

GERMANS ANNOUNCE REVERSE IN GALICIA

Russians Push Force Back Across San, but Lose 9000 Prisoners Near Przemysl.

BATTLE RENEWED IN NORTH

Cavalry and Artillery Engagements Are Terrific in Vicinity of Oesowetz, Berlin Again Reporting Important Gains.

LONDON, May 28.—A reverse at the hands of the Russians in the fighting along the River San, in Central Galicia, is announced today's statement from the German War Office. It is said the Germans in the region of Sienawa, on the left bank of the river, were forced back and lost six cannon. The German positions, according to this announcement, were not defended by strong forces. The report says: "To stop the advance of the Russian allied troops equipped with fresh forces, brought forward from other war theaters, to attack at several points on the right bank of the river, the German attempts failed. Only in the region of Sienawa weak divisions were forced back on the left bank of the San. On this occasion, however, the Russian troops could not be withdrawn in good time.

9000 More Russians Taken. "In the district northeast of Przemysl we are still progressing favorably on both sides of the River San. In addition to booty reported May 25, about 9000 additional prisoners have been taken and 25 cannon and about 29 machine guns. Reports from the Galician front indicate that the Austro-German forces have encountered an unyielding wall in the Russian line. The Russian line of the way to the Rumanian frontiers, according to a dispatch from Petrograd. Nevertheless, the Russian allied continue assaults over the whole length of this line with as great determination and energy as ever. Particularly strong German forces with heavy artillery are massing on the roads leading eastward in the direction of Lemberg.

After violent artillery fire, says the dispatch, the German advance continued day to Tomonovits, a village three miles east of Guskowa, which lies southeast of Przemysl. After a fierce battle, which continued through the day, the Germans retired, and according to Russian staff officers, they left 2000 dead behind them.

German Use Shields. The German soldiers led in the assault, sheltering themselves under large shields, but they were forced back by the fire of the Russians. The Austro-German advance in Galicia having been checked, there appear new signs of widening German activity on the long fighting line from the Baltic southward. This front runs east of the Prussian borders, bends eastward to within 20 miles of Warsaw and passes on to Southern Poland. Preliminary operations are now under way along this line.

The most important of these operations are the resumption of a determined manner of the bombardment of Oesowetz and artillery battles and German engagements near Edvabno and generally along the Narew front. Here, as in the Bzura region, before Warsaw, the German maneuvers have not developed sufficiently as yet to reveal whether they are preliminary to offensive operations of a serious character or merely constitute another of the numerous demonstrations which periodically develop and subside without affecting the situation materially.

German Attack in North. Regarding the campaign in North-West Russia, the German official dispatch says: "On the Dubysa our troops again commenced the offensive. An attack conducted on both sides of the high road between Eriwa and Przemysl was crowned with good results. We captured 3120 Russians. On the remainder of this front Russian night attacks were repulsed at several places."

POLICY CHANGE INDICATED

(Continued From First Page.) ters was that one purpose would be to place responsibility for the present state of affairs squarely on the military elements in the Southern republic, which had diverted attention from the White movement. Many diplomatists who interpreted the day's events as the forerunner of a new policy, thought intervention was an inevitable outcome of the situation and that the United States was paving the way for such action by notifying the world of its purpose to take the step for the sake of intervention. They pointed out that a similar utterance had preceded intervention in Cuba in 1898.

For the present it is understood the modification to all the Mexican consumers' League, in an address today at the opening session of the 11th annual conference on child labor at the Panama Pacific Exposition. Mrs. Kelly urged work for the enactment of a National child labor law.

"Excuse me as we made the Congress that protects our industries protect our children, too," she said, "we cannot have clear consciences."

While the President's statement will not say specifically the alternative course in case it is not heeded, the general trend of comment tonight indicated that the United States Government as a first step in such a contingency would insist on keeping the railroad between Vera Cruz and Mexico City open for the transportation of supplies, and might even deliver its supplies to the people in other Mexican cities by Governmental agencies.

The Government's plan, it is worked out, and they are not expected to come to a decisive point while the delicate negotiations with Germany are in progress. President Wilson said the Tuesday after his conference with Du Val West, his personal representative in Mexico, that he had decided on no change in the Mexican policy. The events of the last 24 hours, the seizure by Carranza authorities of large quantities of corn bought by the international relief committee and the inability of the author-

TROOPS CAMP IN CITY

TWENTY-FIRST INFANTRY BATTALION EN ROUTE TO CLACKAMAS.

Two Weeks Will Be Spent at National Guard Rifle Range and Will Be Replaced by Others.

VANCOUVER BARRACKS, Wash., May 28.—(Special.)—The First Battalion of the Twenty-first Infantry, including Companies A, B, C and D, left here this morning for the Clackamas, Or., target range, used by the Oregon National Guard. There were 300 men in command of Major William Brooke. The troops will be on the target range practicing shooting for about two weeks, when they will return and another battalion will take their places.

On marches of this kind regular field discipline is observed, and everything moved like clockwork at the camping grounds. Major William Brooke is in command.

HAINES STAMPEDE IS ON

Rain Falls to Stop Events of First Day of Celebration.

BAKERS, Or., May 28.—(Special.)—In spite of heavy rains all last night and this morning, Haines today started its two-day stampee celebration and carried through all events scheduled. Hundreds attended from all the surrounding country and at least 800 were in the little city. Delegations from Baker, Huntington and Northpoudre went to invite Haines to attend their Fourth of July celebrations.

The first act of the day was an interesting several-inning baseball game between Haines and Huntington, the visitors winning by a score of 5 to 0.

John and Fred Spain put on a series of buckaroo events and the men and horses gave good exhibitions and contests despite the muddy field. Buffalo Vernon bulldozed a cow, but Fred Spain failed in the attempt when he dislocated his knee. He says he will be able to perform tomorrow.

The exciting event was a potato race on horseback, John Spain's team winning. A dance was given in the opera house tonight and was attended by nearly 100 couples. Weather indications are for sunshine tomorrow and 2000 visitors are expected.

A ball game between Baker and Huntington was scheduled for today.

Chris Andrews and H. K. Harrison are the winners of the wager.

At 8:05 he started from the city hall, with his nose and his hair of matted mass he arrived at the Minneapolis courthouse at 3:28 in the morning, exactly 50 minutes, it is said, so the distance of 1000 that he could walk from St. Paul to Minneapolis in an hour and 15 minutes.

board meeting today and there will be a dinner tonight at the Hotel Benson, with the Oregon Federation board as hostesses for the National officers.

"Colonel" Blount, Mrs. Pennybacker's aide, who was one of the busiest people in the city yesterday, said: "We had our mail measured by the bushels there was such a lot of it, and it is all being attended to. Our president is a worker; she sets an example and sets a pace; we follow gladly."

All clubwomen are urged by the credentials committee to register today at the White Temple, where Mrs. J. A. Pettit and her helpers will be in attendance.

All who are interested in the doings of clubdom are invited by Mrs. Sarah A. Evans, president of the Portland Association of Women's Clubs, to attend the annual meeting and become acquainted with what clubwomen are doing.

City Tour Planned. Mrs. Grace Watts Ross, chairman of the excursion committee which is planning sight-seeing trips for the Biennial Council of the General Federation of Women's Clubs, has completed arrangements for the picnic at Multnomah Falls June 4, and is mapping out the routes to be taken about the city in automobiles.

Through the courtesy of C. M. Menzies, of the Northwest Auto Company she has been provided with a car to survey the various routes proposed, and schedule just what may be seen within the record for the disposal of the delegates, following the afternoon sessions of Wednesday and Thursday.

Accompanied by Mrs. John M. Scott and Mrs. Bertha Taylor Vonhorst, Mrs. Ross yesterday spent the morning in inspecting a suggested "Two-Hour Auto" and pronounced it practically perfect so far as it went; but how to show the visitors all the interesting things in and about Portland in two hours is a puzzle, she declares.

"The only solution seems to be," said Mrs. Ross, "to give two hours to the East Side and the afternoon and night to the West Side the following afternoon." Another preliminary trip will be taken Sunday afternoon, and side trips from the main route will be determined.

Mrs. C. H. McMahon, auditor of the General Federation, arrived last evening from Salt Lake City, and she, too, was greeted by representative Portland women.

Mrs. Pennybacker has set 9:30 o'clock for the time for the meeting of her board this morning. Last night she held a conference with State and General Federation officers.

LAND SHARK ASSAILED

SENATOR CHAMBERLAIN LAUDS REAL ESTATE BOARD.

Dealers Express Faith in Mr. Yeon's Plans and Indorse Annexation of Linnton and St. Johns.

Nearly 200 realty men and guests of the Portland Real Estate Board heard Senator Chamberlain assail the land shark in an after-luncheon address delivered in the new dining-room of the Chamber of Commerce yesterday. The attendance was larger than at any previous Realty Board luncheon this year.

"The members of the Portland Realty Board have performed a great public service in putting forth collective effort to purge their business of the undesirable men who have been giving Oregon a black eye all over the country," declared the Senator.

"Men are still going abroad in the East selling so-called preferred rights in the Oregon & California land grant, and as a result of their misrepresentations thousands of hard-working men and women have invested their money in lands that are not worth a cent. Next to the lawyers, I believe the real estate men have the reputation of being the most undesirable class of business men, but I am happy to note that such is not true with the personnel of this board. You men should always see to it that your ranks are purged of land sharks."

Senator Chamberlain also urged the board to send a large delegation to the annual convention of the National Association of Real Estate Exchanges at Los Angeles next month. John D. Wilcox presided at the luncheon and Frank Hennessy sang several patriotic selections. A parody on Senator Chamberlain's recent "moustache-massacre," entitled "Since George Got a Shave," was enjoyed hugely, particularly by the victim of the joke.

The board, by motion, expressed its faith in Roadmaster Yeon's recommendations and adopted resolutions indorsing the proposed annexation of St. Johns and Linnton.

ELMA, Wash., May 28.—(Special.)—

PRESIDENT ILL FEW HOURS

Automobile Trip Brings About Practical Recovery.

WASHINGTON, May 28.—President Wilson practically recovered today from a slight indisposition, which, coupled with the lack of any pressing business to transact, led him to cancel the regular Friday Cabinet meeting.

The President remained in bed during the morning, but late today took an automobile ride and attended to some important matters.

George Frazer, Junction City, Dies.

JUNCTION CITY, Or., May 28.—(Special.)—George W. Frazer, 75, died today after a sickness of one year. He was born in Simcoe, Ontario, November 13, 1839. In 1852 he married Clara Ann Brown. They moved to Cleveland, O., Oklahoma, thence to Oregon, where they resided for the past 16 years. Those surviving him are Mrs. G. W. Frazer, of Junction City; two brothers, Frank Frazer, of Michigan, and James Frazer, of Oklahoma; and a sister, Mrs. Harriet Ward, of Jackson County, Michigan.
