MONMOUTH, Or., June 15.—(Special.)—A frolic about the city, a picnic on Cupid's Knoll, games of volley and tennis, a business meeting, programme, banquet and recollections of the early days when Monmouth was the seat of learning for men of professions, featured a day of activity for the alumni of the Oregon Normal School here today.

When 122 students, the largest class of graduates in the history of the institution at Monmouth, recently organized before the final completion of the standard normal school course, invitations for commencement were sent to every member of the alumni association, which now numbers 1,200.

Banquet and Speeches Given. After personal welcomes and the meeting of new friends in the forenoon, the entire visiting delegation went to Cupid's Knoll, west of the city, where a big dinner was laid out for welcome and responses were made.

Memorial Service Held. H. B. Buckman, for 15 years a member of the Oregon Normal faculty, who died at his home in California since the last meeting of the alumni, was honored by a resolution prepared by his own students.

Early Days Recalled. J. B. V. Butler, Jr., for many years a member of the Normal faculty, spoke of early days and high tribute was paid to the late T. F. Campbell.

Portland's foremost Clothing opportunity is in full swing.

Politz removes to the new location at Sixth & Washington, on August first.

We've determined to open up with a brand new stock.

The way men have responded to our Removal Sale, we'll not be able to continue it much longer—for lack of merchandise.

Better take time by the forelock, come in today. No comparative prices in our advertising, we want YOU to SEE the Clothes! Then you'll realize what a Real Sale means.

Commercial organizations along the route have planned a series of receptions for the visitors and celebrations of the formal opening of the highway.

OLYMPIA, Wash., June 15.—(Special.)—The three days' automobile tour of the Olympia Chamber of Commerce to the upper Olympic peninsula, giving direct connection with the mainland for the first time by recent completion of state work on the Olympic highway, started today.

Senator Lane will speak at the meeting tonight on the development of Portland as a shipping center, after which the detailed programme for the reception of the visitors Sunday will be taken up.

Hereafter the basis of adjustment will be: In Ford sizes, plain tread, 6,000 miles; Kant Slip, 7,500 miles. All other sizes, plain tread, 5,000 miles; Kant Slip tread, 6,000 miles.

The word "adjust" is merely figurative, because in 1914 the total adjustment in Kelly-Springfield Tires for the whole United States was less than 1%.

Before buying some other tire at a lower price analyze the basis of adjustment offered by the other maker—see what you really do get for less money.

KRYPTOK Without Lines in the Lens

Can You Afford KRYPTOKS?

KRYPTOKS ARE TWO LENSES one for reading and one for distance, fused into one.

There is no visible dividing line to catch dirt and confuse the vision. Kryptoks are not a badge of age.

But when you buy Kryptoks be sure to get the intelligent service in fitting, without which the best lenses in the world are valueless.

Our experience in fitting Kryptoks enables us to give you the greatest comfort and efficiency.

DARKEN GRAY HAIR, LOOK YOUNG

Gray Hair Changed to an Even Dark Shade. No Dye.

You can turn gray, faded, streaked with gray hair beautifully dark and lustrous almost over night if you'll apply a few times, Q-Ban Hair Color Restorer to hair and scalp like a shampoo.

To Regain a Healthy, Girlish Complexion

If you would have a clear, fresh, girlish complexion, one ounce of ordinary mercuric wax will add you in this direction more than shaves full of cosmetics. It produces a natural beauty. This wax is procurable at any drug store, completely absorbs a bad complexion, revealing the healthy young skin underneath.

To Correct Thin, Short Lashes and Eyebrows

Scanty, stubby, coarse eyebrows and lashes spoil the expression and mar the loveliest countenance. There's no need putting up with such defects, now that we know what can be accomplished by simply rubbing common tyrosin into the eyebrows once a day and applying a little to the lash roots with the finger tip.

Another valuable rejuvenating treatment—this for wrinkles—is to bathe your face in a solution of powdered saxeolite, 1 oz., dissolved in 2-pt. water. This has a remarkable action in smoothing out the lines and "firming up" the loose tissue.—Adv.
