of the government to do it, and that the President has inside information and will know when mediation is feasible. Meantime, the many movements to promote peace are assurances of universal desire for it. The principles which lie at the foundation of world peace were outlined in the report as follows:

Love God and Neighbor Urged.

"Love God and love of neighbor must become the animating force of governments as well as citizens. "Greed for more territory, power, love of rule, personal and national aggrandizement are the underlying causes of war. Too great power vested in a few who are not accountable to the people has been a contributing cause. "The passions of the war that should sink into the hearts of fathers and mothers and teachers are the need for teaching children the Golden Rule as applied to life. "Another lesson is to resist persistently every effort to bring militarism into the United States. "The passions of the war that should sink into the hearts of fathers and mothers and teachers are the need for teaching children the Golden Rule as applied to life. "Another lesson is to resist persistently every effort to bring militarism into the United States. "The measure was characterized as "sowing the seeds of war."

REQUIREMENTS AND WHEN SHE SPOKE OF THE need for an endowment fund to meet the necessities of home education work, the delegates "set up and took notice" even before that, and the minute the president finished the Seattle delegation, with Mrs. Peter Betlinger as spokesman, arose and said: "Let's start the fund right now." Mrs. James O'Leary, another enthusiastic Seattle spirit, offered to pass the hat. Verbal and written pledges came in with a rush and the fund was started with \$382, inside of less time than it takes to tell. Misacourt made the banner pledge, \$50. Massachusetts, California, Oregon and a few others promised \$25.

Mrs. H. N. Rowell and the California delegation arrived a few minutes before noon. They had taken a round-about way from Oakland to Ogden in order to be present. Mrs. Rowell gave an interesting report of her state's work. Mrs. Milton P. Higgins in her report said: "Consecrated lives mean consecrated pocketbooks. The most worthwhile thing in the world is to start something good that will live after you."

Denver Plan Described.

Colorado's report, given by Mrs. Fred Dick, seemed with interest, and she requested to give a special conference to local workers. "We don't talk reform," said Mrs. Dick, "our work is all constructive. The great thing is to get the mothers of the world to work together. We are caused because the young people 'have no place to go.' That is a reflection on our homelife."

Food Display Made.

The display of "foods that children should not eat" was arranged by Dr. Mae Cardwell, chairman of the state hygiene committee. The exhibit took place immediately after luncheon and was open to out-of-town delegates. Many took notes and said they would tell of the work in their home cities. Emphasis on the importance of forming "fathers' circles" was made by Mrs. W. E. Evans, of Meridian, Idaho. Mrs. Nichols, of Boise, also reported for the same state. She gave credit for success in the organization to the devotion of the National president, Mrs. E. C. Beach, of Washington, told of Seattle's having held baby tests for 25,000 babies and of Tacoma's great work in mothering the Boys' Parental School.

Oregon Report Made.

Mrs. R. H. Tate and Mrs. Aristine Felts reported briefly for Oregon. As a practical aid to mothers during the convention there was great rivalry between the Tacoma and Seattle delegations, the former having the larger representation of the good of the work. In the afternoon of the convention, Mrs. E. C. Beach, of Washington, reported for the state. She gave credit for success in the organization to the devotion of the National president, Mrs. E. C. Beach, of Washington, told of Seattle's having held baby tests for 25,000 babies and of Tacoma's great work in mothering the Boys' Parental School.

Your Last Chance

You can still get "White Beauty" Hoosier Cabinet at a saving of \$2.50 until tomorrow night. But not later.

A Hoosier Cabinet at the regular price is a bargain. "White Beauty" is the most complete Hoosier ever built. At \$2.50 less than the cash price, this "White Beauty" sale is literally a chance of a lifetime. And now, for the last time, you can make this saving and have "White Beauty" delivered to your home by

Paying Only \$1

The balance is only \$1 weekly. No extra fees. No interest. Just the cash price less \$2.50.

Isn't This Common Sense?

If "White Beauty" will save you miles of steps; if it will save you time and energy; if it will put your whole kitchen at your fingers' ends, and enable you to get through more quickly and keep your kitchen always in order, isn't it common sense to come down tomorrow and examine this wonderful cabinet while you can still save \$2.50? It won't take you five minutes to decide. You couldn't spend five minutes more profitably.

A Few of 17 Features Exclusive in the Hoosier

The new patented shaker flour sifter shakes flour through instead of grinding it through. It is the most important improvement in the entire Hoosier Cabinet. The simple bookkeeping system puts an end to troubles with the market man. The cook-book holder keeps your book open at the level of your eye. The Food Guide answers the eternal problem, "What shall I cook for dinner?" The pencil holder keeps your pencil always handy. There is a special compartment for string, and a sliding metal shelf for cake. The list might cover this page, and still not complete the reasons why you want a Hoosier Cabinet.

You Want It Because It Is So Low in Price

No article ever put into a kitchen has been better built than the Hoosier. More than twelve hundred parts go into every cabinet. Every joint is perfectly finished and braced. The outside finish is especially made to stand kitchen wear. A Hoosier Cabinet will last you as long as you live.

You Want It Because It Will Last a Lifetime

You can't measure the value of an article that will save you miles of steps every day, but the present low price of the Hoosier measured against any standard known, makes it the greatest furniture bargain ever sold.

Decide Tonight to Save \$2.50 Tomorrow! Monday Will Be Too Late

This is your last opportunity to get this Hoosier Cabinet on these remarkable terms. Other women who have postponed are making their decision now. Tomorrow is the final day—positively the last. Come in early, because there

are just a few "White Beauties" left. Don't be surprised if they are gone by noon. Remember, you pay only \$1 to try the Hoosier right at home. Then, if you are anxious to keep it, pay only \$1 a week for a few more weeks. Money back if you are not delighted with it.
