

CITY TO ENTERTAIN HOSTS OF SHRINERS

Automobiles Being Sought to Take Visitors on Trip About Portland.

ROUTES ALREADY CHOSEN

Various Places of Interest Will Be Pointed Out to Parties That Are Coming in July—All Asked to Donate Use of Cars.

To obtain automobiles with which to entertain the hundreds of Shriners to visit Portland July 11, 16 and 17, Ira F. Powers, chairman of the automobile committee, yesterday sent out hundreds of cards to Portland business men requesting the use of their cars, if possible, to take the visiting Shriners over the Columbia Highway, and sightseeing trips in the city.

Cars will be required at different hours during the three days the Shriners will be here, and for that reason Mr. Powers is sending out the cards. As these cards are returned by automobile owners they will be filed and held in readiness for use in taking the guests on the various trips.

Two Trips Are Outlined. Two trips, one covering an hour and one two hours, have been outlined by Mr. Powers. Each automobile will carry a fee on the windshield so the guest cars will easily be recognized on the city streets. On the reverse side of the fee will be printed the route of travel of the special cars. Outlining the route through the city and suburbs will be red and blue arrows, the blue arrow indicating the one-hour trip and the red and blue arrows the two-hour trip.

Mr. Powers has arranged for several men with megaphones to be stationed at the Forestry building, at the City Park, on Portland Heights and at several other points. The automobiles will make a stop of a few minutes at various places of interest which will be pointed to their attention. The fisheries exhibit at the Forestry building will be in operation as a special attraction for the Shriners.

Routes Chosen Are Traversed.

Yesterday Mr. Powers passed several hours automobiling over Portland to pick out a route for the special cars. The one-hour trip will take the visitors out Washington to Seventeenth street and thence on Seventeenth street to Everett. From Everett the route extends to Nineteenth, Nineteenth to Glisan, Glisan to Twentieth, Twentieth to Lovejoy, Lovejoy to Cornell Road, Cornell Road to Twenty-ninth, Twenty-ninth to Raleigh, Raleigh to Twenty-eighth, Twenty-eighth to Forestry building, Forestry building to Raleigh, Raleigh to Twenty-fifth, Twenty-fifth to Washington, Washington to Washington Park, drive to crest in park, exit park at Park avenue, Park avenue to Ford street, to Montgomery drive, Montgomery drive to Jackson, Jackson to Vista avenue, Vista avenue to Montgomery drive, Montgomery drive to Montgomery street, Montgomery street to Park, Park to Salmon, Salmon to Sixth, Sixth to Hotel.

Mr. Powers' Montgomery drive to Jackson, Jackson to Vista avenue to Montgomery drive, Montgomery drive to Montgomery street, Montgomery street to Park, Park to Salmon, Salmon to Sixth, Sixth to Hotel. The two-hour route will cover the following: Montgomery drive to Patton road, Patton road to Fairmount boulevard, Fairmount boulevard to Talbot road, Talbot road to View road, View road to Vista drive, Vista drive to Terrace drive, Terrace drive to Elizabeth street, Elizabeth street to Chapman street, Chapman street to Spring Street, Spring Street to Washington Park, drive to crest in park, exit park at Park avenue, Park avenue to Ford street, to Montgomery drive, Montgomery drive to Jackson, Jackson to Vista avenue, Vista avenue to Montgomery drive, Montgomery drive to Montgomery street, Montgomery street to Park, Park to Salmon, Salmon to Sixth, Sixth to Hotel.

Best Impression Possible Is Aim. "The automobile tour of Portland arranged for the visiting Shriners is intended to send our guests away with the best possible impression of the city," said Mr. Powers. "First we carry them out through the city over the downtown business streets and then, he continued, 'we show them many beautiful homes, residence streets that are a veritable park since trees, flowers and green lawns are in evidence everywhere. As we leave the Forestry building and reach the heights the mountains come into view and the beauties of the city are unfolded. We are going to show the Shriners just what we mean by the 'City Beautiful' idea in Portland."

Out on the drives they will see the commencement of the Willamette Valley country and gain some idea of the vast resources behind the city. We hope in one or two hours' time to send the hundreds of Shriners to their homes in many states satisfied that Portland is one of the cleanest, most healthful, most beautiful and most progressive and wide-awake places in the United States.

Highway Lauded as Attraction. "The Shriners to visit Portland will be a fine body of business men and they will not forget any courtesies extended them during their visit here. It will be one of the best opportunities of the year to secure some timely publicity for Portland, and automobile owners can perform a great service for the city by lending their cars for the entertainment of the guests."

In the Columbia Highway we have one of the world's greatest scenic features and I feel sure that every Shiner making the trip will want to come back again and bring friends with him. It is one of the best chances of the year to play host to prominent men from more than 40 states of the Union.

While we expect every Shiner in Portland to donate his automobile, W. J. Hoffmann, general chairman of the entertainment for the Shriners, or myself would greatly appreciate all the name and address, telephone number and other details from automobile owners who will donate their cars we will be in a position to take care of the parties of Shriners in fine shape. The schedule of the time of arrival of the special trains bringing the parties has been received by Mr. Hoffmann and Mr. Powers, and the automobile trips have been worked out to give the visitors the best impression of Portland in the time they will remain here July 11, 16 and 17.

HOOD RIVER ARMORY BURNS

Two Residences Lost and Phone System Interrupted.

HOOD RIVER, Or., June 30.—(Special.)—During a lull in the west wind last night the Armory building on Cascade avenue, an old landmark, was destroyed by fire. Just after Charles Carson and Will Parker, local schoolboys, who had just opened a skating rink on the second floor, had closed up for the night. Two nearby residences were also destroyed.

The heaviest losers were Cutler Bros., Ros S. orchardists, who recently purchased the building, and a carpenter shop on the first floor of the Armory for the manufacture of an apple-grading machine recently invented by them. Cutler Bros.' loss will reach about \$4500, with insurance of \$1000. One of the houses burned was the property of Rev. J. W. Rigby. Another building practically destroyed was the home of Mrs. N. A. Monroe, a Hood River pioneer. Her loss, partly covered by insurance, will reach \$2000. The next heaviest sufferer was the Pacific Telephone & Telegraph Company and its telephone company. The main trunk line of the Pacific com-

ACTOR RECALLS HIS EARLY ACTIVITIES IN PORTLAND.

Ralph Stewart. Recollections of the old days in Portland were recalled yesterday by Ralph Stewart, who is here this week with Marie Fisher and Dave Schaffer, comprising the Passing Revue Trio at Pan-tastes. Stewart helped to put the lid on open gambling in Portland many years ago, when he organized a private posse and raided the leading establishments of the city. When he was but a boy he was one of Portland's first newsmen. Judge Malarkey and Stewart were close friends and Stewart laughs when he recalled the incident of shaving the early jurist while the pair of them were members of an outing party. A barber from Portland was summoned to complete the job.

pany to Eastern and Central Oregon was put out of commission for a while.

REALTY MEN ARE BUSY

DELEGATES HOME FROM MEETING, READY TO ENTERTAIN.

Representatives to National Convention Due to Begin Arriving Here Sunday on Return Trips.

No sooner had F. E. Taylor, president and Paul A. Cowgill, secretary of the Portland Realty Board, returned from the annual convention of the National Association of Real Estate Exchanges, Tuesday night, than they commenced laying plans for the entertainment of Eastern delegates to the convention who will pass through Portland on their way home next Sunday or Monday.

The regular schedule calls for the arrival of the Minneapolis, Detroit, Chicago and Boston delegations in Portland Sunday morning, but the latest advices received indicate that they will not arrive until early Monday morning, and that they will remain for 24 hours. On the morning of their arrival they will be taken for an automobile ride around Portland. They will probably be the guests of the Portland Chamber of Commerce at luncheon Monday, and in the afternoon they will be motored over the Columbia Highway and dined by the Portland Realty Board at one of the taverns along the banks of the Columbia River.

Next Wednesday Thomas Ingersoll, executive secretary of the National Association, will be feted by the Portland realty men, and the following day a special luncheon meeting of the Board will be held at the Chamber of Commerce to honor the arrival of Walter C. Piper, of Detroit, Mich., who was elected president of the association for the coming year. Although Mr. Piper defeated Dean Vincent, of Portland, who was also a candidate for the presidency, the best of feeling prevails due to the splendid spirit shown at Los Angeles by the members of the Portland delegation—F. E. Taylor, Paul A. Cowgill, Dean Vincent and J. D. Lee.

Dr. Henry Waldo Coe, Lou Cronan, H. P. Palmer and E. A. Clark, chairmen of the various reception committees, who will receive the visiting realty men, have issued a general appeal for roses to be sent to the Chamber of Commerce building Monday to be showered on the visitors.

FEES STILL WITHHELD

LAWYERS DISCUSS CASE DUE TO AMERICAN BANK FAILURE.

Action Planned as Result of County Officials' Refusal to Pay Money Authorized by Legislature.

Attorneys who had Higgins' fees on deposit with the County Clerk at the time of the American Bank & Trust Company failure four years ago have been thwarted again in an attempt to recover their money. Although the recent Legislature passed a law authorizing the Multnomah County authorities to give the interested attorneys credit in the aggregate of \$15,000, the same was blocked through the bank failure, County Treasurer Lewis and the County Commissioners have refused to comply with their view on the ground that the legislative action may be unconstitutional.

Final disposition of the case was the subject of discussion at the regular meeting of the Multnomah County Bar Association Tuesday night. Attorney Ralph R. Dunaway, who has brought a number of individual suits against County Clerk Coffey to recover money lost through the bank failure by Frank Fields, his predecessor, accused the District Attorney and the county officials of "obscure" proceedings in trying to shift responsibility. The upshot of the discussion was the appointment of a committee, consisting of Conrad P. Olson, C. H. Gilbert and Robert Tucker, to devise plans of procedure. A meeting of all attorneys and judges will be held in the Courthouse Thursday evening of next week to discuss new methods of court procedure in Multnomah County.

Every New Private Residence Having 10 Windows or More—Best Opaque Shades—55c Each—Hung Complete

New Summer Goods--Most Wanted Kinds--All Sacrificed in Our REMOVAL SALE! Every Article in the Store at a Reduced Price except certain lines of Contract Goods, "Silk Maid" Hose and Groceries.

WOMAN SCORNS \$15 FINE

With \$350 in Gold and \$4000 in Bank, Jail Is Preferred.

aged 40, is serving a sentence of seven days and a half in the City Jail in lieu of paying a fine of \$15. The woman was arrested by Patrolman Flint for making improper overtures to him when he was in plain clothes and was fined \$15 by Judge Stevenson. "He made 200-300 eyes at me and I said 'Hello, kid,'" said the woman in defense, but the court ruled against her.

MILITARY TO TAKE PART

Council Appropriates \$150 for Fourth of July Celebration.

A salute of 21 guns by the battery of the Oregon National Guard is to be a feature of the celebration of Fourth of July in Portland Monday. The City Council yesterday appropriated \$150 to defray the cost of the salute and to pay for other features of a patriotic programme planned by military people for the day. A committee comprising H. C. Markes and Delos D. Neer, of the Grand Army of the Republic, and Lee M. Clark, of the Oregon National Guard, appeared before the Council yesterday and asked for the appropriation. The Council made the appropriation by unanimous vote.

Allen's Foot-Ease for the Troops

Over 100,000 packages of Allen's Foot-Ease, the antiseptic powder to shake into your shoes or dissolve in the foot-bath, are being used by the German and Allen Troops in the front. It rots the feet, prevents friction of the shoe and makes walking easy. Sold everywhere. Sample sent FREE. Address: Allen E. Conquest, Le Roy, N. Y.
