

## BRYAN SAYS WILSON NEVER GAVE PRIVILEGE

President Gave Privilege of Offering Suggestions Before Taking Action.

## STATEMENT MADE PUBLIC

Ex-Secretary Adds That Difference Over Submarine Controversy Was First and Then Leaves to Make Peace Speech.

WASHINGTON, June 18.—President Wilson called at the home of ex-Secretary Bryan today to bid good-bye to Mr. and Mrs. Bryan before they depart for a Southern trip. He remained chatting for ten minutes with the ex-Secretary.

The visit was described as entirely social in character and there were no references to the international situation.

Soon after the President left the Bryan home, Secretary McAdoo accompanied by his daughter Miss Nona McAdoo, also called.

In the afternoon Mr. Bryan made public a statement denying reports that have been circulated since his resignation that he had been ignored by President Wilson while Secretary of State. He said there never were any material differences on questions of policy between himself and the President until the foreign submarine controversy arose.

"I am glad to make refutation," said Mr. Bryan, "and to say that the President has done me the honor to confer with me about everything in connection with the State Department. Not a single statement has been issued by the President, or prepared by him, about which I have not had the privilege of conferring with him beforehand and the opportunity to offer suggestions after it was prepared."

"I may add that we have never had any material differences on any question of policy until the submarine controversy arose and our notes of resignation and his note to me accepting it have clearly and distinctly set forth the only difference that existed on this matter."

Mr. Bryan goes to New York tomorrow to deliver a peace address in Carnegie Hall, where he will be Sunday and in the evening will leave with Mrs. Bryan for Asheville, N. C.

## AMERICAN ESCAPES RUSSIA

German Name Causes Imprisonment of Man for Nine Months.

NEW YORK, June 18.—Among the passengers arriving here today on the steamship Kursk from Archangel and Glasgow was Ludwig Kohlmann, born in Germany, but an American citizen since 1893, who said he was detained in a camp at Voigda, Russia, for nine months.

At the outbreak of the war, Kohlmann was first met on the Belgian steamer Erthanda, which was at Cronstadt. He was arrested because of his German name and sent to Voigda, about 700 miles inland. He was communicated with the United States Consul-General at Petrograd, who sent to Brooklyn and procured duplicate citizenship papers and then demanded that the Governor of Voigda release him. The Governor, according to Kohlmann, refused to consider the matter, so he walked out of the detention camp and finally made his way to Archangel, where the American Relief Society furnished him with transportation.

## DEAD MAN'S CHECK WON

Sister Gets Victory in Suit for Payment by Estate.

BAKER, Or., June 18.—(Special.)—Word was received here today that Mrs. Julia Guth, of Baker, had won her suit in the Malheur County Court at Vale, in which she demands that a \$3000 check, given to her by her brother, John Melike, just before his death, be paid. Mr. Melike lived at Jordan Valley, in Malheur County, and Mrs. Guth kept house for him and managed some of his affairs during his illness.

Mrs. Guth neglected to cash the check until after his death, and when she presented it at the Bank of Vale, the bank payment was refused on order of the administrator. The suit and the woman's victory followed.

## BRYAN MAY VISIT HERE

Ex-Secretary of State Is Expected to Speak at Fair, July 4.

OREGONIAN NEWS BUREAU, Washington, June 18.—(Special.)—President Wilson is expected to deliver the principal oration at the San Francisco Exposition July 4, having tentatively accepted an invitation extended him by the Exposition authorities. He said today, however, that his acceptance had not been finally determined.

If Mr. Bryan goes to San Francisco and is not too pressed for time, he may extend his trip to Portland and return by the Northern route, but his itinerary will not be made public for several days.

Mr. Bryan's plans, it is said, will depend largely on other demands that are made on his time.

## TROOPS GOING TO PRESIDIO

Company K, of Twenty-First Infantry, Ordered South.

VANCOUVER BARRACKS, Wash., June 18.—(Special.)—Orders were received today for Company K, Twenty-first Infantry, to proceed to the Presidio, San Francisco, July 1. The company will be in command of Captain Carroll P. Armistead, with a full quota of officers, and will be at a camp of military instruction from July 10 to August 15, when the return trip to this post will probably be made.

There are 72 men on the muster roll. All will have a chance to see the exposition.

## OREGONIAN NEWS BUREAU

WASHINGTON, June 18.—The State Department

## today advised Senator Chamberlain's office that it is without power to secure the release of Louis Husser, of The Dalles, Or., who has been interned at Ottawa by the Canadian government and will be held there until the termination of the war.

When Husser was first detained Senator Chamberlain requested the State Department to undertake to secure his release. Investigation disclosed that Husser went to Canada to enlist in a Canadian regiment, but according to Canadian authorities he made the statement privately that when he got abroad he intended to desert and join the German army.

The Canadian government insists it has positive proof that Husser told of his intention to desert when he landed in Europe and, being convinced on this point, the Canadian authorities assert their right to detain him until the war is over. Husser, however, in these negotiations, the State Department advises Senator Chamberlain it can do nothing.

## AMERICANS TO AID JEWS

NATION-WIDE MOVEMENT IS BEGUN FOR EMANCIPATION.

Speaker Clark Is President of Committee, and Prominent Men Form Its Executive.

NEW YORK, June 18.—What is intended as a nation-wide movement for the amelioration of the condition of the Jews all over the world, particularly those in the belligerent European nations, was inaugurated today at the formal organization here of the international Jewish Emancipation Committee. Champ Clark, Speaker of the House of Representatives, was elected its president.

Hundreds of letters from Governors of states, presidents of colleges and universities, members of the Senate and House of Representatives, expressing sympathy with the proposed movement, have been received by Henry Green, executive secretary of the committee.

It is the belief of those interested in the question that the question of permanently establishing the civil and political rights of Jews throughout the world can be settled for all time through the influence that the United States will exercise at the negotiation of peace terms at the conclusion of the European war.

To this end the committee adopted a resolution declaring its intention to "take such steps as will impress on this Government, under whose just institutions we have flourished, that it is the fervent earnest desire and sentiment of the American people that the Administration at Washington, to which we are attached with unwavering fealty, when called on to act in the councils of the world peace conference, shall take a firm and all-comprehensive stand on this most vital and humanitarian question and do all in its power to procure for the Jews guarantee that will place them on a par with the rest of mankind, equal before man and the law, as he is before God."

## HALF OF CLASS INVOLVED

MIDSHIPMEN ADMIT THEY WOULD USE STOLEN PAPERS.

Story of Man in White Trousers Who Sat on Mimeograph Machine and Sold Garment Is Told.

ANNAPOLIS, Md., June 18.—Two Naval Academy midshipmen admitted today under certain conditions they would use stolen examination papers for their own advantage. These admissions were all the more surprising because they came from men who have not been implicated in the charges against Kohlmann, refused to consider the matter, so he walked out of the detention camp and finally made his way to Archangel, where the American Relief Society furnished him with transportation.

At the outbreak of the war, Kohlmann was first met on the Belgian steamer Erthanda, which was at Cronstadt. He was arrested because of his German name and sent to Voigda, about 700 miles inland. He was communicated with the United States Consul-General at Petrograd, who sent to Brooklyn and procured duplicate citizenship papers and then demanded that the Governor of Voigda release him. The Governor, according to Kohlmann, refused to consider the matter, so he walked out of the detention camp and finally made his way to Archangel, where the American Relief Society furnished him with transportation.

## UNDER SEA FIGHT SURPRISE

Italian Submarine Attacked Unaware by Austrian.

VENICE, via Chiasso and Paris, June 18.—Details have been received here of the recent engagement between an Italian and an Austrian submarine in which the Italian boat was victorious. This is the first time in history that an encounter between undersea boats has been recorded.

The Italian boat Medusa, with a crew of 14 men, was lying submerged. The Austrian boat was not far away, also under water. Neither one had any indication of the presence of the other.

The Medusa came to the surface, swept the horizon with her periscope, and, finding the way clear, emerged. Shortly afterward the Austrian boat sent up her periscope and saw the Italian not far away. She immediately attacked and one shot from her torpedo was sufficient to send the Medusa to the bottom.

One report has it that an officer and four members of the crew of the Medusa were made prisoners by the Austrians.

## AMERICA INDICTS GERMAN

Man Who Said He Saw Guns on Lusitania Charged With Perjury.

NEW YORK, June 18.—Gustav Stahl, the German reservist who swore in an affidavit submitted to the State Department by the German Embassy that he saw guns aboard the Lusitania, was indicted for perjury today by a Federal grand jury.

The alleged perjury was committed, it is said, not when he made the affidavit, but in testimony to the same effect before the grand jury in its inquiry against Paul Koenig, head of the secret service department of the Hamburg-American line, and others, to determine whether the ship was used for a conspiracy against the United States. It is alleged that Koenig was instrumental in procuring the Stahl affidavit.

Stahl now is in the Tombs, where he was taken in default of \$10,000 bail after his arrest on leaving the grand jury room June 10. The jury will continue its investigation Monday.

## CANCELLATION OF SAILING

S. S. Northern Pacific will not sail from Flavel, Sunday, June 20. S. S. Great Northern is expected to sail on Thursday, June 24. Make reservations early. Ticket office, Fifth and Stark. Phone, Broadway 320. A. 6671. Great Northern Pacific S. S. Co., Adv.

## AUSTRO-GERMAN CROSS TO RUSSIA

Russians Driven From Region of Sieniawa, Galicia, Back Over Border.

## TARNOGRAD IS OCCUPIED

Petrograd, in Long Review of Reverses in South, Contends Advance Has Cost Tens of Thousands in Killed.

VIENNA, via London, June 18.—The Austro-German troops in pursuit of the retreating Russians have crossed the Galician border to the north of Sieniawa and have reached the heights north of Kresow, Russia, and occupied the Russian town of Tarnograd, according to an official communication issued by the War Office tonight.

Vienna says that part of the heavily fortified Grolek region, where the Russians have concentrated, has fallen into the hands of the Teutonic forces. Petrograd does not admit the loss of any part of this district, but says that Russian forces have gathered there for the defense of Lemberg.

In a long review of recent operations on the eastern front, the Russian War Office admits frequent retreats before superior numbers, but declares the Russian attacks left the Austrians and Germans so exhausted that their opponents often were able to resume the offensive.

The assertion is made by the Russian War Office that the Austro-German advance has been made at the cost of great losses. In two days' fighting near Stry the Teutonic forces are said to have lost "tens of thousands of men," and on one section of 28 miles of the Galician front between May 29 and June 15 their losses are placed at between 120,000 and 150,000.

Reports from Berlin and Vienna, however, indicate that the Russians are pushed back steadily all along the front. The latest report from the Austrian War Office says the Russians are nowhere able to resist their opponents.

## PAROLE POLICY PRAISED

JOBS TO BE PROVIDED FOR CONVICTS ON DISCHARGE.

Officer Keller Declares Employers Approve Plan and Pledge Co-operation to Officials.

SALEM, Or., June 18.—(Special.)—Joseph Keller, parole officer at the Penitentiary, who returned from a four days' visit to Portland today, said that the Parole Board's new policy of assuring jobs for paroled men was approved by leading employers of that city.

While the parole officer's visit primarily was for the purpose of taking a witness before the grand jury, he devoted a part of his time to getting started the policy of the board.

"I was charged with the duty of the success of the plan," said Mr. Keller. "As soon as I explained the situation to me with the warmest kind of a reception. Already 10 important employers have assured me that they will be glad to co-operate with us, and I believe that after a time we will be able to give every released man a job."

At its meeting last week the Parole Board decided that hereafter no prisoners would be paroled until they had definite employment. The system is used in California and elsewhere. Prisoners are given a list of jobs, and the clothes on their back. Often the result was great temptation to return to bad habits.

By order of the Board one of Officer Keller's chief duties hereafter will be to assist paroled men in getting and keeping jobs and to protect them from the persecution which often follows ex-convicts.

## FRENCH ADOPT CREMATION

Burning of Bodies at Front Held Necessary as Health Measure.

PARIS, June 18.—The French Chamber of Deputies today adopted a measure, proposed by Lucien Dumont, to burn unidentified bodies at the front and then burn those which had been identified.

Deputy Dumont said the question was an urgent one on account of the heat, the military authorities not being in a position to bury all bodies promptly during heavy fighting. He discussed the religious and sentimental reasons against incineration and cited precedents established in other wars.

The sole effectual measure of avoiding contagion today, he said, was to burn the dead on the field of battle.

## IRVINGTON TO CELEBRATE

Plans Made by Club for Independence Day Observance.

Irvington has made arrangements for a great celebration of July 4 at the Irvington Club grounds, July 5, which is the official day for the celebrations this year. The programme will be from 2 to 5 o'clock and will include features of interest for both children and adults.

Following are the members of the committees in charge of the celebration: Robert Aldrich, chairman; out door dancing, W. M. Kasper; children's games, Miss Ethel Mitchell; refreshments, Mrs. F. S. Fields; prizes for athletic events, Mr. Frank W. Robinson; lights, music and general supervision, F. S. Fields, Adm. McMecken, J. P. Jaegle, W. J. Hofmann.

## WOMAN BUYS BIG RANCH

Mrs. Ernest Pays \$50,000 for 1120-Acre Property Near Baker.

BAKER, Or., June 18.—(Special.)—One of the largest real estate deals in years was completed today when Mrs. Selma N. Ernest, of Manitou, Colo., bought the 1120-acre W. J. Lillard ranch, north of the city, for \$50,000.

The sale was made by C. H. McCulloch, attorney for the Lillard estate. About two-thirds of the land is now under cultivation, but Mrs. Ernest will

send her brother, J. J. Hinson, to put the entire acreage into crops.

The Lillard ranch is one of the first attempts at reclamation of semi-arid lands in Baker County, but since the death of Mr. Lillard six years ago improvements have been at a standstill.

## GIRL STEALS LOCOMOTIVE

Plunge Into San Francisco Bay Is Narrowly Averted.

SAN FRANCISCO, June 18.—(Special.)—Miss Verne Lacey took a joy ride in a locomotive today and nearly ran the engine into San Francisco Bay. The heroic efforts of Policeman Peter Whalen, prevented her from ending her career and that of the locomotive by a plunge into the Golden Gate.

The woman noticed the absence of the engineer from a Belt Line locomotive and clambered into the cab, gave one wild yell, started the automatic bell-ringer and pulled the throttle wide open.

In front of the engine the switch had been turned to send the engine on to the siding leading down to the dock. The engine truck rattled over the switch and the woman in the cab instantly realizing the danger ahead, cried frantically for help.

Policeman Whalen ran the engine down just before it reached the brink.

## JURY COSTLY TO SPEEDER

Paul Langas, Jitney Driver, Taxed for Expenses and Fines.

Jury trial, which at first often freed alleged speeders when Municipal Judge Stevenson announced his "dollar-a-mile" schedule of fines, is becoming less of a good thing for the offender. Several convictions by jury have been noticed in Municipal Court during the past two weeks, and yesterday Paul Langas, jitney driver, was found guilty by a jury, on two counts.

Speeding, alleged by Motorcycle Patrolman Ervin to have taken place on June 10 and 12, was charged against Langas. Found guilty, he was fined \$15 on each count by Municipal Judge Stevenson. He will also be assessed with the cost of a jury trial and must pay lawyer's fees.

## COREA TO CURB RELIGION

Japanese Governor's Order Affects Missionary Schools Seriously.

WASHINGTON, June 18.—All religious education will be barred within ten years from schools in Korea giving "a general education" by an order promulgated by General Terauchi, Japanese Territorial Governor of Korea, the text of which was made public here today by the Japanese Embassy.

The order prohibits the teaching of any religion—no exception being made in favor of Shintoism, the Japanese national religion—but allows a period of ten years for the schools to conform to the new condition. It will seriously affect a large number of American and other Christian missionary schools which have been established in Korea.

## CANVASS OF VOTES MADE

Result Conforms With Figures Compiled by The Oregonian.

The official canvass of the vote cast on the various measures on the ballot at the recent city election was completed yesterday, and showed practically no change in the figures as compiled by The Oregonian.

Following is the vote cast according to the official record:

|                          | Yes.   | No.    |
|--------------------------|--------|--------|
| Water meters             | 15,844 | 18,121 |
| Sunday grocery closing   | 15,849 | 23,987 |
| Civil service amendment  | 11,525 | 9,435  |
| Police collection        | 15,849 | 23,987 |
| Grade crossing amendment | 20,229 | 7,889  |
| Police                   | 15,849 | 23,987 |
| Building fire stops      | 15,849 | 23,987 |
| Amending St. Johns       | 23,987 | 11,194 |
| Amending St. Johns       | 23,987 | 11,194 |

Mrs. Sell's Jewels Stolen.

CHEWAG, June 18.—Mrs. William Sell, wife of the president of the moving picture company, reported the loss of jewelry valued at \$825 from her North Side home, to the police today.

## Woman Soldier Taken Prisoner.

BERLIN, via London, June 18.—Among the prisoners taken by General von Mackensen's army in the fighting in Galicia is the daughter of a Russian Colonel. She was dressed in the uniform of a one-year volunteer, and had been fighting in the ranks.

Gardiner Man Fined \$150.

ROSEBURG, Or., June 18.—(Special.)—After a deliberate protest lasting minutes a jury yesterday convicted Edward Franklin, of Gardiner, of gambling. He was sentenced to pay a fine of \$150.

Owing to the shortage of farm laborers England is giving attention to labor-saving devices.

## Face Eruptions Have Deep Significance

Often They Indicate Impurities Deep in the Tissues.

The results shown by S. S. S. in clearing the skin reveal how searching and how deeply this famous blood purifier attacks blood troubles. Face eruptions are more often significant of impaired nutrition resulting from faulty elimination of body wastes.

Most people realize this to be true. Any one who tries to avoid these harmful drugs such as mercury, iodine of potassium, arsenic and so on, S. S. S. gives just as good effect without the destructive results, because it is more searching. It goes deeply into the circulation wherever the blood flows, but it does not remain to clog the system. And its effect is complete and thorough as indicated by blood analyses.

One of the strangest things today is that so many people are wedded to the notion that mercury is the one antidote. It is not so. There is no true just as essential to health if the blood be impure as the nourishing elements of the grains, sugars and salts.

Wherever you go there are people who know this to be true from their own experience, for it has been clearly shown there is one ingredient in S. S. S. as essential to health if the blood be impure as the nourishing elements of the grains, sugars and salts.

It is not a substitute. And if your case is such, ask your doctor to prescribe S. S. S. Medical Adviser, The Swift Specific Co., 101 Swift Bldg., Atlanta, Ga.

## 165 Boys' Suits—All-Wool Summer Models Offered in a Remarkable Sale Saturday

87 Suits Selling to \$8.50

\$4.95

42 Suits Selling to \$9.50

\$5.95

36 Suits Selling to \$13.50
