## **GHILDREN OF ALIENS** TO HONOR AMERICA

Thousands in Dress of Fatherlands Will Drill Americanization Day.

### 400 TO GIVE ONE NUMBER

Many Nationalities Represented at Meeting of Committee Arranging Big Union Celebration of United States' Liberty.

Thousands of children of foreign an-cestry, dressed in the national costumes of their fatherland, but all waving of their fatherland, but all waving American flags and joining in a great

flag drill-this' will be one of the stirring features of Americanization Day in Portland on July 5. This great picture will be staged on Multnomah Field at 10 o'clock in the forenoon. Robert H. Krohn, chairman of the Chamber of Commerce commit-tee in charge of Portland's unique In-dependence Day celebration, promised to have 4000 children join in singing and drills. He sald 400 would participate in one exercise.

Many nationalities were represented

at last night's meeting of the commit-tee, which was held in the green room of the Chamber of Commerce. No few-er than ten Italian societies had represtatives present. Besides there were many local patriotic organizations. Better Citizenship Is Theme.

Present were delegations from the Grand Army of the Republic, Sons of the American Revolution, Ladies of the G. A. R., Women's Relief Corps, Spanish War Veterans, Sons of Veterans, Ladies of the Spanish War Veterans, Boy Scouts, Bohemian Club, Bulgarian Club, Italian Sons of America, Columbus Society, German-speaking societies, Swiss societies, Scandinavian societies, and

others.

A number of speakers have been arranged for as a part of the observance of Americanization Day. The themes will be along the line of better citizenship and more patriotic ideals on the part of Americans. Talks will be limited strictly, it is announced, to five minutes each.

Governor Withycombe will head the list of speakers. Others will be Wallace McCamant, C. A. Johns and Rev. Karl O. Salzman. It was said at last night's meeting that the forthcoming celebration will be the first general observance of Independence Day in Port-land since 1907. Dr. F. H. Dammasch has been made

chairman of the music committee. He will organize a vast chorus, in which he wants all musical organizations of the city, foreign-born or otherwise, to join. Patriotic songs will, of course, be the features of the musical programme.

this country Europe may well say, It's no time for us to start a quarrel, they are all Americans over there' "The Italian comes here to make a home for himself and to become a part of the body politic. Although he may retain his dark skin, he is truly an American."

Scandinavian Loyalty Assured. Conrad P. Olson said that, although an American, he is of Scandinavian descent and he was glad to speak as a representative of that sturdy race in such a cause.

"From the earliest times down to the present," he said, "the Scandina-vian people have never allowed them-selves to be oppressed. They are lov-ers of liberty. They are law-abiding and law-search

The decision was well taken despite the fact that the bout caused more excitement than has been seen in local amateur ranks for some time. The ring was crowded after the decision had been given. Gordon refused to allow the referee to hold up his hand in token of a draw and left the ring in anger. Later, however, he said he was willing to meet the Chinese boy again. In the bout Gordon pursued his usual tactics of hitting and getting away, but the yellow boy was after him all the time.

It is probable that the Portland theaters will endeavor to get along without orchestra music, following the dismissal of the union men on July 4. This, it is pointed out, would be the casiest way out of the present situation. To employ nonunion musicians would open the way for a dispute with other branches of organized labor. It is said that the unionized stage employes would walk out in the event nonunion men filled the orchestra pits.
