Resignation Attributed to Wilson' Action in Ignoring Him and Declared "Domestic Affair." Peace Desire Noted.

An interview credited to Dr. Meyer-Gerhard is published by the Frankfurter Zeitung and forwarded to London by the Amsterdam correspondent of Reuter's Telegram Company. The interview was obtained yesterday at Christiansand, Norway, when the steamer United States, on which Dr. Meyer-Gerhard was a passenger, touched at that port.

"The tension between the two must therefore be regarded as entirely a domestic affair. The feeling of the American people and Government towards Germany is not at all bellieses; on the contrary there prevails an absolute desire for peace.

"It is not true, as reported abroad, that the American fleet has been concentrated for participation in the European naval war.

"The feeling among German-Ameri-
