$10,000,000 ASKED FOR STATE ROADS

Advisory Board Returns From 1000-Mile Highway Inspection Tour.

BOND VOTE TO BE ASKED

S. Benson Gratified With Enthusiasm Found, County Courts Assuring Co-operation, and Saying Aid Is Much Needed.

S. Benson, good roads enthusiast, accompanied by J. H. Albert, of Salem, and Leslie Butler, of Hood River, fellow-members of the advisory board of the State Highway Commission, and E. F. Cantine, deputy State Engineer, reached Portland yesterday after a 1000-mile auto trip of inspection over the chief trunk roads of the state running north and south. They went to the California line over the Pacific Highway and returned through Central Oregon and over the Columbia River Highway.

They passed through the Willamette Valley, the Umpqua and Rogue River valleys, crossed the Siskiyou Mountains into California, crossed the same range again into the Klamath Basin, visited Crater Lake, viewed the Crescent, La Pine and Bend districts in Central Oregon, the irrigation districts of Crook County and the wheat sections of Wasco, Jefferson and Sherman counties, as well as the fruit belt of Hood River County.

Courts Assure Co-operation.

The board interviewed county courts to learn the needs of the different districts in state aid to help the road situation throughout the state.

Everywhere the delegation went, it was welcomed by county officials, who promised full co-operation, and prominent citizens, who showed them every facility for personal inspection of the roads and escorted them through their various districts. The board was struck by the wide interest in good roads displayed everywhere they went, not only by county officials, but by citizens generally.

A result of the trip is expected to be a number of important recommendations to the State Highway Commission that are likely to make new road history for the state.

One of these will be that a bond issue of $10,000,000 be submitted to the voters at the general election in November, 1916, to be used in building main highways of state importance.

The prevailing sentiment on the trip was found to be that the counties have exhausted their road funds and are unable to build main state thoroughfares in a permanent way upon plans devised by the Highway Commission.

Good Road Interest High.

"Our trip covered 17 counties and in every one I was gratified to find the interest displayed in good roads," said Mr. Benson.

"But the officials in each county visited spoke of their inability to proceed with the construction of state thoroughfares owing to their lack of road funds. Douglas County, for example, having 200 miles of county roads to maintain, finds it impossible to devote any but a small portion of its road fund to the Pacific Highway. All sections through which we passed are in comparatively the same position. They are more than willing to care for county roads but they do not think it right and just that they should build and maintain state highways.

"We found the Pacific Highway in excellent shape for travel at this time of the year, but to make it a road good at all seasons an immense amount of work will have to be done."

CLACKAMAS CORN IS RIPE

Former Illinois Grower Has Big Success Despite Late Summer.

OREGON CITY, Or., July 20.—(Special.)—A delayed Summer failed to retard the ripening of corn of William Lillie's farm near Parkplace on the Clackamas River. On July 15 he had corn large enough to use and today brought in samples of corn which had large and full kernels.

Mr. Lillie is pleased with his success, particularly in growing corn, although he came from Illinois and lived many years in the Middle-Western corn-raising belt. Mr. Lillie predicts a time when corn will be one of the leading crops of the Willamette Valley, and declares that it can be raised as successfully here as in the East and Middle West.

The bright weather of the last few days is bringing out Clackamas County crops at a rapid rate.

GODFREY OLSON DROWNED

Men Companions Fail in Effort to Save Lad in Slough.

Godfrey Olson, 11, the son of O. Olson, 1143 East Fifteenth street North, was drowned in Columbia Slough which in swimming at 1 o'clock yesterday. The body had not been recovered at a late hour last night, although 13 men were dragging the slough.

The boy went for a swim yesterday with two men, L. Duber and A. Atkins. It is believed that the boy was attacked by cramps. The men made desperate efforts to save him. One of them raised the lad's head above the water once, but was unable to get him ashore.

Godfrey Olson was a student in the seventh grade at the Vernon school. He had lived for 10 years in that neighborhood.

ROBERT KENNEDY IS DEAD

Manager of Pacific Coast Elevator Company Passes at Age of 54.

Robert Kennedy, vice-president and manager of the Pacific Coast Elevator Company for a number of years, died yesterday at Good Samaritan Hospital, following a brief illness. He had been in the hospital only a week.

Mr. Kennedy was a 32d degree Mason and had been in Oregon almost a quarter of a century. He was born in Canada in 1861. His residence was at 482 Hassalo street, where a widow and son Rolland survive.

The body will be taken to Chippewa Falls, Wis., Thursday. The body is at Finley & Son's establishment.

POUNDMASTER IS ACCUSED

Humane Society Alleges Cruelty in Execution of 15 Dogs.

Charges of Cruelty to animals were made against Boyd R. Welch, poundmaster, yesterday by Lewis C. Pitts, an officer of the Oregon Humane Society, in a complaint sworn to before District Attorney Evans. Mr. Pitts charges that Mr. Welch killed 15 dogs by knocking them in the head instead of putting them to death in the asphyxiating gas chamber provided for that purpose.

The information says that the dogs were killed in this manner May 26. Officer Pitts declares he has the affidavits of seven witnesses who say they saw the dogs knocked in the head.

Mr. Welch had not heard of the complaint against him when called by telephone last night.

"I don't think we killed any dogs that way on May 26," he said. "It is very infrequently that we have to do so. Sometimes our apparatus for asphyxiating them is out of order, though, and we get so many dogs on hand that we have to dispose of them.

"I think this complaint must be an outgrowth of the fact that I had to discharge one of my employes some time ago. He must have gone to the Humane Society and started the complaint."

Miss Ethel Davis Featured in "The Candy Ship."

Old Stage Favorite In Portland Is Back This Week at Head of Her Own Company.

FROM musical comedy to burlesque and then to vaudeville is a wide field for operation, but Miss Ethel Davis has appeared in each and every one with success, and now she is at the head of her own company in "The Candy Shop," the feature act at Pantages this week.

Miss Davis appeared here in road

Miss Ethel Davis.

shows several seasons ago and this was followed by an engagement in stock burlesque at the Lyric, where she was supported by Reece Gardner, Frances White and others whose names have since become prominent in dramatic work. Then she enlisted in the vaudeville ranks and she is the same favorite there that she was in her other experiences.

PIONEER WOMAN DEAD

MRS. CHARLOTTE CARTWRIGHT PASSES AT GEARHART.

Body of Former Resident of Portland Is Brought to This City and Will Be Interred Here.

Mrs. Charlotte M. Cartwright, of Portland, pioneer of 1845 and for many years identified with this city and with the Woman's Auxiliary of the Oregon Pioneer Association, died at her cottage at Gearhart early yesterday. The body was brought to Portland last night and is at the Holman Undertaking parlors.

Mrs. Cartwright was born in Hancock County, Illinois, December 21, 1842, and crossed the plains with her parents, James and Mrs. Terwilliger, in 1845. Her mother died while the family were making the portage on the north side of the Columbia River from the Upper to the Lower Cascades.

Mrs. Cartwright was a student in the first school in Portland, taught in 1847 by Dr. Ralph Wilcox in a log structure, and in 1848 she was a pupil of Miss Carter, who later became Mrs. Joseph S. Smith. Later she was a student at the Portland Academy and Female Seminary for several years.

She was married to Walter Moffett, April 12, 1860. There were six children as the result of this union, all of whom have passed away except James P. and William H. Moffett. Mr. Moffett died May 20, 1878. She married Charles M. Cartwright, March 8, 1887. Mr. Cartwright died March 25, 1908.

About ten years ago Mrs. Cartwright was severely injured in a runaway accident at her husband's farm in Crook County, and from that date her health was poor.

Since her first marriage her home has been on the corner of Broadway and Madison streets until the last two years, when she and her son, William, have almost constantly lived at Gearhart.

In her early life she was a member of the First Congregational Church, but about 30 years ago she united with the First Unitarian Church. For 15 years she was a chairman of the Woman's Auxiliary of the Oregon Pioneer Association and was elected honorary president three years ago. Funeral announcements will be made later.

ALIMONY SUIT IS FILED

Mrs. B. S. Ensign Charges Husband Has Made Only $50 Payment.

Seeking to force her ex-husband to pay the $75 a month alimony allowed her four years ago by the Superior Court in Seattle, Mrs. B. S. Ensign yesterday filed suit in County Clerk Coffey's office here against B. L. Ensign, who she says is now a resident of Portland.

Mrs. Ensign asks judgment for $3225 with interest at the rate of 6 per cent. This, she declares, is the amount of her accrued alimony. The Seattle court, says the complaint, ordered Mr. Ensign to pay $50 a month alimony for one year and $75 a month thereafter. She declares he has paid her only $50 altogether. The Seattle court awarded Mrs. Ensign custody of their young son, William Ralph Ensign. Mr. Ensign has since remarried.

Mr. Ensign is with the W. J. Clemens Company, of Portland.

Concert at Holladay Park Tonight.

The following programme will be played by the Municipal Park Band at Holladay Park tonight at 8 o'clock, under the direction of W. E. McElroy: March, "Zacatacas" (Zanne); overture, "Il Guarany" (Gomez); waltz, "La Serenade" (Metra); baritone solo, "The Garden of Flowers" (Scott), E. Cioffi; dance of the hours, "Gioconda" (Ponchilla); comic opera, "The Spring Maid" (Reinhardt); serenade, "Les Millions D'Arlequin" (Drigo); celebrated sextet, "Lucia" (Donizetti); finale, "Star-Spangled Banner."

EFFORT TO 'COLOR' CRUISE IS CHARGED

Accusing Letters Are Introduced Against Messrs. Kribs and Jones.

ACCUSER GIVES TESTIMONY

Official Cruise Shows 46,000,000 Feet Less Than Amount of Timber Alleged to Have Been Sold to E. H. Dodge.

With a subpena duces tecum, Attorney Thomas Mannix yesterday varied his attack in court on Frederick A. Kribs and Willard N. Jones with letters purporting to show that efforts were made to have a timber cruise "colored" for the purpose of floating a bigger bond issue.

Three times during the trial before Judge Kavanaugh of the E. H. Dodge case, Mr. Mannix has secured a "subpena duces tecum." This document gives him a license to get what letters or correspondence he wants from the files of the man on whom the subpena is served.

Attorney A. E. Clark, representing Messrs. Kribs and Jones, has declared that these subpenas duces tecum are merely "fishing expeditions" by Mr. Mannix to see if he cannot find something incriminating in the letter files of the defendants.

Kribs Tract Long Troublesome.

This time the subpena was served on H. D. Langille, local manager of the timber-estimating firm of J. D. Lacey & Co., using some of the letters which Mr. Langille had to bring with him as grounds. Mr. Mannix made his charge that an attempt had been made to "color" the cruise.

From the correspondence brought forth yesterday it became evident that the Kribs tract of timber in Skamania County has been a troublesome one for some years. It is on this same piece of land that E. H. Dodge has charged that Messrs. Kribs and Jones defrauded him of $614,060. That is what the present suit is about.

As early as May, 1910, the Kribs tract was giving trouble. At that time Mr. Langille wrote to the head office in Chicago:

"It is a great misfortune that an eruption from Mount St. Helens has not covered the Kribs tract under 1000 feet of lava since I first met our friend Elliott."

Nearly three years later Mr. Langille and his assistants were cruising the tract for Messrs. Kribs and Jones, who are alleged to have wanted to issue $900,000 worth of bonds. F. A. Brewer & Co., Chicago bankers, wanted to lend only $750,000 on the tract.

Cruiser Is Accuser.

On April 2, 1913, Mr. Langille, in Portland, wrote to Mr. Brewer and said:

"I will say frankly that efforts have been made to cause me to color my reports on the entire project."

Mr. Langille was loath to explain just what had happened with regard to an attempt to make him color his cruise. Such things are usual, he said. In many big cruises the cruiser is approached to get him to change his figures, said Mr. Langille.

The letters and reports showed a wide variance between different cruises of the Kribs tract. An official cruise of the tract shows 46,000,000 feet less than the amount said to have been sold to Mr. Dodge by Messrs. Kribs and Jones.

CITY TO BUY IN PROPERTY

Big Tracts Delinquent for Improvements Will Be Sold.

The city will take steps at once to force large holders of property to pay delinquent street and sewer assessments or the sale of the property will be ordered. The city will buy the property offered for sale, provided there are no other purchasers. Before this is done the owners will be given a chance to pay up.

The City Council met yesterday to consider the proposition of forcing property owners to pay up their delinquency. It was found that the greatest part of the delinquency, amounting to more than $1,000,000, is due to 44 owners of large tracts. Steps will be taken against these owners first.

The first sale will be a large part of Kings Heights, provided the company controlling that tract fails to pay up at once on delinquency amounting to nearly $400,000. This property was offered for sale once before, but there were no bidders. The city, it was decided, will be a bidder from now on and will buy in the property.

GRANGE TO TEACH DANCING

Pine Grove Women Introduce Innovation for Juveniles.

HOOD RIVER, Or., July 20.—(Special.)—An innovation in the activities of granges has been inaugurated by the women of the Pine Grove Grange, who on Friday afternoon will conduct the first grange juvenile dancing class. All the children of members of the organization will be taught the art of terpsichore free of charge.

Mrs. R. E. Scott, assisted by Miss Joy Mason and others, will teach the tots. Mrs. C. E. Coffin, Mrs. W. G. Stanton and Mrs. C. King Bennton form the committee that has brought to a realization the grange dancing lessons.

ILLINOIS GOVERNOR IS DUE

Entertainment Planned for Mr. Dunne, Who Is Expected Tonight.

Governor Edward F. Dunne, of Illinois, with his wife and an escorting party of 31, will arrive in Portland tonight at 5:45 and will be here until 8:15, when he will leave over the Southern Pacific for San Francisco.

The Illinois Society will co-operate with the Portland Chamber of Commerce in the entertainment of the visiting party. A trip about the city in autos is planned, to be followed by a dinner in honor of Governor Dunne at the Chamber of Commerce.

Postoffice Robber Here.

Bringing with him Clarence C. McDaniels, the former clerk in the Wallace, Idaho, postoffice, who recently confessed to having stolen $47,000 in cash from the safe of the postoffice in December, 1913, was brought through Portland yesterday by Deputy United States Marshal Mulhall, on his way to Coeur d'Alene, Idaho. Deputy Marshal Mulhall put his prisoner in the County Jail and remained over in Portland last night, because of slight mixup in his railroad tickets, which had to be corrected before he could continue with McDaniels. When arrested, McDaniels was a clerk in the Palo Alto, Cal., postoffice, to which he had been transferred some months ago at his own request. Postal inspectors found $13,000 in currency under a chicken coop in McDaniels' yard after his arrest.

Lake Chelan Booklet Issued.

WENATCHEE, Wash., July 20.—(Special.)—Lake Chelan and its numerous attractions will soon be known to the entire United States. The Great Northern has issued an illustrated booklet on the features of the famous lake. The first edition will number 25,000. The folder contains a dozen halftone cuts of scenes typical of the district.

Auto Stage Runs to Morton.

MORTON, Wash., July 18.—(Special.)—G. L. Blankenship, who operates an auto stage line from Riffe to Chehalis, has started a similar run from Lewis to Morton, although this will not be on regular schedule for the time being, but will be subject to order. He leaves Riffe daily at 7 A. M. and Chehalis at 2 P. M.

Pendleton Child Buried.

PENDLETON, Or., July 20.—(Special.)—The funeral of 2-year-old Mary Jane Dryer, child of Mr. and Mrs. Henry N. Dryer, prominent residents of Umatilla, was held this morning. The infant was the victim of croup, dying at Lehman Springs on Sunday night.

Baptist Women on Excursion.

The Women's Society of the White Temple gave an excursion to Multnomah Falls yesterday. About 325 persons were passengers on the steamer Undine. Captain Hosford took command, and it was one of his typically successful, self-conducted outings, with every detail planned for the comfort of the travelers.

Toppenish Man's Injuries Fatal.

NORTH YAKIMA, Wash., July 20.—(Special.)—Frank Copley, well known here, died yesterday morning at the North Yakima Hospital, of injuries received when his horse fell on him at Toppenish last Thursday. The animal stumbled and Copley's skull was crushed. Up to a few minutes before death Copley continually repeated, "Get up! Get up!"
