

SCHOOL DIRECTOR TO BE NAMED TODAY

Two Candidates for Place Before Voters, Who Must Have Visible Property.

SCHOOLHOUSES ARE POLLS

Election Precinct Lines Cover More Territory—Dr. E. A. Sommer and S. P. Lockwood Are in Race for Office.

TODAY'S SCHOOL ELECTION.

One School Director is to be elected at today's school election in Portland. The right to vote at the election is restricted to resident citizens of the United States, male or female, 21 years old, who have property in the district as shown by the last county assessment, and not assessed by the Sheriff. The law further provides, however, that any person shall be deemed to have complied with the property qualification imposed by this section who presents to the directors or judges of election satisfactory evidence that he or she has stock, shares or ownership in any corporation, firm or co-partnership which has property in the district, as shown by the last county assessment, and not assessed by the Sheriff, on which such corporation, firm or co-partnership has paid taxes through his or her individual name does not appear upon the tax roll.

Two Candidates Are in Field.

The choice at today's election is between only two candidates, Dr. Ernest A. Sommer and Samuel P. Lockwood. Dr. Sommer, who is a physician and surgeon, is seeking re-election. Mr. Lockwood is vice-president and general manager of the Columbia Life & Trust Company.

Most of the election precincts will be in schoolhouses. It should be borne in mind that the school precincts are not the same as the general election precincts and that several of the regular precincts are combined in each school precinct.

The complete list of the voting places, showing to what place in their vicinity voters of the regular precincts should go to cast their votes, is published below.

The polls open at noon and close at 8 o'clock. Election officials are not permitted to go out for meals, but may have meals brought to them at the polling place.

According to an opinion by Nicholas McCoy, attorney for the School Board, voters otherwise qualified do not have to be registered to vote today.

Registration Called Non-Essential.

The opinion holds that if books have not been open to give intending voters at the school election an opportunity of registering, and that, therefore, any citizen who is a resident of the district and has the property qualifications, is entitled to vote regardless of registration.

Wood, Montague & Hunt have also given an opinion on some points of interest to voters. The opinion is in the form of questions and answers. Here is an excerpt:

Can a person who is purchasing property under a contract and who has no other property, vote at the school election on that property? **Answer:** He cannot, because his name as the owner of the property does not stand in the name of the tax roll assessed by the last county assessment.

Can the wife of a man who owns his home vote, even though she has no property in her own name? **Answer:** She cannot, for the same reason as mentioned in our answer to the preceding question.

Can a member of a firm which pays taxes vote? **Answer:** He can, if the taxes are on property in the district.

Can a stockholder in a corporation which pays taxes vote? **Answer:** He can, if the taxes are on property in the district.

R. H. Thomas, School Clerk, has compiled a pamphlet for election officials and the general public giving explicit instructions to officials as to their duties, and their procedure in questions where doubt arises as to the qualification of the voter. The pamphlet also contains a digest of the law relating to property qualifications, and of court decisions bearing on the law.

Clerk to Receive Returns.

Mr. Thomas is arranging to receive unofficial returns from the election officials at his office in the Courthouse as soon as the vote is counted tonight. Thus the result will be known late in the evening, although the School Board will not make an official canvass of the returns until the next day.

Following is the complete list of polling places, with the location of each, and the general election precincts included in each school precinct:

- 1-2-3-4-5-6-7-8, Chapman School, 25th and Wilson streets.
9-10-11-12-13-14-15, Cough School, 17th and Kearney streets.

Star theaters, in the management of which he has taken an active part. He announces that he has not made a definite decision as to his future plans. Mr. Baum was appointed by Mayor Albion to the Board of Censors as the sole representative of the exhibitors. He also is vice-president of the Exhibitors' League.

Mr. Baum's entrance into the picture field was as owner and manager of the old Casino Theater on Washington street, one of the first picture houses.

During Mr. Baum's tenure with the Peoples Amusement Company he had charge of the 25 theaters all over Oregon, 15 being in Portland, that the company owned. Most of these properties have now been disposed of, and the principal theaters now under the control of the Peoples Company are the Peoples and Star.

Mr. Baum has written many scenarios, which have been filmed, and now has an offer to become scenario editor of one of the big California film companies.

PIONEERS PLAN MEETING

MEMBERS HERE URGED TO GET BADGES TODAY.

Contributions for Banquet Generous, but Shortage of Biscuits, Cakes and Chicken Is Noted.

Arrangements for the forty-third annual reunion of the Oregon Pioneer Association, to take place next Thursday in this city, are being perfected rapidly, and indications are that the attendance will be substantially the same as last year's, the number then present being 1995.

The badges for 1915 are ready for delivery, and a goodly number were called for yesterday. A portrait of Jonathan Carver, who, so far as there is any record, was the first white man to use the word "Oregon," appears upon the pioneer badge this year. These badges will be of permanent interest as souvenirs. Six new members joined the association yesterday, and it is likely that the roll of membership will be maintained about as it is now, notwithstanding the large proportion of deaths during the year.

Out of more than 200 who have died between June 1, 1914, and June 1, 1915, only one-third were ever members of the Oregon Pioneer Association. There are hundreds of pioneers scattered throughout the Pacific Northwest who came to or were born in the "Oregon Country" during the early years ending in 1859, thereby being entitled to membership in the association upon application, who have never attended a meeting. When they do attend, however, the pleasure resulting therefrom, as a rule, creates a desire for continuous attendance as long as life lasts.

Pioneer headquarters are at the rooms of the Oregon Historical Society, 207 Second street, south of Taylor, and resident pioneers are requested to call for their badges today and Monday, to avoid delay when pioneers from the interior begin to arrive.

Contributions of food for the banquet have been generous so far, yet there is a shortage of biscuits, cakes and chicken. All willing to supply either one of these items are requested to drop to Mrs. Herbert Holman, Main 3019 A 2106.

SEVERAL SEE TWO DROWN

Conrad Peterson and Floyd Day Die in River Near Mapleton.

EUGENE, Or., June 18.—(Special)—Conrad Peterson, of Point Terrace, and Floyd Day, of Yaquina, were drowned in the Siuslaw River, about four miles below Mapleton, this morning about 11 o'clock.

The lads were on their way to Point Terrace where the Peterson boy lived. The Day boy is about 16 years of age and only came here a few weeks ago. Young Peterson is about 18 years of age and was visiting Fred N. Fredrickson, his brother-in-law, near Point Terrace.

Several persons saw the boat upset but the boys sank and never returned to the surface. They were too far away at the time for help to reach them.

The bodies were recovered several hours afterward.

More than 400 patents have been issued by the United States for devices intended to harness the power of sea waves.

W. E. McCLEERY IS KILLED

FORMER O.-W. R. & N. CONDUCTOR SLAIN IN BATTLE.

Telegram, Announcing Death, Follows Letter to Wife by a Day—Scotch-Irishman Is Hero.

W. E. McCleery, who was employed for a number of years as a conductor in Portland by the O.-W. R. & N., was killed in battle in Belgium, May 28, McCleery was station agent at Clatskanie, O.-W. P., at Boring for a time, and was a member of the L. O. O. F. Lodge at that place.

Mr. McCleery moved his family to Seattle about a year ago and was employed there by the Puget Sound Traction, Light & Power Company until last March. He was a Scotch-Irishman, and went back to England to serve in the war.

His widow, Mrs. Olive McCleery, of 1895 Boren avenue, Seattle, received a letter from her husband some days ago. A telegram from the British War Office, announcing his death, arrived the following day.

Mr. McCleery wrote his wife that he was in the Bedfordshire Regiment, in which he formerly had served. He wrote from the front in Belgium and said that he expected to be home on May 23. His wife believes he was killed in his first engagement. He was 28 years old.

Under the new regulations every soldier and officer in France receives a special annual bonus of 200 francs for every year of 16 years of age.

CARE OF THE EYES

Health as Well as Beauty Demands That Eyes Get Attention.

The woman who takes care of herself should give as much attention to her eyes as she does to her skin or to her hair. In the first place avoid eye strain or being in the dust of the city or country she should wash or bathe her eyes with tepid water. This removes the irritating dust or small particles. After reading or before going to bed she should bathe the eyes with salt water or tepid water to which is added a pinch of salt, and using an eye cup, will be surprised at the difference in the sparkle of the eyes. If inflamed they should be bathed several times a day to Mrs. Herbert Holman, Main 3019 A 2106.

Dr. Pierce's Favorite Prescription because it is a temperance tonic, being made of roots and herbs with pure glycerine. It establishes regularity, heals inflammation and banishes pain. Dr. Pierce publishes the ingredients in the wrapper so it is not a secret, and I have seen many women cured by it and not only that, but the dull sunken eyes, the sunken cheeks and bust, have taken on a sparkle and healthful appearance. Thousands of women have testified to having been cured of womanly diseases by this Prescription. It speedily causes all womanly troubles to disappear—compels the organs to properly perform their natural functions, corrects displacements, overcomes irregularities, removes pain and misery at certain times and brings back health and strength to nervous, irritable and exhausted women.

It banishes pain, headache, backache, low spirits, hot flashes, dragging-down sensations, worry and sleeplessness surely and without loss of time.

Keep the bowels healthy by using Dr. Pierce's Pellets. They don't gripe.—Adv.
