Idaho Senator, Riding Near, Gives Alarm and Cavalry Is Sent in Pursuit.

ROBBERS FRIGHTENED AWAY

Eastern Excursion of 125 Teachers Has Experience in Yellowstone.

Men Thought to Be Fleeing to Jackson Hole.

SALT LAKE, July 9.—Five coaches of the Gillespie, Kinport & Beard company, containing 125 tourists making a tour of the Yellowstone National Park, were held up at 10 A. M. today by two robbers a mile and a half beyond the junction of the Gibbon and Firehole rivers.

Most of the tourists were teachers, members of a party from New York and Brooklyn.

Senator Brady, of Idaho, was traveling in the park immediately behind the coaches, in company with F. J. Hayes, of the Yellowstone-Western Stage Company. He turned immediately and reported the hold-up to Colonel Brett, superintendent of the park.

Two Robbers in Party. The teachers were members of an excursion conducted by a man named Rice, of New York. The leading stage was stopped and the passengers were ordered to line up and throw their money into a sack held by one of the two robbers. One man kept the crowd covered at close range, while another held the sack.

As the third coach was being robbed Mr. Rice sprang from the stage and started back to tell the rest of the party to conceal their valuables. One of the robbers opened fire on Rice, who escaped into the timber unharmed. The robbers, evidently fearing capture, fled at once.

Senator Brady mounted and some distance in the rear of the coach train. Hearing the shots, he started forward on foot to investigate. He met Rice a few moments after Rice had escaped the robber's fire.

Cavalry Taken Robbers' Trail. Senator Brady then rode to a road camp and reported the hold-up to Colonel Brett, superintendent of the park, who communicated with Fort Yellowstone, from where a detail of cavalry was dispatched in pursuit of the robbers. The Senator, returning to the point where the robbery took place, reassured the tourists by mounting the seat of the coach, and the party proceeded on its way.

It is said the financial losses of the passengers were small. No one was injured.

The robbers are presumed to be headed for the Jackson Hole country, on the southern boundary of the park, long famous as a rendezvous of desperate characters of varied types.

The scene of today's robbery was near the spot where 25 coaches were held up June 29, 1914, and robbed of a sum estimated at between \$200 and \$300. At that time a single highwayman executed the robbery.

MINNEHAHA SAFE IN PORT

Wednesday morning Captain Claret and his officers were somewhat startled by the receipt of a wireless warning that bombs were to be placed on vessels that were to sail from New York for European ports recently.

The captain immediately ordered the small boats swung out in readiness for lowering if an explosion occurred.

SAIORS SHOT INTO AIR

At a quarter after 4 that same afternoon, when the ship was 670 miles southeast of Halifax, something exploded in the third compartment, and the ship trembled violently. One of the hatch covers shot off, carrying two

sailors with it ten feet in the air. One was slightly injured.

The crew removed enough freight to enable them to get near the flames. Steam was driven into the holds and soon the fire appeared under control, but Captain Claret would not take any chances, and turned toward Halifax.

At night the fire gained headway, finally reaching into the adjoining hold. Throughout the night the crew fought desperately. They got the upper hand of the flames yesterday.

Meanwhile the weather became unfavorable, and early today a heavy south-west gale arose. This, combined with thick fog, compelled the steamer to remain off Sambre for some hours and she did not reach anchorage at quarantine until afternoon.

"LOVE GOD," SAYS BRYAN

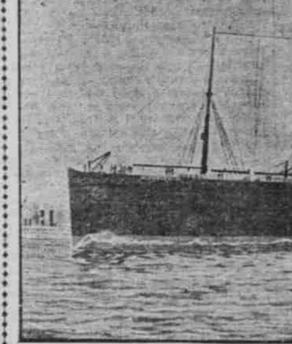

Commoner Declares Americans Worship False Ideals.

OAKLAND, Cal., July 9.—William Jennings Bryan, addressing today a joint session of the Baptist Young People's Union and the National Press Association, spoke on the First Commandment, "Thou shalt have no other Gods before me," saying that it was the most important of the ten religious laws.

In speaking of those who place emphasis on the Second Commandment over the first one, the second being, "Thou shalt love thy neighbor as thyself," Mr. Bryan said: "Unless you do not love God, you do not know your neighbor."

He said he believed the American people today worshiped the gods of wealth, fashion, fame, physical com-

MARKET POINTERS GIVEN

Health Bureau Urges Precautions in Purchasing Foodstuffs.

Market pointers are a feature of the Health Bulletin issued yesterday by the City Health Bureau for June.

The suggestions are: Don't handle or taste foods belonging to other people. Frequently wash the hands.

Note the following in buying fresh fish: They should sink in water. Scales should be firmly attached and free from slime.

Eggs should be prominent—standing out. Gills should be bright red—bloody. Mouth and gill lids should be closed. Body—solid, does not bend when placed horizontally on hand.

Meat—firm and elastic, tight on bones. Cow's liver should be carefully examined for flange-like spots.

When buying chickens: If consent buy chicken which has not been drawn.

Examine outer surface of intestines for small yellowish tumors or bunches arising from area of large pinhead in size of pea. Also examine liver for hard yellow spots. These are likely to be indications of tuberculosis.

If in doubt, bring to city laboratory for microscopic examination. Tuberculosis in chickens is more common than is generally supposed.

LINER'S SINKING FORECAST

WASHINGTON, July 9.—Sir Cecil Spring Rice, the British Ambassador, formally called the attention of the State Department to the Fatherland, a German paper published in New York, pointing out that it forecast the sinking of the Lusitania and predicted internal explosions on ships sailing from the United States for the allied nations.

Without making any request, the Ambassador declared it indicated "guilty foreknowledge of a crime."

GILMAN BURIAL ARRANGED

The body of Judge Fred A. Gilman, who died Wednesday at the residence of his son, F. C. Gilman, 452 East Ash street, Portland, was sent to Seattle yesterday afternoon for funeral and interment.

Judge Gilman was well known in Seattle, where he had practiced law and served on the bench for many years. He was born in New Hampshire, and was 65 years of age.

Judge Gilman had been in Portland visiting his son for five months. He leaves a widow, Mrs. Lavina Gilman, of Seattle.

LONDON, July 9.—German military activities, while lessening in the Gallician and Southern Poland war fields, apparently are in full swing again along the front to the west and north-west of Warsaw.

The latest official statement from Petrograd indicates this in recording attacks on the Russian positions at several points.

Heavy losses were inflicted on the Germans in their assault near Jednorozets, in the Przasnysz district, the Rus-

PROHIBITION FILM THEME

Anti-Saloon Photoplay to Be Exhibited Privately.

"Prohibition," an anti-saloon photoplay, will be presented this week in Portland at a place to be announced later to a private assembly of the press, clergy and a number of leading people connected with social and educational work in the city.

The play, which is presented by the Prohibition Film Corporation, is a five-reel drama sanctioned by a number of prominent citizens, including William Jennings Bryan, Secretary of the Navy, Daniels and R. P. Hobson.

A large cast and elaborate setting has been used to make the film an unusual feature and the play particularly emphasizes the fact "that one drink leads to another."

SHIPPING FIRMS AFFECTED

Prominent San Francisco Transportation and Brokerage Heads Indicted in Connection With Warship Obtaining Supplies.

SAN FRANCISCO, July 9.—Out of 16 men indicted by the Federal grand jury on charges of having violated the neutrality laws of the United States, seven have already been arrested and are still being sought by the United States marshals.

Those who surrendered today are: Philip K. Thayer, president of the Northern & Southern Steamship Company; C. D. Bunker, president of C. D. Bunker & Co., customs brokers; Robert H. Swayne, of Swayne & Hoyt, customs brokers and shipping men; Thomas Addis, of the Lane Hospital staff; Joseph Hiley, customs broker, and John G. Hoyt, of Swayne & Hoyt.

Mr. Hoyt surrendered by telegraph and agreed to present himself in person next Monday.

Two Counts Against Each. Harry K. Lane, who was arrested at midnight yesterday, has been unable to secure bonds and is in jail.

Each was indicted on two counts, one of actual violation of neutrality laws and one on conspiracy to violate. Bonds were set at \$1000 on each count.

The two indicted men for whom the officials still are searching are Kenneth Croft, a reservist officer in the English army, and Clyde Lawrence, also a British soldier. They are said to have been aides of Blair in recruiting English soldiers in San Francisco.

The remaining six indictments were returned against officers and members of the crew of the steamship Sacramento, which is in Chilean waters.

German Officer Said Stowaway. The case of the Sacramento has been under investigation since Fall, when the vessel failed to deliver her cargo at Valparaiso, Chile, for which port she cleared from here October 15. Soon after the vessel left here, it is said, a German officer, a stowaway, was discovered and arrested. The direction of the vessel, used by the wireless and took the vessel to the German fleet, off the Chilean coast, to which the supplies aboard were transferred.

The Sacramento remained at Valparaiso, and the crew, through the efforts of the United States government, were compelled to return here, the port of clearance, before being paid off. The remaining six indictments were returned against officers and members of the crew of the steamship Sacramento, which is in Chilean waters.

114 JITNEYS ARE PASSED

Five Cars or Drivers Rejected Permanently by Inspector.

One hundred and fourteen jitney cars and buses have succeeded in passing the municipal inspection up to date, according to a report submitted yesterday to Commissioner Daly by Jitney Inspector Gallup.

The jitneys are being examined at the rate of about 25 a day. So far only five cars or drivers have been rejected permanently. These were cases of incompetent drivers of unsafe cars. A long list of machines have been ordered repaired before being passed and several drivers have been required to study the traffic laws. Inspector Gallup said yesterday that it is useless for drivers to appear for inspection unless their cars are in first-class condition throughout.

DRUG HABITUES ARRESTED

Three Men in Jail Are Charged With Illicit Traffic.

With forged prescription blanks of Dr. Allan Gilbert in his possession, Robert Robinson, alias Earl Robinson, alias Alex Erickson, was arrested yesterday by City Detectives Swennes and Moloney and Patrolman Stram and is held on an old forgery charge, while a Federal investigation is being made by Frank Espanza, alias Frank Spartan, an ex-convict, and Fred Goldenberg, a locksmith of 247 Taylor street, were arrested for suspected complicity in illicit traffic in drugs, in which Robinson is supposed to be a leader.

The three men probably will be turned over to Deputy United States Revenue Collector Miller today for prosecution under the Harrison drug act.
