TRACK MEET TODA

Interscholastic Games to Be Held on Multnomah Field.

JEFFERSON TEAM STRONG

Columbia and Lincoln Picked as Chief Contenders, With Washington Dangerous and Franklin in Dark Horse Role.

With the track on Multnomah Field in the best of condition and all the athletes eager for the fray, the annual Portland Interscholastic League track and field meet will be held this after-neon. Referee T. Morris Dunne an-nounced that the first event would be run promptly at 2 o'clock, and the 102 entries must be on hand on time. Speculation as to the probable win-

ser of the gathering was rife last night, and not for several years have the teams appeared so evenly balanced. Followers of the local institutions are picking the champions from either Jefferson High, Columbia University or Lincoln High, with Washington High School a dangerous competitor. Franklin May Be Surprise.

Franklin May Be Surprise.

Franklin High School has an opportunity to spring the surprise of the year among the first three, for little consideration has been given the baby institution of the circuit. This is the first time Franklin High School has ever had a team in the annual meet.

Coach May, of the Jefferson High School, is doing everything possible to annex points here and there, for he has practically clinched a majority of has practically clinched a majority of has practically clinched a majority of the points in the distance races. Cap-tain Demmon will be entered in the mile and half, for he won both events at the Oregon state meet last month. Springer, Laman and Hollinger are expected to place in the distance matches.

Laman Bonney is going strong in
the discus and high hurdles, and Williford is counted to repeat in the pole vault. He won this event at Eugene during the annual affair under the auspices of the University of Oregon. Captain Lodell, of the baseball team, will take part in one or two of the

Columbia Is Contender.

Coach Callicrate, of Columbia University, and Coach Fabre, of Lincoln High School, have been working tooth and until to develop enough material to take the 1915 classic to their respective school. Bob Malarkey, of the collegians, who won the broad jump at the University of Oregon meet, may not be able to contend, with the result that Jefferson High School will be beneffited by the change.

Many Resent Cancellation of Race Made Famous by History.

LONDON, June 3 .- The first Wednesday in June has been devoted for gen-erations to London's great racing car-nival, the Derby at Epsom, and its emission this year brought home to the citizens of the British capital with peculiar emphasis the serious crisis through which the nation is passing. Derby day always has been the most Derby day always has been the most popular sporting event of the year. The race was witnessed by the late King Edward every year from 1863 until 1903, except when he was kept until 1903, except when he was kept will be furnished by Leo Cross, the Centralia husky, who defeated Harry to be a second of the year.

They point to the fact that racing is going on as usual in Germany and contend that its prohibition in England probably will be regarded by her enemies as a signal of weakness and nervousness, making her subject of ridicule.

George Stallings has been sick for several days. While he was out the Chicago Cubs laced the Boston Braves four straight games. After the fourth defeat he went on the Braves bench, with the result that the losing streak was broken.

Johnson and Pearson, the two sensational interacholastic athletes of Spokane, are going back to the big Eastern interscholastic meet at Chicago. Pearson is of the North Central High School and is some sprinter, while Johnson hails from the rival institution, Lewis and Clark High, and his events are the broad jump and hurdles. The school board of Spokane has granted the two boys a week's vacation to make the journey East. North Central won the recent dual meet against Lewis and Clark in which Johnson stored 23 points and Pearson 19%. Johnson broke five records and Pearson trimmed four.

Cleveland, Ohio, will furnish an interscho-lastic track meet next Saturday for her own athletes, in which 654 have been entered. This is the largest number that has ever been received.

United States Steel led the advance, dealings in that stock aggregating about 190,000 shares, or 25 per cent of the whole, coppers were next in favor, with average gains of 2 to 3 points on a very large joint turnover. War specialties were comparatively inconspicuous, although advances in that group were of a substantial character, the same being true of the automobile shares and other issues having no special classification. General Motors made the greatest gain of any specialty, advancing 10% points. Half a score of the railway investment stocks, mainly those in the international list, rose 1 to 3 points, but the demand for these issues was relatively light. The advance in steel to 50%, its best quotation since the beginning of the strain in relations between this country and Germany, was made the occasion of much gossis in and conjecture. It is known that the corporation's output has increased during the past fortnight and this favorable condition is expected to show in the May tonnage figures, to be issued a week from today. Not until the close of the market was it learned that the Steel Corporation had won the suit brought against it by the Federal Government.

The further rise in the copper group was traceable to a number of specific causes, including the greated mand for the metal at higher prices. Moreover, it is argued that the new turn in the Mexican situation is capetide character of the many large producing and smelting companies which have large property in the Southern republic.

west and a gradual improvement in cash demand, both here and at the seaboard, tended today to lift the price of wheat. The market closed strong at ic to 1%c net advance. Corn finished %c off to %c up, oats at %c decline to a rise of %c, and provisions with gains of 7%c to 17%.

The dominant influence in the raily was the fact that additional storms were threatening Okiahoma, where already much of the growing crop was said to have become badly tangled and lodged. Hedging sales and the absence of any good-sized apport or domestic cash transactions put wheat builts at a disadvantage until the last haif hour of the seasion. Lower Liverpool cables, too, had a depressing effect, but all such factors were lost sight of later in a seemingly complete rout of the bears. the scaboard was largely responsible for a break in the corn market. The late strength of wheat with some export buying here formed only an offset in part.

Big sales at the scaboard strengthened the July delivery of eats. September easd off on account of crop advices of a decidedly bearish nort.

Cattle Quiet.

There was only a limited amount of business at the stockyards yesterday. There was a good run of sheep, but the larger part of the receipts were contract stock.

A load of lambs was sold at \$5 and a few yearlings and ewes at going prices. Several small lots of hogs were disposed of, but \$5.75 was the best price paid. The cattle market was quiet.

Receipts were 11 cattle, 9 caives, 216 hogs and 1863 sheep. Shippers were:

With sheep—Sam Sinclair, Richville, 1 car; Frank Wann, Canby, 1 car; Ed Selleman, Castle Rock, 2 cars.

With mixed loads—Barclay & Cummings, Corvallia, 5 cars hogs and sheep; Patton & Overton, Haisey, 5 cars cattle, calves, hogs
