What Anna Pavlowa the World's Greatest Danseuse of the Imperial Opera, St. Petersburg and the Metropolitan Opera House who will be at the Baker Theater June 7 and 8 for Two Performances Only. Says of the ANGELUS Player Piano. The Wilcox and White Co., Meriden, Conn. Gentlemen: There are so many wonders in the Angelus that one can only speak of the ensemble effect—it is perfect. The Phrasing Lever is marvelous, almost beyond belief, in its control of the tempo; the Melodist brings out the melody exquisitely, while the touch and tone coloring are the height of artistry. It is incomparable. Sincerely yours, ANNA PAVLOWA.

We invite you to come in to hear and try the Angelus—anyone can play it. Easy terms of purchase may be arranged if desired. General Western Representative The Wily B. Allen Co. ESTABLISHED 1875. FINANCIAL DEPRESSION CAUSES BUSINESS SACRIFICE. I need \$40,000 and need it quick. Stockholders whose stock is now due to retire want their money. Under ordinary conditions, it would be easy to finance this through the regular channels, but under present conditions I have been unable to do this. There is only one thing left to do and that is to sacrifice the stock until enough pianos have been sold to bring in the money. For several years I have worked hard to build up good will and business friendship. This cannot be bought for money and this business standing I am going to keep. The fact that I will sell during the next few days many splendid pianos at much less than their actual value will not weaken my business standing. But those who secure a piano at this time, while I am raising this money will enjoy a most unusual saving. This is not an ordinary bargain sale. This is a life-and-death struggle and actual cash is the first consideration. While it seems a pity to lose the legitimate profit which is due any worthy business transaction, the fact that it will increase the good will and friendship which my business enjoys makes the deal profitable in future standing if not in immediate remuneration. Even though I will not make a cent on these sales, and actually lose money on many transactions during the time it takes me to raise \$40,000, it will enable me to maintain my business through this present crisis. Whether you intend to buy or not, do not miss this opportunity. Use it to inspect my splendid stock. Do not be satisfied short of seeing these fine instruments and actually trying them. You cannot afford to overlook the beautiful new Knabe at \$325. It is not the object of this announcement to go into spread eagle boasts of comparative values. You know too well what such an instrument is worth. Then there is a splendid Sohmer Grand for \$340. There are many other splendid new pianos, some as low as \$145. New. There are many standard quality player pianos offered for as low as \$230. New. There is a Chickering at \$110 and a Kimball at only \$70, both excellent specimens of standard lines. Of course, at these low prices, this is a cash proposition, because it is cash that I need, but I will be willing to give you ample time to pay for them on easy terms and at only very slight increase in price, if you wish it. You can have as much as twenty months in which to make equal monthly payments. Remember that every player and piano I offer, no matter at what price, is backed up by the full and unequalled guarantee of a reliable manufacturer and dealer. This house has made a firm stand for quality, first, regardless of price. It has stood and is standing for continued good will and satisfied customers. It is my intention to weather this financial storm and it will pay you to help me through it. The unexcelled values I am offering as a business sacrifice will commend themselves to your attention. Come and see them. E. H. HOLT, Pres. Holt Piano Company, 333 Morrison St. Just below Broadway.
