WILSON DAY PROGRAMME.

Display of flags from all build-
ings and residences. Wearing of
small flags by all citizens.
Firing of Presidential salute
of 21 guns by the Cruiser Boston
at 12 o'clock noon.
Special patriotic films in all
motion-picture theaters.

of all hotels.

at South Parkway at 8 P. M.
Band concert by Firemen's
band at Columbia Park at 8 P. M.
Band concert by Municipal
Park band at Laurelhurst Park
at 8 P. M.

Portland will demonstrate today that
it is loyal to President Wilson in the
war crisis confronting the country.
The demonstration will be participated
in without regard to politics.

Flags will wave from the tops of
buildings and from the porches and
windows of residences. Citizens will
wear small flags over their hearts;
patriotic scenes will be displayed in
all of the motion picture theaters;
small flags will be given visitors at
the hotels; the Presidential salute will
be fired by the Oregon Naval Militia
on the cruiser Boston in the lower
harbor and three band concerts with
patriotic music will be given in the
parks.

The demonstration is strictly non-
partisan, its purpose being to show the
loyalty of Portland to the President
in whatever step he deems necessary
in international relations. The moving
spirit in the celebration is a com-
mittee appointed by Mayor Albion
J. Davis.

Flag to Be Displayed Prominently.
This committee, comprising Com-
missioner Brewster, Emory Olmstead
and Jacob Kessler, met yesterday and
completed the programme of the day.
It promises to be impressive through-
out, although there are no public
gatherings planned at the city
parks, where band concerts will be
given.

Virtually all of the building owners
have arranged to display flags. The
City Hall set an example yesterday
by decorations of large silk flags.
Other buildings will be decorated early
today. Throughout the residence dis-
tricts it is expected flags will be much
in evidence.

The City Council yesterday adopted
the following resolution:
"Be it resolved by the Mayor and the Coun-
cil of the City of Portland, Oregon, in regis-
ter meeting assembled, that 'Wilson day' is a
day set aside for the purpose of renewing
the faith and loving loyalty of each citizen
to his native or adopted country, the United
States of America, and that on this day
every citizen shall wear the flag above his
heart, and let his flag above his head, and
from the City Hall in token of our loyal
devotion."

Cruiser to Fire Salute.
Stores report sales of many flags of
all sizes, which indicates that the city
intends to observe the day fully. The
small flags will be kept for sale at the
department stores all day today.

At high noon the Oregon Naval Mil-
itia will do its part in the celebration
by firing a Presidential salute of 21
guns. Only upon the visit of the Presi-
dent or on an occasion similar to that
of today is this salute fired.

The Chamber of Commerce has ar-
ranged to celebrate by decorating the
Commercial Club building with flags
and a large picture of President Wil-
son. The Elks' lodge will distribute
flags to members and have a patriotic
programme tonight.

Chautauqua Programme Arranged.

taquua Park, Gresham, with a pro-
gramme under the auspices of the
Swedish Methodist churches of Oregon
City and vicinity. The Rev. John Ovi-

rangements. The programme will start
at 10:30 A. M.

given in the parks. The Police Band will

CROP CONDITIONS GOOD

Weather Bureau Finds Staples in
Most Districts Flourishing.

A summary of the crop conditions in
Oregon for the week ending June 21,
as reported to the local office of the
weather bureau by special correspond-
ents throughout the state, has been
completed by District Forecaster Beal.
He says:

Unusually favorable weather pre-
valled during the past week for the
state crops, except in a few dry-farm-
ing sections, where rain is badly
needed. In these sections the winter
supply of moisture was deficient and
more than the usual quantity of rain
in the ensuing spring and early sum-
mer is, therefore, needed to mature the
crops, which are now reported to be
burning.

In the principal wheat sections ideal
weather prevailed. Fall wheat is fill-
ing nicely and spring grain is making
excellent growth. The only complaints
are from a few localities where fall
wheat was winter killed and those
fields have not made as good a recovery
as was expected earlier in the season.
Barley is nearly ready to harvest and
the wheat harvest will begin in about
two weeks.

"Haying is becoming general, but in
the Willamette Valley the unsettled
weather has made the cutting of the
crop difficult, although no great
amount was spoiled by the rains. Pas-
torage continues good and stock is in
fine condition. A few farmers com-
plain that aphids are more numerous
than usual on vetch and kindred crops.
Alsike clover is in bloom. Warner

LOCAL MAN GETS RANK

DR. RICHARD NUNN PROMOTED TO
LIEUTENANCY IN BRITAIN.

Portland Physician Stationed at Great
Training Camp and Waits for
Order to War Zone.

Dr. Richard Nunn, 777 Flanders street,
Portland, who went to England early in
May and enlisted in the medical corps
of the British army, is now a Lieuten-
ant, according to information received
by friends in this city. Dr. Nunn has
been detailed for duty at the govern-
ment training camps on Salisbury Plain,
about 75 miles from London.

"My work consists in helping men
to be able to see enough to fight," he
says in a letter to his partner here, Dr.
Sherman E. Wright.

Dr. Nunn as yet has had no active
experience on the Continent, but he
does not know when he may be ordered
to the theater of war.

Speaking of the English training
camp, he says:

"There is a large barracks at Salis-
bury Plain, and at present about 15,000
men are being trained there. At one
time there was as many as 250,000 men
at the training grounds."
Dr. Nunn mentions the surprising
calmness with which the people of Eng-
land take the war and the terrible
losses which they are sustaining. He
says that even those who have relatives
at the front accept the conditions un-
derstandably.

Dr. Nunn left New York on the steam-

er Philadelphia May 8 and arrived at
Liverpool Sunday, May 17. In a letter
to Mrs. Nunn he tells of the excite-
ment on board the vessel the last day
of the voyage over the possible appear-
ance of German submarines. He says
that life preservers were distributed and
the mail which the steamer carried was
stacked on deck.

Miss Faye Myers, assistant secretary
in charge of the office of the Asso-
ciated Charities, is seeking a volunteer
worker to take charge of the clothing
supply department of the Charities on
Saturday. Mrs. Isabel Katen, who has
long given her services, is leaving
this week for California, and the de-
mands upon the Charities at this time
are so large that it is necessary to
have her place filled at once.

Scores of cases are handled daily
through the offices of the Charities,
and relief work in the form of food,
clothing, assistance in finding work
and in other ways is afforded. The
Charities, thus far, has been meeting
the demands upon it successfully, and
the donations that have come in to the
maintenance fund have helped to carry
the work along. The organization will
have to raise at least \$5000 to enable
it to keep open through the Summer
and less than half that amount has been
contributed.

The Associated Charities and a few
of the other established relief or-
ganizations have been bearing the full
burden of the relief work in the city
for months, under an increasing pres-
sure, and all organizations are doing
everything in their power.

The effort of the Charities will be to
raise the fund necessary within the
next few weeks, so that it will be
able to take care of the hundreds of
cases that have no other source of
relief to seek in their destitution.

Following are a few of the cases
out of several scores that were handled
at the Charities yesterday:
1. Deserted woman with two small
children; ill and unable to work. Spe-
cial diet of milk and eggs ordered
by doctor, but the woman is unable to
purchase these supplies and must re-
ly on charity until she is strong enough
to work again.

Home wanted for a 10-year-old
girl, whose mother is obliged to go out
to housework to earn a living.
2. Two boys appealed to the Charities
for clothing. They were in rags and
their father has been out of em-
ployment for a long time and is un-
able to buy clothing or supplies for
the family.

4. Man hopelessly ill in the hospi-
tal; wife seeks employment as janitress
in apartment or lodging house to
support herself. Experienced and
capable.

5. Man out of work unable to sup-
port his wife and child and pay rent.
Experienced painter and eagerly asks
for work of some kind.

ALBANY MAN SAYS THAT STOMACH REMEDY SAVED HIM FROM DEATH

After Other Treatments Failed He Found Relief in First Dose of Mayr's Remedy.

W. H. Garrison, of Albany, Or., long suffered from general ill health as the result of stomach derangements and digestive troubles. He tried many remedies and treatments with but little result. Then one day he discovered Mayr's Wonderful Remedy. He took it and got results right away. Long after he had been assured of the success of this remedy he wrote:

"I commenced taking your medicine last May, and since then have passed thousands of acrobats. If it had not been for your medicine I feel sure I would have been dead by now. I feel like a new man, my stomach troubles and my liver and nervous troubles are all considerably improved."

George H. Mayr, the chemist who makes this preparation, has thousands of similar letters from sufferers all over the country, showing that Mayr's Wonderful Remedy is invaluable for the treatment of indigestion, constipation, colic attacks, catarrh of the stomach, gastritis, pressure of gas around the middle, and all the troubles of the chronic appendicitis and other ailments of the stomach, liver and intestinal tract.

This remedy is entirely harmless. Mayr declares it has saved them from dangerous operations and hundreds fervently thank Mr. Mayr for having saved their lives.

Any one having stomach, liver, intestinal or kindred ailments, no matter how long they have suffered, should try Mayr's Wonderful Remedy. One dose convinces. This remedy gives permanent results and is now sold by druggists everywhere with the positive understanding that money will be refunded without question or quibble if ONE bottle fails to give absolute satisfaction.
