

ROSEBURG VOTES BONDS FOR LINE

Issue of \$300,000 Authorized as Contribution to Operations by Kendall Bros.

\$1,250,000 TO BE SPENT

Proposed Road Will Tap Rich Timber Belt and Farming Country and Mill in Connection Will Have 250,000 Feet Capacity.

ROSEBURG, Or., June 3.—(Special.)—By a vote of 565 to 78 the people of Roseburg today authorized the issuance of bonds in the sum of \$300,000 with which to aid Kendall Bros. of Pittsburg, Pa., to construct a railroad from Roseburg to the line of the Cascade National Forest Reserve on the North Umpqua River, and erect a modern sawmill in this city.

With the bonds authorized the work of obtaining the necessary rights of way and millsite will begin tomorrow, and it is expected that actual construction work on the railroad will be in progress within 30 days. The railroad will be 30 miles in length and will represent an expenditure of about \$750,000. The railroad will tap one of the richest timber belts in Oregon as well as furnishing means of transportation for farmers living along the right of way.

The mill which Kendall Bros. propose to erect here will have a capacity of 250,000 feet of finished lumber a day. It will be operated by electricity generated by its own steam plant. The mill will be somewhat similar to the plant of the Booth-Kelly Company at Springfield. The preliminary survey for the railroad has been in progress for a month and should be completed within the next two weeks. The plans for the millsite also have been prepared and are ready to submit to the contractors.

As a result of the favorable vote on the bond issue the people of Roseburg were jubilant tonight. Bands paraded the streets, while hundreds of people expressed their gratification by indulging in good-natured antics in the business district.

GASTON ROSE FETE HELD

MARCHEL NEIL CLIMBER AWARDED FIRST HONORS.

Parade of Youngsters and of Ponies Big Feature and "Community Sing" Is Held.

GASTON, Or., June 3.—(Special.)—The Gaston Rose Fete was held today and was an unqualified success. The magnitude and beauty of the display was a revelation to every one. The judges were Mrs. Thornburgh, W. K. Newell and Professor Bates.

A beautiful climbing Marchel Neil won a first prize; a fine specimen of the Irish Elegance was shown by Mrs. Maurice Owens. The "kiddies" parade in the afternoon topped off the day's activities and was witnessed by an immense crowd, which included visitors from Forest Grove, Dilley, Cornelia, Yamhill and the smaller districts tributary to Gaston.

The parade was a gorgeous pageant of happy childhood in gala array, all aglow with smiles and blossoms. There were toy vehicles of all descriptions elaborately decorated, pulled or pushed by small, earnest toddlers.

There was a long list of entries in the saddle pony class and their division gave evidence of much care and thought in decorating. The ponies ranged in size from tiny Shetlands to big farm draught horses. Dale Abrahams won first honors. Miss Cecilia Saunders won first in her class. Little 4-year-old Jack Chandler, mounted on a huge white Percheron mare, was an immediate favorite. After the awarding of the prizes by Miss Marjorie Forbes and Joseph Hurley all joined in a "community sing," led by Miss Goldie Peterson.

A Grave Moral Issue Is Involved In This Jitney Problem

A Wild, Unregulated Jitney Strikes Right at the Home

For months the Daily Press has teemed with reports of women and girls who have been made victims of HUMILIATION, INSULT AND ATTACK while riding in dark, unlighted jitneys.

There have been innumerable accounts of crime and thuggery perpetrated under the favoring darkness of these cars in lonely and unfrequented places.

Honest and respectable jitney operators cannot object to regulation that will reduce somewhat THE DANGER OF THIS FORM of the JITNEY MENACE.

In drafting the ordinance now before the people, the City Commissioners have, to a certain extent, tried to minimize this source of evil by requiring that the interior of all jitney cars be well lighted after nightfall.

A Wild, Unregulated Jitney Is Absolutely Irresponsible

This irresponsibility encourages the criminally inclined to the commission of unlawful and immoral acts.

For this reason the respectable jitney operators cannot consistently oppose the effort of the City Council to lessen hoodlumism and outlawry by this mild regulative measure.

And, if you believe this is a fair proposition,

Vote 112 Yes
