

GOVERNORS DELAY POWER BILL VOTE

Executives Postpone Action on Federal Measure Till Portland Conference.

MR. WEST IS FOR ACT

Ex-Governor Tells of Sales of Timber Lands in Oregon and Makes Comparisons—Others Decry Easy Resource Grants.

SEATTLE, Wash., May 19.—The conference of Western Governors voted today to continue the present organization, of which Governor Spry, of Utah is president and Governor Lister, of Washington, secretary. The conference practically decided today to take no action on the waterpower control question, but to attend the National waterpower conference in Portland September 21-23, when the conflict between the states and the Federal Government will be considered.

The Governors and ex-Governors went to the Puget Sound navy-yard at Bremerton this afternoon as guests of the Seattle and Bremerton chambers of commerce. A navy-yard tug conveyed the party to the yard and back to Seattle. Commander David Blamir, commandant of the yard, and the heads of all the yard departments met the executives at the pier. As they landed a gubernatorial shore battery. A call on Admiral Pond, commander of the Pacific reserve fleet, preceded a tour of the yard.

GOVERNORS TO BE IN PORTLAND

The members of a conference attended a theater tonight. The conference passed the morning in discussion of the question of control of water power, whether by state or Nation. It was pointed out that Congress does not meet until December, and an expression by the large conference in September would have more influence than a resolution by the eight men now in session here. A message from Governor Walsh, of Massachusetts, said the National conference of Governors would be held in Boston the last week of August. The Governors expressed a desire to go to Boston as well as Portland, and it is expected all will attend both conventions.

MR. WEST TELLS OF DEAL

Ex-Governor West, of Oregon, was on the floor during the latter part of the morning, making an argument for the Federal Administration's waterpower bill and answering questions put to him by the Governors. Mr. West told how the State of Oregon, having received 35,000,000,000 feet of timber from the Federal Government, sold it in haste for 10 cents a thousand, the timber being now worth \$250 a thousand. He said the Legislature gave all the tidelands of the three ocean harbors in Benton County to a railroad without a penny of compensation. Oregon had received 4,000,000 acres of school land from the Federal Government, of which all has been sold except 500,000 acres of scrub land. The state has \$5,000,000 in \$8,000,000 in its school fund from the sales, whereby Washington, by better management, will get \$75,000,000 from her school grants.

GOVERNOR DECRIES APATHY

Governor Boyle, of Nevada, declared the states were clamoring for the privilege of giving away their resources. "There is not much use of unlocking resources when someone is waiting to pack them out of the window," he said. Governor Carlson, of Colorado, read a paper favoring state control of water power.

GOVERNORS' SESSION IS SET

National Conference Will Be Held in Boston Last Week of August.

BOSTON, May 19.—Governor Walsh today designated the last week of August for the National Conference of Governors in this city. He sent a telegram to the conference of Governors of Western states, now in progress at Seattle, Wash., saying that this date would be convenient for them. It is expected that a discussion of a plan for uniformity in labor laws will be one of the features of the conference.

SOUTHERN WOMAN PASSES

Mrs. Rebecca Ann Waddill, Native of Tennessee, Dies in Hood River.

HOOD RIVER, Or., May 19.—(Special.)—Following an attack of heart trouble three weeks ago, Mrs. Rebecca Ann Waddill died this morning at the home of her granddaughter, Mrs. Joe D. Thomson. Mrs. Waddill came to Hood River from Waverly, Tenn., last summer to make her home with her granddaughter. She was 85 years old, having been born August 6, 1829, at Nashville.

Her early womanhood was spent in Nashville, where just preceding the Civil War, in which she lost three brothers, who were killed while fighting in the armies of the Confederacy, she was married to A. M. Waddill, who died 12 years ago. In addition to Mrs. Thomson, three other grandchildren survive, Mrs. H. D. Nichol, Jr., and John G. Lucas, of Paducah, Ky., and John G. Lucas, of Vera Cruz, Mexico.

HOW SOLDIERS LIVE AND FIGHT IN THE TRENCHES.

London, May 20.—When it rains the trenches are half filled with water. The cold is always of the damp, penetrating, dreadful kind that chills to the very marrow. Hot food is served three times a day to the men in the trenches by other soldiers, who scurry like rabbits through long uncovered tunnels running back from the works concealing the guns.

These men in the trenches must have good food in order that they can have good blood, and if they have good blood, they have good courage, they keep warm because their circulation is good and their extremities are warm from exercise. Many men are invalided, however, because their blood and their stomachs were not right to withstand the awful hardships of this winter campaign.

When you do not properly digest your food your blood becomes thin and every organ of the body soon feels the effect. The result is—headaches, sleeplessness, nervousness and many other symptoms—due to accumulation of poisons in the body. Unless the stomach is given aid at this stage—more serious illnesses follow. Now is the time to help your weakened stomach—now is the time to take Dr. Pierce's Golden Medical Discovery (in tablet or liquid form). It has the same power to set you right as it has been proved to have in thousands of other cases. It will help your stomach so that the food you eat will nourish and sustain you and make good red-tinged blood. It will enable you to get rid of the waste a sluggish liver and irregular bowels have permitted to accumulate in your system.

Dr. Pierce's Golden Medical Discovery is composed of known native healing remedial roots and herbs with no alcohol nor narcotic drugs to give you harmful habits. It can now be obtained in tablet or liquid form from dealers, or send 50 stamps for box of tablets.

Address: Dr. Pierce, Invalids' Hotel, Buffalo, N. Y.—Adv.
