ALL TRAINS ARE CROWDED

SOUTHERN PACIFIC BRINGS IN 18 IN THREE SECTIONS.

Cherrians From Salem and Radiators from Eugene Arrive for Festival on Another Special.

Every regular train reaching Portland yesterday and numbers of specials brought in Festival visitors until it seemed the city would be crammed and jammed with the incoming stream of humanity. Extra coaches were required on the regulars, and there were many special parties.

The Southern Pacific Company ran train 18 from the south in three sections, bringing in large delegations from Willamette Valley points. A special from Corvallis, bringing companies of the O. N. G. from valley towns, followed. A special brought the Cherrians from Salem, and the Radiators from Eugene came on another special. The arrival of extra equipment from many points continued throughout most of the day.

The electric lines were busy all the time as well. Every train was crowded on the Oregon Electric, the Portland Railway, Light & Power Company's interurban lines and the Portland, Eugene & Eastern cars.

Among yesterday's arrivals was a special train party from San Francisco, comprising the members of the American Library Association, on their way home. They were met here by a reception committee, headed by Miss Mary Isom, librarian of the Portland Library, and were taken for a night-seeing trip about the city, after which they viewed the morning parade. In the afternoon they were guests of honor at a reception at the Central Library. They left the city last night at 11:30.

Edward S. Harkness, editor of the Railway World, headed a private car party which reached the city yesterday morning from San Francisco. Others in the party were Mr. and Mrs. R. W. Carle and Miss G. R. Sullivan, of New York City.

Special arrangements were made by the railroads and electric lines to handle the outgoing crowds from the city last night. Extra cars were handled on all lines and specials were run whenever it was thought necessary. Additional care was taken in making train connections by which visitors from more distant points could reach their homes again with the greatest convenience.

NEXT YEAR ENTRIES TOPICS

Enthusiasm Over Success of Floral Parade Evident Everywhere.

The artistic success of the floral parade Thursday has borne fruit already in the inspiration it has given many Portland residents to prepare for cars to be entered in a similar parade at the Rose Festival in 1916. Miss Valentine Pritchard, who was one of the committee which worked energetically to make the floral procession the big success it was, yesterday said that a number of Portland matrons and business men already had spoken to her of their plans for next year, some having gone so far as to contract for seeds from which to grow elaborate flowers for decorative purposes.

HOTEL MAN MADE INDIAN

Mr. Ober Then Takes Initiators to Theater, Where They Perform.

Blackfoot Indians visiting in Portland, have initiated George C. Ober, manager of the Portland Hotel, into their tribe. He was given the Indian name of "Bald-Eagle" in recognition of his swamy hirsute adornment. The ceremony took place at the Portland Hotel, where the Indians are stopping. "Bald-Eagle" Ober was so pleased with his adoption into the Blackfoot tribe that he took the ten Indians over to the Empress Theater. He desired to prove to his friend, Manager Pierong, of the Empress, that he really was a good Indian.

The party was ushered out behind the scenes, and when Manager Pierong was made acquainted with the situation he had the Indians, excepting "Bald-Eagle," go out before the footlights and dance between the regular turns.

FIREWORKS ARE TONIGHT

DISPLAY TO BE GIVEN AT THE OAKS, IF WEATHER PERMITS.

Plan is to Have \$4000 Pyrotechnics on Scale Grander Than at Any Time in the Past if Possible. Given fair weather for a few hours prior to the performance, the great pyrotechnic displays of The Oaks will be held tonight at the amusement park. The original dates scheduled were last Thursday and tonight, but rain made the Thursday display impossible. Contracts for \$4000 have been signed for these displays, which will be grander than Portland ever has seen before, with the exception of last year's Festival displays. All the bery pomp will be blazed off from the top of the bathing pavilion, which has been anchored in the river in front of The Oaks. This pavilion is 15 feet above the ground level of The Oaks, so that no matter what the size of the crowd a fine view will be possible all over the amusement park. There are a number of fine set-pieces all ready for final erection and because of the damp weather conditions they require the attention of a man night and day. Delicate instruments are used to determine the percentage of moisture in the atmosphere.
