

VILLA'S ARTillery CHIEF LEAVES HIM

Departure of General Angeles May Aid New Alignment of Parties.

LINE CROSSED SECRETLY

News, Following Split Between Carranza and Obregon, Encourages Washington to Believe Developments Are Coming.

WASHINGTON, June 20.—General Felipe Angeles, artillery expert and right-hand man of General Francisco Villa, has left his post in Mexico and is now in the United States en route to Boston to visit his family.

Definite word to this effect reached the United States Government tonight from its border agents, who reported that Angeles had crossed into American territory secretly last Friday night.

One explanation advanced is that Angeles is coming to the United States to confer with some of the many prominent Mexicans who have been living in exile to get the "active moral support" which President Wilson announced in his recent statement that the United States soon would give some group unless the warring factions could agree among themselves.

Enrique C. Lorena, Washington representative of the Villa-Zapata government, said he had heard absolutely nothing of the movements of Angeles. The Carranza agency gave a statement pointing out that Angeles probably never would return to Villa's standard. The statement was as follows:

"The constitutionalist army is informed that General Angeles and his staff arrived in Juarez, Friday night, and it is reported that Angeles intends to take refuge in the United States. Part of his staff are in El Paso and part in Juarez, but according to the message, all declare they will not return to the front. They are keeping themselves secluded from all except their intimate friends, and admit that the recent defeat at Leon was a virtual annihilation of the Villa soldiers, and that Villa's days are numbered."

Personal Disengagement Rumored. Many officials seemed to take the view also that Angeles had left Villa because of personal differences shortly before the battle of Celaya, in which Villa lost his first important military movement. He was without the services of Angeles then and rumors were current at the time of a personal disagreement.

With Angeles' move coming on the heels of the split between Carranza and Obregon, some officials were encouraged to believe that out of the tangle might come a new alignment comprising the best elements of the Carranza and Villa factions, forming an organization which might, if successful in dominating the situation, obtain recognition by the United States.

New Revolution Planned. The American government is taking no hand in the developments, watching closely the changes in Mexican politics in the hope that they augur an eventual restoration of peace.

To the ability of Angeles as an artillery expert has been attributed many of Villa's successes. Frequently the Carranza faction has charged that Angeles was affiliated with some of the elements which were driven from Mexico by the overthrow of Huerta. Angeles has always denied this, but recently there have been reports that he would rejoin one of the groups of Mexicans now in this country and planning a new revolution in Mexico.

Carranza Not to Oppose Red Cross. LAREDO, Tex., June 20.—Carranza authorities in Nuevo Laredo today assured Brigadier-General C. A. Devol, general manager of the occupied Durango, that they would not oppose passage of relief supplies through territory controlled by them.

SERBS OCCUPY DURAZZO

Albanian Provisional President Takes Flight to Italy.

LONDON, June 20.—A Reuter dispatch from Athens says it is reported that the Serbians have occupied Durazzo, Albania. Essad Pasha, provisional president of Albania, and former commander of the Turkish forces at Scutari, is said to have fled to Italy.

Serbian troops have been operating in Albania since the capture of Scutari. The Serb War Office has announced the occupation of considerable territory in that state with Durazzo as their ultimate objective.

Italy has not formally declared war on Turkey, which may explain the reported flight of Essad Pasha to Italy.

TWO DROWN UNDER AUTO

Machine Holds Victims Under in Creek Only 14 Inches Deep.

BUTTE, Mont., June 20.—Herman Lemke, a master plumber, and George F. Schwend, a woodsawyer, were drowned in 14 inches of water near here today when their automobile plunged over a bridge into Black Tail Creek.

There were no eye-witnesses to the accident and it was several hours before the bodies were found, pinned under the machine. An investigation indicated that the machine had hit a rock in the road at a high rate of speed and had veered off the bridge.

MOSCOW DAMAGED 20 MILLION BY MOB

Drunken Anti-German Rioters Wreck 700 Stores, Factories, Private Lodgings.

RUSSIANS SUFFER MOST

All but 113 of Buildings Destroyed Owned by Czar's Own Subjects. City Turned Into Wild Disorder for 24 Hours.

PETROGRAD, via London, June 21.—Moscow suffered damage to the extent of \$20,000,000 during the recent anti-German demonstration, in which nearly 500 stores and factories and more than 200 private lodgings were wrecked.

The mobs turned the city into wild disorder, according to eyewitnesses. The rioters, heated with liquor, which they carried in their pillboxes, became reckless in their pillaging, setting fire to and destroying many stores and apartments, the owners of which were Russians. Of the total number of buildings destroyed only 113 belonged to Austro-German subjects.

The demonstration began early June 9 and lasted more than 24 hours.

RUSSIAN DEFEAT SEEMS SURE

Austrians Confident of Driving Force in Third Lemberg Battle.

AUSTRIAN HEADQUARTERS, June 20, via London, June 21.—A feeling of distinct optimism prevails here regarding the outlook for the Austro-German allies in the forthcoming "third battle of Lemberg." The Russians have been losing ground steadily in the campaign across Galicia, which has lasted nearly seven weeks, and in spite of the repeated arrivals of reinforcements have been unable to hold any of the various positions taken.

Who cared if twice as many? With the enthusiasm of the river was sufficient at the Grodek line, which constitutes the first outer line of the Lemberg defense, a new phase of the struggle begins, which from the Austro-German points, augurs well for the attackers.

The Russians now seem in imminent danger of having the Grodek line broken before the great battle begins. The Austrian army under Archduke Joseph Ferdinand, has been pushing the Russians northward on the San River for the last few days, being well into Russian territory. Hence, General von Mackensen's army, while working around north of Lemberg, need fear no counter-flanking attack.

General von Mackensen, in executing the plan, already has gained a foothold across the Grodek line and has pushed the Russian right at Lemberg. Meanwhile, General von Boehm-Ermolli, commanding the Austrian army on Von Mackensen's right, has been pushing the Russians on the lower waters of the Wereszka and will attempt to advance on the eastern bank of the river.

South of Lemberg the Russians still hold some terrain on the right bank of the Dniester, but have been unable to restore their position on the river, pushing them inward toward the river, notwithstanding the fact that they have been heavily reinforced and have made desperate efforts to check the Austro-German advance. Further eastward, the situation looks still less hopeful for the Russians.

KRASNER TO BE LAWYER

Man Accused Under Mann Act Is to Conduct Own Defense.

Sam Kraser, well known in the Portland underworld, will act as lawyer for himself when his trial on a Federal charge of violating the Mann white slave act comes up in Judge Bean's court this morning. At least, Kraser has notified the court that he will conduct his own defense, and has been active in looking up the names of prospective jurors and in gathering evidence.

Kraser was arrested in New Orleans by Government authorities last winter. He was brought to Portland for trial, but has been in custody here since returning to this city. He has an active partner in the preparation of his defense in the person of his wife.

Pretty nearly everybody in Portland has heard of Sam Kraser, if the newspaper are read at all. He has been central figure in more than one grand jury investigation, and attained much notoriety in the administration of Mayor Rushlight. He is accused by the government of having transported a woman from Portland to New Orleans contrary to the Mann act.

TRAINMEN'S CHIEF HEARD

President of Brotherhood Leaves at Night for Tacoma.

W. G. Lee, president of the grand lodge of the Brotherhood of Railroad Trainmen, left Portland at 11:30 o'clock last night for Tacoma and Seattle, after passing a busy Sunday here.

At 1:30 o'clock in the afternoon he attended a special meeting of the members of Sunset Lodge, No. 120, of the Brotherhood, in Eagles' Hall, 264 1/2 Second street. Mr. Lee addressed the body, to the effect:

He spoke in the same hall again at 7:30 o'clock last night at another meeting held under the auspices of Sunset Lodge, to which members of the Order of Railroad Conductors, Brotherhood of Locomotive Firemen and Engineers, and Brotherhood of Locomotive Engineers had also been invited.

From Seattle Mr. Lee, who is accompanied by his wife, will go to Vancouver and Victoria, B. C., then returning to Cleveland, his headquarters, via the Canadian route.

'NO TIME FOR BRYAN,' VIEW. Senator Lane Praised for Speeches Supporting Wilson and Loyal Backing of President Called.

No office holders, Federal or otherwise, were among the 52 new members voted into the Kentucky Klick, an exclusive organization of white male citizens born south of the Mason-Dixon line, and also the oldest organization of Democrats in Oregon, which has for its object the maintenance of good government, at its annual meeting Saturday night at its headquarters in the Mulkey building.

The Kentucky Klick has a rule that no office holders can belong. If a member becomes an office holder, his membership automatically ceases until he is no longer an office holder, when he can again apply for membership. In this the Kentucky Klick differs radically from the Jackson Club, another Democratic organization of the state, which is composed largely of Federal office holders.

Members Elected Unanimously. At Saturday night's meeting the initiatory committee of the Klick reported favorably on the following applicants for membership to the first circle, all of whom were unanimously elected.

F. E. Kelley, of Roseburg; C. A. Mulkey, G. E. Mulkey and Charles Newbill, of Mehama; Will Green and Major F. M. Hopkins, of Newport; F. E. Doane, of Coquille; W. Stewart, of Newberg; V. R.
