

BRITISH EVASIVE, PACKERS CHARGE

Position as to Compensation for Seized Food Cargoes to Scandinavia Defined.

FULL PRICES DEMANDED

Foreign Office Contends That Argument of Owners Cuts Both Ways and That British Government Would Lose Heavily.

LONDON, May 21.—Although representative American shipping interests generally agree that the British government has a strong case in the Foreign Office memorandum defending British treatment of detained cargoes, lively exception is taken to the paragraph devoted to a defense of the government's action in regard to meat shipments.

The Foreign Office said that negotiations for settlement of the controversy to a standard "owing to the exorbitant terms insisted upon by the representatives of the American packers."

One of the leading representatives on the American side in these negotiations declared that in this paragraph the British government had been wholly evasive and absolutely unfair. The American contention is substantially as follows:

The meat was purchased under contract in Chicago for shipment to Scandinavian countries. When these cargoes were detained, the packers told the British government that while believing their detention was wholly illegal under international law, they were willing to come to a friendly settlement.

Owners Demand Contract Price. Nevertheless as business men, and to avoid a great loss on the part of their client, they agreed that the government give them the contract price which they would receive in Scandinavia, as the meat was prepared for northern climes, and was not suitable for the local market. Not only would it bring a low price here on that account, but if they agreed to obtain a definite promise that the actual trial will begin on that date.

Unfavorable Conditions Irritating. The packers also are greatly irritated at the conditions under which they are compelled to unload their cargoes. They say that in some instances the meat is allowed to spoil in the sun.

In response to these assertions, British officials contend that the argument of the packers is a demand for cuts both ways. Admitting that the meat is unsuitable for the domestic market, they say the payment of the Scandinavian rate would mean a loss of several millions to the British government. They maintain they are justified in demanding the price of the packers as extortionate. In view of this fact, the negotiations came to a deadlock because the Americans refused to continue their claims unless the government would concede the Scandinavian contract price.

LEGISLATORS URGE RESPIRE

Arizona Representatives Would Resubmit Hanging Question.

PHOENIX, Ariz., May 21.—By a vote of 17 to 16 the House of Representatives adopted a resolution today urging the State Board of Pardons and Parolees to grant 90-day respites to the five men condemned to be hanged May 23 at Florence penitentiary so that the question of abolishing capital punishment might again come up for legislative action.

Granting the respite would give Governor Hunt time to include the subject of abolishing the death penalty in a call for an extra session of the Legislature to follow the present extra session. The question was put before the people at the election last November and was defeated by a plurality which sent the sentiment of the state, as a large number refrained from voting.

LINE OPEN PAST SEWARD

Of 1500 Applicants, 200 Get Work on Alaska Northern Railway.

SEWARD, Alaska, May 21.—The Government engineers repairing the Alaska Northern Railroad have opened the line for operation 27 miles out from Seward. Section crews are repairing the track and the dock at Seward. The telephone line is being repaired from Seward to Mile 12, and later will be extended to Ship Creek, where the engineers constructing the new railroad to the Matanuska coal fields are making their headquarters.

Reports from Ship Creek say that of 1500 people who have gone there in the expectation of getting work on Government construction only 200 have been employed. Men are clearing the right of way along 12 miles of the line from Ship Creek to the coal field.

SOLDIERS GET DAILY WINE

Issuance of Tea to Frenchmen in Trenches Also Approved.

PARIS, May 21.—General Joffre, the French commander-in-chief, has approved the issuance by the committee department of a tenth part of an ounce of tea daily to each soldier during warm weather. Experience has determined that tea is a healthy drink and easily prepared and distributed among the men in the trenches.

The supply depot also has been authorized to issue four-fifths of a pint of wine daily to each man.

BAPTISTS PRAISE WILSON

MESSAGE PROMISING SUPPORT IN WAR CRISIS IS SENT.

Fund for Aged Ministers and Missionaries Swelled to \$625,000, With \$250,000 Gifts Received.

LOS ANGELES, May 21.—(Special.)—At the opening of the Northern Baptist convention today, Rev. Howard B. Gross, of Boston, offered the following message and moved it be sent to President Wilson.

"The Northern Baptist convention, now in session in Los Angeles, representing more than a million and a quarter of members of Baptist churches of the North and West, expresses its warm sympathy with you in the delicate and difficult conditions with which, as the Executive Chief of this Nation, you are compelled to deal and its gratitude for the wise and Christian way in which thus far the issues arising from the war in Europe have been met. Assuring you of its confidence and loyalty, the convention prays that in these critical days you may be divinely guided and preserved."

This message was approved unanimously. The report of the efficiency committee, providing for the unification of the publication and home mission societies, was discussed. Action was deferred for a year.

Ambrose Swasey, of Cleveland, announced a gift of \$200,000 to the mission societies. The gift was made as a memorial to his wife, and another layman made a conditional gift of \$50,000. With drafts totaling \$250,000 in all reported today, the fund of the Northern Baptist convention for aged ministers and missionaries was swelled to \$625,000.

JUDGE FAVORS LEO FRANK

Belief of Innocence Told Before Death, Says Late Jurist's Friend.

"WHITE WAY" CAPTURED

ATLANTA, Ga., May 21.—In a letter forwarded today to Governor Slaton and the State Board of Pardons and Parolees, Judge A. G. Powell, ex-member of the State Court of Appeals, asserted that the late Judge Frank, who presided at Frank's trial, often had expressed to him the belief that Frank was innocent of the murder of Mary Phagan.

"It is my belief," Judge Powell's letter said, "if he were living I would not attempt to speak for him. Since his mouth is shut, from the conversation with him, and to Frank that I should give you the benefit of what I know of how he felt as to the defendant's guilt."

Judge Powell's letter said he was unable to explain why Judge Frank, with these views, did not grant the new trial, which from the conversation with him, he fully expected him to grant.

TENS OF THOUSANDS ARE FALLEN EAST

Teuton-Russian Battle Has Reached Proportions Beyond Previous Imagination.

CZAR'S MEN USING CLUBS

More Than 100,000 Are Captured, While 40,000 Austro-Germans Are Taken Prisoner in Few Days—Millions Shells Fired.

LONDON, May 21.—Never before in the imagination of man has a battle gained such proportions and intensity as that brought about in Galicia and the Carpathians by the Austro-German drive from the west, according to reports reaching here from Berlin and Petrograd.

The total losses probably never will be known, but run into the hundreds of thousands. Berlin declares that the Germans alone have captured 104,000 Russians, 72 cannon and 252 machine guns since the engagement began, while Petrograd reports that 40,000 Austro-Germans were captured from May 10 to May 17. The dead are estimated at many times this number, while Petrograd says that the capture by Russians of several hundred guns, which the enemy could not take with him because of lack of horses, was more than equivalent to the advantage at first held by the Austro-Germans.

Before the guns were abandoned, the dispatch adds, the Teuton forces expended between 2,000,000 and 3,000,000 shells. This was evidently done extravagantly to prevent them falling into Russian hands.

Four thousand field guns are being used by the Austro-Germans on the River San front in the closest formation ever known, according to the Petrograd dispatch, which says an endless sheet of shells are being poured forth in an effort to encircle Przemyśl.

While the Austro-Germans have succeeded in gaining positions on the Russian side of the San, the report says, none of the main Russian positions have been taken and the Teutons have been able to attack Przemyśl from one side only.

One Berlin dispatch says that Russians who were captured near Jaroslau were equipped only with iron clubs, instead of rifles for weapons.

"WHITE WAY" CAPTURED

FRENCH REPORT REMOVAL OF MILITARY OBSTACLE.

Brilliant Attack on Slopes of Notre Dame de Lorette Succeeds—Battle Rages North of Ypres.

PARIS, May 21.—The following communication was issued tonight: "Supplementing the previous reports of the importance of the defeat suffered by the Germans in their attack north of Ypres during the night of May 20-21: We captured 150 prisoners and took several mine-throwers. The ground was strewn with more than 800 German dead."

"The weather having improved, our troops on the slopes of Notre Dame de Lorette made an attack which succeeded brilliantly. We have taken the German fortified works called 'The White Way' (La Blanche Voie), which was still partially in the hands of the enemy. From this point the Germans, with their machine-guns, were considerably hampering our action, as also was the case on the plateau and to the west of Souchez."

"The entire Lorette hill and the lesser ridges which the enemy had defended fiercely for more than six months are therefore in our power. In addition we have captured that section of Ablain-St. Nazaire which linked the 'White Way' works to the northern end of the village still occupied by the enemy."

BERLIN, via London, May 21.—The Berlin War Office says that colored French troops attacked north of Ypres last night and that the battle continues today. Repulse of the British south of Neuve Chapelle last night is reported.

A young woman named Gold and a young man named Ring were married in Minneapolis the other day. A court commissioner did the wedding.

The Bane of Old Age

The bane of old age is constipation. This may be relieved by the use of Chamberlain's Tablets. When the proper dose is taken the effect of these Tablets is so gentle and so natural that you can hardly realize that it has been produced by a medicine. Many old people use them with the best results. We see no reason why old age should not be as happy as any other period of our existence.

RESINOL MAKES ECZEMA VANISH

Stops Itching and Burning Instantly. There is immediate relief for skin itching, burning and disfigured by eczema, ringworm, or similar tormenting skin trouble, in a warm bath with Resinol Soap and a simple application of Resinol Ointment. The soothing, healing Resinol medication sinks right into the skin, stops itching instantly, and soon clears away all trace of eruption, even in severe and stubborn cases where other treatments have had no effect. After that, the regular use of Resinol Soap is usually enough to keep the skin clear and healthy.

You need never hesitate to use Resinol. It is a doctor's prescription, that has been used by other physicians for years in the treatment of all sorts of skin affections. It contains absolutely nothing that could injure the tenderest skin. Every druggist sells Resinol Ointment and Resinol Soap.

Last Day 65th Anniversary

FEATURING OUR MEN'S DEPARTMENT
