

TWO-DAY RESPITE GRANTED BECKER

Court Requests Delay of Execution Until Briefs May Be Read Through.

FRIDAY SET AS DEATH DAY

Counsel for Doomed ex-Police Official Argues for Three Hours on Application for New Trial, Promising New Evidence.

NEW YORK, July 26.—On the request of Supreme Court Justice Ford for more time to consider the application for a new trial made by Charles Becker, under sentence of death for instigating the murder of Herman Rosenthal, gambler, the execution of the ex-police lieutenant was postponed tonight from Wednesday until Friday morning of this week.

Justice Ford today heard arguments for and against the application. At their conclusion he reserved decision and gave counsel until noon tomorrow to file briefs. Tonight the Justice telephoned to Warden Osborne, of Sing Sing Prison, and requested that the execution be postponed. As the electrocution can take place legally any day this week, at the discretion of the Warden, this request was granted.

Witnesses Are Declined.
Justice Ford announced today that he would decide the case as quickly as possible. It was said tonight that he might not finish his deliberations before Tuesday night or Wednesday.

The attempt made by Becker's attorneys to have the condemned man, as well as the authors of several affidavits, alleged to contain new evidence, and the persons mentioned in them, called to the witness-stand in the proceedings, failed for the time being at least. Justice Ford said he saw no necessity for calling witnesses.

"In view of the fact that the state has confessed these affidavits are not new evidence, I propose to accept them on their face value," he said.

Plea Lasts Three Hours.
Justice Ford then fixed tomorrow noon as the expiration of the time for filing briefs, if any are to be filed.

Mr. Cockran spoke for three hours in presenting the application. He reviewed the events prior to Rosenthal's murder, circumstances leading to the confession of Joe Rose, Bridge Weber and Harry Vallou, and the circumstances of the two trials. On this foundation Mr. Cockran presented the alleged new evidence relating to the Sullivan conference and the affidavit made by Joseph Murphy, asserting he had overheard the informers conspire in the "frame" Becker.

NORTHWEST SCHEDULE OUT

Commission Fixes August 14 as Date of Portland Hearing.

OREGONIAN NEWS BUREAU, Washington, July 26.—The Federal Trade Commission will hold hearings in Portland at the Chamber of Commerce August 14, according to an announcement made today by Commissioner Parry. The Northwestern schedule, as completed, follows: Spokane, August 6; North Yakima, August 7; Seattle, August 8 and 9; Tacoma, August 11; August 12, visiting Puget Sound lumber mills; open date, August 13; Portland, August 14; San Francisco, August 16.

Discussing the Commission's plan, Commissioner Parry said the main hearing in the Northwest will be held in Tacoma, in accordance with promises given the West Coast Lumber Manufacturers' Association. J. H. Bloedel, president of that association, is to arrange the programme for the hearing and allot time to those desiring to be heard.

The Commission has decided to hold the principal hearing at Spokane. In accordance with the expressed wishes of the applicants the hearing at Seattle part of the remaining time will be available for the lumbermen.

The lumber hearing at Tacoma will be open principally to members of the West Coast Lumber Manufacturers' Association and to Northwestern shingle manufacturers. Only one day is allotted to the Tacoma hearing, but a later date is kept open in the event it becomes necessary to devote two days to the lumber investigation.

After the conclusion of the lumber hearing the Commission will visit some of the large lumber camps and logging camps to see how lumber is handled and how it is prepared for export.

ALBANY, Or., July 26.—(Special.)—That Will Jennings knocked him unconscious and tossed him to the roadside while he ran off with his wife and his clothes, is the story Edward Lashelle, of Seattle, told the police today. He says he doesn't mind the loss of his wife, but wants his clothes back. The auto in which all rode from Seattle to Albany was stolen by the fleeing pair. Lashelle says. He says Jennings took it from in front of the Liberty Theater in Seattle.

They came up the valley hunting work and found employment last Thursday on a farm near Tangent. Lashelle says Jennings and his wife developed a fondness for each other and trouble culminated Saturday night when all three and a Tangent man took a joy ride to Independence, the nearest source of supply of liquor.

Compels All Impurities To Abandon System

Blood Troubles Can not Remain If Properly Treated.

There is in S. S. S., the famous blood purifier, a property that absolutely compels harmful influences to disintegrate and lose their identity. No matter what they are called, nor how destructive they are there is in S. S. S. a powerful, searching counter influence to annihilate the most eruptive germ, causes the mucous linings to convert it into an inert substance that is quickly thrown out of the blood and out of the body by the skin, lungs, kidneys, bowels, and destroys the liver. There is not a single advance in medicine today that in any sense is an improvement over the recovery from worst cases of S. S. S. Surgery is a wonderful, masterful science, but when it comes to purifying the blood S. S. S. stands alone. Thousands of doctors have prescribed it. Their patients do not always know it is S. S. S. because they leave the treatment to the doctor implicitly. But fair-minded doctors long ago realized that in the vegetable nature of S. S. S. were certain ingredients that to the blood in sickness were just as essential as the flesh-building elements of the grains, meats, fats and sugars of our daily food. The average doctor is humane and of trained intelligence. He has seen the recovery from worst cases of blood trouble by the use of S. S. S. Get a bottle of S. S. S. today of any druggist. Accept no substitute. And if you wish proper advice on any form of blood trouble, write to the Medical Adviser, The Swift Specific Co., 102 Swift Bldg., Atlanta, Ga. It is worth while doing so.
