FEDERAL CONTROL URGED.—In his address yesterday at the luncheon of the East Side Business Men's Association held in the Sargent Hotel, Grand and Hawthorne avenues, J. B. Zeigler urged Federal control of the harbor and harbor lines for the best development of the harbor. Mr. Zeigler said that he did not consider the suggestion of Senator Lane that a strip of the river be acquired along each side of the river by condemnation proceedings was practical because of the cost and the opposition that would come from an assessment district should be formed to pay for the property acquired for harbor purposes. He quoted many decisions of the Federal Government that have control of the harbor lines and can assert that authority here as it has elsewhere in securing property for governmental purposes. Mr. Zeigler read the correspondence he has had with the War Department on this point.

MONTAVILLA ENTERTAINMENT SET.—The entertainment prepared for last Friday night by the Montavilla school and postponed on account of the storm will be held in the school assembly hall tomorrow night. The programme consists of drill, music and general exercises by the school children. On Thursday afternoon at 8 and 8 o'clock the postponed out-of-door illustrated lectures by Principal Wiley and his staff will be held in the Scenic Theater in Montavilla. Moving pictures will be used in these lectures and it was planned to give them outside on the school ground Saturday night, but the storm caused a postponement. The same pictures will be shown and explained by Principal Wiley in the afternoon for the benefit of school children and others who cannot come at night, and Mr. Finley will explain the same views in the evening of the same day.

ANDERSON SUSPECT SOUGHT.—On the suggestions of George A. Thacher, criminologist, the police yesterday began a search for Edward Ramsey, who was taken into custody four years ago as a suspect in the murder of William Hill, his wife and two stepchildren at Ardenwald. Mr. Thacher told the authorities that he had secured information leading him definitely to connect Hill with the crime. Ramsey is reported to have been seen recently in Portland and is alleged to have been annoying children, on which charge he will be held when first caught.

PAY WARRANTS READY.—Pay warrants for all persons who served as judges and clerks during the recent city election are ready for distribution at the office of City Auditor Barbur. There are about \$600 of warrants to be given out. Several hundred were distributed Saturday. The total amount being expended for salaries of judges and clerks is \$12,511. In addition there will be several thousand dollars to be put out for meals for election officials and for rent of buildings for polling places.

WOMEN TO LEARN OF PARCEL POST.—The Political Science Club will meet this afternoon at 2 o'clock at the Central Library. Myers will give the women instruction on the use of the Parcel Post.

Loveland, pastor of the First Methodist Church, will deliver the address to the graduates of the James John High School at the closing exercises, which will be held in the high school auditorium next Thursday night. There are eight in the class.

PAINTER ARRESTED FOR DAMAGES.—George Bitter, a painter, yesterday filed suit in Circuit Court at Clatsop against S. Rasmussen, asking \$10,120 damages for injuries received on March 26 when he fell 20 feet from a scaffold on East Fifth-ninth street. Bitter alleges that his injuries are permanent.

Lunch will be served at about 6:30 in the evening.

ARRIVAL DATES TO 1853.
 Growth of Business and Population Revealed as Early Days Are Recalled When Residents Were but Few.
 M. G. Wills, a pioneer who came across the plains to Oregon in 1853, is making his headquarters at the Perkins Hotel and spending his time looking up old friends and renewing old associations. Although he has been living in Los Angeles for 14 years, where he is connected with the electric street railway company, Mr. Wills decided to visit his old home once more. He has a sister, Mrs. Mary E. Hatton, living at Oregon City, whom he particularly desired to see.

When he decided to come to Portland Mr. Wills selected as the proper time for his visit the occasion of the annual reunion of the Oregon Pioneers' Association. He brought with him another sister, Mrs. Caroline Underwood, of Humboldt County, California. At Oregon City the brother and two sisters, who came West together from Burlington, Ia., so many years ago, held a family reunion.

COMRADES OF '55 TO BE MET.
 "I wanted to have this reunion," said Mr. Wills yesterday. "And I wanted to come at this time so I could meet all my old friends at the pioneers' gathering. My old comrades of the Indian war of '55 and '56 will be there, and I may never see them again."

Mr. Wills said that he was born in 1817 and felt that he was getting on in years. He hardly looks his age, being clean shaven, sturdy, erectly built and pleasant.

"Portland was about the size of Milwaukee today when I first came here," said the pioneer. "In those early days I have heard many a citizen and business man argue that a railroad from the East would never be built out here. I wish they could get out of their graves and look at this city now. I can remember when Henry Ladd was grubbing stumps here, and I could be a millionaire if I had taken up some of the downtown property that was so cheap in the early days."

POLICE TO WATCH HOSE

Violators of Alternate Day Rule to Fare Badly.

The police are to join hands with the 28 inspectors of the Water Bureau in enforcing the alternate date sprinkling system during the Summer months. Mayor Albee instructed the police yesterday to do all they can to enforce the sprinkling rule.

The plan for this Summer is to be the same as that used last Summer. Residences having odd numbers will sprinkle only on odd dates, and even numbered houses will sprinkle on even dates. The plan has been adopted to prevent water shortage in some sections of the city, due to underground mains. The sprinkling hours are from 5 to 8 A. M. and from 3 to 11 P. M.

 Not many minutes later the telephone in the headquarters of the detective bureau rang. The Deputy Sheriff was on the line.
 "That damned cuss got away all right," he lamented. "Broke and ran under the Broadway bridge. I chased, but he was too fast. Had I better stay around the depot and see if he shows up?"
 "You'd better come back and get out a warrant against O'Conner for the theft of your handcuffs," was the sarcastic response of Lee Ackerman, detective.
 O'Conner, at last reports, was still at large.

 (For Boys)
 21 miles south of San Francisco
 We think that we give to our boys what thoughtful parents wish. Our graduates enter, on recommendation, institutions that admit a certificate and on examination (see page 36 of our catalogue) to Harvard, Yale, Stanford, Princeton, Cornell, and other universities. Our graduates are well known in the world of letters and science. We give the boys of the school, but of its equipment and its resources, the very best. Nothing else can quite take the place of a visit
