2 WOMEN CONFESS TO INFANT'S DEATH

Mrs. Fowles Says She Put Rag Soaked in Camphor on Mouth of Daughter's Baby.

BOY ACCUSED BY GIRL HELD

Grandmother of Child Explains She Was Unable Financially to Care for It—Second Degree Murder Charge Is Likely.

Confessing yesterday to responsibility for the death of the daughter's baby, whose body was exhumed from under a raspberry vine in a garden adjoining their home Thursday, Mrs. Beattie L. Fowles and her 17-year-old daughter, Harriett Fowles, will be charged with second-degree murder today, according to John A. Collier, Deputy District Attorney.

Donald Duffield, son of William F. Duffield, a carpenter living at Fifty-ninth street and Fifty-ninth avenue Southeast, and who is but 19 years old, was arrested by Deputy Juvenile Officer Jeffries yesterday on the girl's assertion that the youth was the father of the infant. He denies responsibility, but probably will face a charge of contributing to the delinquency of the girl, said Deputy District Attorney Robinson yesterday.

WAR HORSES GO ON RAID German Farmers in Illinois Capture British and French Animals. ALTON, Ill., June 11.—About 700 British and French war horses, part of a herd of several hundred head of horses which escaped from a stockade here during an electrical storm last night, tonight were being held for ransom by German farmers, whose lands the horses had overrun and damaged. Rumors that German sympathizers had caused the 100-foot breach in the stockade wall through which the animals escaped were discussed here, but were generally discredited. The farmers who rounded up small herds of the stampeded horses declared tonight they would refuse to surrender the animals until assured by agents of the British and French governments they would be compensated for the damage caused by the animals and for the expense incurred in corralling them. Four hundred horses were returned to the stockade after a spectacular roundup extending through the streets of Alton, Benbow City and Wood River.

MRS. HARRIMAN WINS SUIT Late Husband Never Owner in Portland, Nehalem & Tillamook. Judge Hand's action came after three witnesses had testified that the Southern Pacific and Mr. Harriman never were the holders of the bonds and stock of the Oregon Railroad. The suit originally was brought against E. H. Harriman in 1908. Walker declared that Mr. Harriman had gained control of the road and delivered it to the Southern Pacific. NOTE IS NOT EFFECTIVE News Dispatch From Berlin Says Submarines Will Continue. AMSTERDAM, via London, June 11.—A dispatch from Berlin to the Kolnische Volkszeitung, a copy of which has been received here, says: "Without doubt Mr. Lansing, in comparison with Mr. Bryan, is a man of sharp tone, but the German press will do well not to inquire too anxiously whether he is a man of sharp or of peaceful tone. "Our submarine war will not cease on that account. If American ships or Americans in British ships enter the war zone they must, despite Mr. Lansing and President Wilson, take the risk involved in such a voyage. America can claim the right to judge neutrals' rights only when she herself maintains neutrality. Such was not the case under the pacifist, Mr. Bryan, and probably will be just as little the case under the international law expert, Mr. Lansing."
