

BAKER WOULD DROP CHAMBERLAIN SUIT

Move to Take Ouster Case Out of Court Voted Down by Albee, Daly, Dieck.

MR. BIGELOW FAVORS PLAN

Majority Considers Taking Question Up With Civil Service Board. Baker's Motion to Let Shriners Fly Banner Defeated.

It looked like old days in the City Council meeting yesterday when Commissioner Baker, at the first session, became Commissioner, caused the fur to fly in lively fashion when he butted up against some of the Council's standing policies, which, he declared, are not based upon "good common sense."

The first set-to came when Mr. Baker insisted that the Council uphold him in a resolution he introduced instructing City Attorney LaRoche to dismiss the suit now in the Supreme Court involving the removal of Russell Chamberlain, an elderly Grand Army veteran, from the position of janitor at the City Hall.

Mr. Baker declared that he had investigated the case fully and wanted it dismissed inasmuch as it affected directly his department. The Council, with the exception of Commissioner Bigelow, heretofore has stood consistently with ex-Commissioner Brewster in appealing the case of the janitor to the court of last resort.

Principle Said to Be Involved. As soon as Mr. Baker presented his resolution an attempt was made to sidetrack it. Mr. Baker, as of old, went to bat and tried his best to head off deferment. Mayor Albee declared that the case involved an important civil service question and was being appealed for that reason and not because of any desire to oust Mr. Chamberlain.

"It's a mighty poor example to set at a time like this," declared Mr. Baker. "Here is a man who has served his country and has given the best part of his life in serving the city. When he gets old he is kicked out on claim that he is unable to give the money paid."

"I do not want to understand them," retorted Mr. Baker. "As Commissioner of Public Affairs I want Mr. Chamberlain, who is in my department, to remain. If this case is decided against him he is out and there is nothing I can do to help him."

Promise of Position Reiterated. Mayor Albee insisted that the personality of Mr. Chamberlain did not enter into the case. "It is a case involving important civil service questions. I have said repeatedly that Chamberlain will be cared for if he loses his case."

"But he will be out of civil service jurisdiction," declared Mr. Baker. "He will have no protection against future administrations. I don't think you understand the feeling in this community in this case. I have been over this city from one end to the other and I know how the people feel."

Commissioner Daly then made a motion that the resolution be held until a conference could be held with the Civil Service Board to determine whether or not Mr. Chamberlain could be kept under civil service if his case went against him in the Supreme Court.

Mr. Baker protested and insisted that the question be put to a vote forthwith. He protested against any delay whatever. Mr. Daly put his proposition in the form of a motion and it carried by vote of three to two.

Commissioner Baker tried to get him to change his opinion. He says he wishes to confer with City Attorney LaRoche. It is alleged that, however, that Mr. Baker will win his fight and the Chamberlain case, which has been the cause of trouble for nearly two years, will be dropped.

Banner Question Stirred. For again flew when Mr. Baker asked the Council to permit the Shriners to put a banner over a street for the coming convention. It was explained to him that the Council has adopted the policy of refusing to permit any banners on the streets hereafter.

"You want to make this a convention city and then prohibit banners," asked Mr. Baker.

Commissioner Dieck said that the whole proposition was based upon the city beautiful idea. "The policy is in the interest of an artistic city," explained Mr. Dieck.

This aroused Mr. Baker again. "We ought to change our attitude," he said, "so that we can look a little at the life of the city on a common-sense basis and not pay so much attention to the art. Furthermore I think one of the things we should look into at once is the proposition of so much efficiency and so few results."

This was taken as a slap at Mr. Dieck's efficiency policies and his policies regarding special work in his department which has been the cause of considerable discussion in recent months.

Slap Made at Mr. Bigelow. Mayor Albee took a fling at Commissioner Bigelow during a discussion of the request of Commissioner Dieck for increases in salaries for some of his employees. The increases as proposed involved a total outlay of \$175 a month for 22 employees.

Mayor Albee and Mr. Dieck took the position that efficient service should be rewarded regardless of prosperous or hard times. Commissioner Bigelow took the stand that times are not right for salary increases. "Business houses are cutting wages instead of increasing them," he said. "It's the wrong time to increase wages and especially when the city already is paying more wages than private concerns."

"Mr. Bigelow, you voted rently for the 15-a-day-minimum-wage ordinance for laborers," asked Mayor Albee. "I did," replied Mr. Bigelow. "Do you know of any business house or private concern that is paying laborers \$2 a day?" asked the Mayor. Mr. Bigelow made no reply. On

motion of Commissioner Daly, Mr. Dieck's proposed increases were deferred for 90 days. This action was backed up by Commissioners Baker, Daly and Bigelow.

HOLDUP MAN DESCRIBED

John Hamilton, Shot Three Times, May Escape Without Amputation.

A description of the man who attempted to hold up John Hamilton, bartender of a saloon at 217 North Twenty-first street, at 12:45 Thursday morning, was obtained by the police Thursday, and City Detective Leonard is working on the case. The man fired four shots at Hamilton, striking the bartender twice in the calf of the right leg and once in the left knee. The injured man was removed from the Good Samaritan Hospital yesterday and it is not believed that it will be necessary to amputate either limb.

The holdup man was 28 or 30 years old, slim and rawboned. He wore a

POSTAL INSPECTORS OUT

Retrenchment by Government Affects Northwest Employees.

With a large deficiency in operating expenses over revenues of more than \$30,000,000, the Federal Government is retrenching in all departments. Beginning with yesterday, July 1, between 50 and 50 postoffice inspectors in various parts of the United States were laid off. Two of those let out are in the Northwest district, both being attached to the Spokane office. They are H. D. Temple and J. McClanahan.

Among Federal employees in Portland a story is current that 150,000 employees of the Government will be dismissed or transferred before the retrenchment campaign is over.

EXERCISE AND GRECIAN BEAUTY

WHAT IT MEANS

Many thousands of women are now a-days paying attention to physical culture and the proper exercise of their body muscles, where, thirty years ago or fifty years ago there was no thought expended on this science, which is quite necessary to physical beauty. The reason the Greek men and women, excelled in beautiful and symmetrical forms was because of the attention they paid to the proper exercise. Then, too, they were untrammelled by corsets, shoes and the inconveniences of clothing. To the minds of some women the idea of physical exercise conveys only the idea of hard fatiguing work. Mild exercise continued day after day is best for the body and spirits and health. Without proper exercise there can be no health, and without health there can be no real beauty. There is no stronger proof of the sound remedial value of Dr. Pierce's Favorite Prescription than that it restores the wasted form to its wonted roundness.

The mighty restorative power of Dr. Pierce's Favorite Prescription speedily causes all womanly troubles to disappear—compels the organs to properly perform their natural functions, corrects displacements, overcomes irregularities, removes pain and misery at certain times and brings back health and strength to nervous, irritable and exhausted women.
