Income Tax Proves Big Producer, but Tariff Falls Short by \$82,000,000.

BOND ISSUE IMPROBABLE

Whisky Fails by \$16,000,000 to \$20,000,000 to Yield Revenue of Former Years - Emergency Tax Exceeds Expectations.

WASHINGTON, July 2 .- The second business year of the present Administra-tion, which closed Wednesday, showed a deficit of \$25,854,281, compared with

a defect of \$28,501,521, Compared was surplus for the year ending June 30, 1914, of \$24,418,677.

Official explanations will not be issued until the figures for the year are analyzed by Secretary McAdoo, but on the face of the records it is apparent that receipts were much smaller, while dishursements were much disbursements were much

Notwithstanding the deficit of the year's business, the treasury now has an actual net balance of \$82,025,716. With such a balance on hand and every prospect that it will be increased possibly by \$10,000,000 in the next 10 days, it is evident that there will be no issue of Panama canal or other Governsue of Panama canal or other Govern-ment hands to replenish the coffers for many months to come, it at all.

Duty on Sugar Needed. Customs receipts for the last fiscal year amounted to \$309,288,107, about \$11,000,000 under the estimates made by Secretary McAdoo several months after the war began, and \$82,000,000 below the amount received from this rource in 1914. With the end of the war apparently remote it is well. war apparently remote, it is well known that many treasury officials are convinced that it will be necessary for Congress to restore the old duty on

above the amount estimated.

It was said tonight that the personal acome tax proved a surprise this year. Last year it brought in only about \$25,000,000, but up to date this year it has produced more than \$41,000,000, and that probably will be augmented by several millions. According to information at hand this increase is not to be accounted for in any large increase in the number of taxables; in crease in the number of taxables; in can people would accept, and to maintain peace with honor the Nation must be prepared for defense."

the evident intention of officials to prosecute tax dedgers probably helped to swell the receipts.

The corporation tax income apparently will be about the same as that received last year.

Contrary to current reports it now develops that the emergency tax law sise has proved an even better income producer than was expected. Despite this, however, internal revenue receipts for the year, \$335,828,377, were only about \$27,600,000 in excess of last year.

CRIMINAL CHARGES MADE BY GOVERNOR OF SONORA.

Case Now Pending in Federal Courts Has Precedence, but 40-Day Detention Is Probable.

WASHINGTON, July 2.—Formal request for the extradition of General Huerta on various criminal charges has been presented to Governor Ferguson, of Texas, by the Vilia Governor of Chihuahna state.

guson, of Texas, by the Vills Governor of Chihushna state.

This latest compilication in the status of the Mexican ex-dictator, now facing prosecution at Ei Passo for allieged violation of American neutrality laws, was brought to the attention of the Federal Government today by Governor Ferguson, who forwarded the Villa governor's request to the State Department. Secretary Lansing referred the case to Solicitor Johnson.

So long as Huerta is wanted by the Department of Justice, the charges preferred by Federal agents will take precedence and until they are disposed of it is not expected that the extradition question will be decided.

Both the Villa and Carranza factions charse that Huerta was implicated in the murder of President Madero and Vice-President Snarez.

Inasmuch as the Mexico-American extradition treaty provides that requisition shall not be granted for political offenses, there have been no cases in which citizens of prominence in either country have ever been surrendered, even though charged with cryll crimes. The request for extradition usually has been followed, however, by provisional arrest for 40 days while evidence is being forwarded.

The income tax proved the big producer during the past 12 months. Total receipts up to the close of husiness last high were \$79,828,675, of which \$35,203,525 came in on June 30.

This is more than \$8,500,000 above the total received from the tax last year, and there remain ten days of grace in which it may be lawfully paid.

Officials are confident that during this period there will be received from income tax payments at least \$6,000,000, which will bring the total \$5,000,000 above the amount estimated.
