

MR. DALY TO KEEP WORK HE NOW HAS

Commissioner-Elect Baker to Succeed to Departments Mr. Brewster Relinquishes.

MAYOR ANNOUNCES POLICY

Head of Water Bureau Reported to Have Promised Co-operation With Other Members of Council as Price for Holding Place.

Following completion yesterday by City Auditor Barbur of the official count of votes cast in the recent election, showing that George L. Baker and C. A. Bigelow were elected Commissioners, Mayor Albee made the announcement that there will be no change in the departments other than the replacing Commissioner Brewster by Commissioner-elect Baker.

Mr. Baker will be placed at the head of the Department of Public Affairs, which takes in the Park Bureau, the Legal Bureau, the Free Employment Bureau and the Public Auditorium and the City Hall Bureau. Mr. Baker will take up the work of this department on July 1 where Mr. Brewster leaves off on the last day of June. Commissioner Brewster said yesterday that when his term expires he will take a week off to rest at home after which he will go into the practice of law. He has made no definite arrangements for his law office as yet.

Peace Rumor Heard. The fact that all department heads are to remain as they are, with the single change of the Public Affairs Department, is attributed largely, it is said, to a treaty of peace between Mayor Albee and Commissioner Daly. It was thought at first that the Mayor would take the Water Bureau from Commissioner Daly, owing to the fact that the Mayor was not entirely satisfied with the administration of that bureau.

It is said the troubles were patched up by Mr. Daly agreeing to work closer to the City Council with his administrative affairs than he has in the past. It is said he will submit all matters to the Council before putting them into operation, instead of going ahead largely upon his own initiative with matters of importance in the operation of the Water Bureau.

The Mayor yesterday complimented Commissioner-elect Baker upon the excellent vote he received. "It is a distinct honor to be the first Commissioner to be elected on first choice votes under our preferential system," said the Mayor. "I am confident that Mr. Baker is going to make a splendid Commissioner."

Assignments to Be Made July 1. The assignment of the Commissioners to their respective departments will be put through officially on July 1 in compliance with the terms of the city charter. The Mayor said yesterday, however, that he has his mind fully made up and intends no changes from the arrangement he has announced.

With Commissioner-elect Baker in charge of the Department of Public Affairs there is a question as to what his policy will be toward J. O. Conville, park superintendent. There is no question but that all the other bureau heads in the department will remain. This includes City Attorney LaRoche. It is said to be quite likely also that Mr. Conville will remain.

It is thought Commissioner Bigelow has abandoned his plan to seek the dismissal of City Treasurer Adams, who was Mr. Bigelow's nearest opponent in the election. At first, it is said, Mr. Bigelow was strong for the immediate dismissal of Mr. Adams, but it is said he has abandoned the plan because of his inability to get a sufficient number of members of the City Council to back him up.

CODE REVISION IS OPPOSED

Permission for Mill-Construction Buildings Now Held Unfair.

Proposals of the city building code revision committee to amend the building ordinance to permit the construction of one and two stories height can be erected within the restricted zone of the city will be aired before the City Council Wednesday. On that day the ordinance providing the changes will be up for final passage. C. Lewis Meade, representing a number of owners of fireproof buildings, appeared before the Council Wednesday and urged against permitting the change. He said that it was not just to those who have built fireproof structures to take down the bars now and permit the construction of buildings with brick or concrete walls and frame interior construction. He said that in addition to increasing the fire insurance rates on the large buildings the change would place the expensive fireproof structures in competition with the cheaper structures of non-fireproof construction.

SCHOOL VOTING PASSED ON

Registration Not Held Necessary if Property Is Owned.

Following the receipt of many inquiries as to the qualifications of voters at the school election next Saturday, from 12 to 8, R. H. Thomas, school clerk, has obtained an opinion from the legal firm of Nicholas & McCoy, attorneys for the School Board, as to the requirement in the new law that all voters must be enrolled on the registration books in order to be eligible to cast ballots. It is held that if the judges at the various polling places are satisfied as to other qualifications, such as owning property, etc., one may properly be allowed to vote, even though his name does not appear on the registration books.

MARY C. BARTLETT DEAD

Head of Private School for Children Passes Suddenly.

to rally, and she slipped away most peacefully last Sunday morning. Since coming to Portland Miss Bartlett has conducted a small private school for children, which has been highly appreciated by the parents, and the little ones learned to love her fondly. In New York she had given their entire education to children of several prominent families, and there as well as here her work was characterized by the utmost thoroughness. This has borne and will continue to bear fruitage in the lives of those who have been fortunate enough to come under the influence of her training, into which she introduced strong moral and religious elements. Miss Bartlett early developed a talent for music and received a fine musical education. Her success as a teacher that was marked, as also in French, in which she specialized, for she was noted for her perfect accent, although she was not a native. She was a member of theatorio Society of New York under the leadership of the elder Damrosch and his son, Walter. She was a devoted church woman and at once identified herself with Trinity parish and its activities. The home of these sisters has been the center of unstinted hospitality, and not only have their friends tasted its joys, but many a discouraged or homeless person has been warmed and fed in its comforting Christian atmosphere.
