And Charley has a good grouch coming because Portland beat San Francisco vesterday by the lumpy and lop-sided score of

Of course, the old warhorse didn't have to stay in there and take all the punishment. Hubs Pernoll was rushed out and here his share like a man. But the Beavers rolled up seven runs of the 13 off Prexy Baum's big brother in two innings, and that ought to be enough provocation for a whole library

blue books.
Stanley Coveleskie twirled an excellent game for the Mackmen, and in ad-dition came across with his first hit of the season. This, in itself, is a mighty good omen. Cove's bingle was a twobagger off the right-field fence. Bates and Lush also starred at bat for Portland, registering three hits apiece. Lush was stationed in right field, vice Walt Doans, who is on the hospital list.

Bates Has "Field Day."

Bates enjoyed a regular field day at the expense of the Seals. In the second inning he robbed Bodie of a hit by stabbling a liner that was hurling by stabbling a liner that was hurling by stabbing a liner that was hurling by at the velocity of Biela's comet. It was far the most sensational third-base play we've seen this year. He came through with more of his same old brand of damp and chilly weather, and, while it was ladies day, not more than 1500 fans were out for the matinee. A slight drizzle began falling about the sixth inning, but "Red" Held had his cap on, so no harm was done.

Door a five-run lead in the early innings Philadelphia tied the score in the fourth on five hits and three errors. Schang was carried off the field in the first inning after having a hig gash cut over the right knee when he touched out Hobitszell, who was sliding for the plate. SPORTS AT SAN FRANCISCO FAIR TO BE REORGANIZED.

Management Turned Over to W. F. Humphrey, John Elilott and Dr. E. C. McConnell, Due to Disputes.

SAN FRANCISCO, May 28.—A com-nittee of three, well known in Pacific Coast athletics, assumed charge today of sports on the Panama-Pacific Ex-position programme. The reorganiza-tion followed dissension between com-mittees and the exposition manage-ment, the report of a \$42,000 deficit from polo and golf and complaints of inefficiency.

The managing committee consists of William F. Humphrey, president of the Olympic Club; John Elliott, president of the Olympic Club; John Elliott, president of the Pacific Association of the Amateur Athletic Union, and Dr. E. G. Mc-Connell, director of the Olympic Club.

Curtailment of the athletic programme was predicted today. Football, cycling, lacrosse, college rawing, minor field meets and similar events probably will be eliminated, or at least modified. Greater attention will be given to the more important events, avolving territorial titles.

A general meeting of committees on the various sports probably will be held Monday to confer with the managing committee of three to determine
